ANNUAL REPORT OF THE AUDITOR GENERAL

UNDER THE CONSOLIDATED REVENUE AND AUDIT ACT

I have the honour to submit my report for the fiscal year ended March 31, 1927, in accordance with the requirements of the Consolidated Revenue and Audit Act.

CONSOLIDATED FUND

Revenue

As shown in the Summarized Statement of Revenue, pages 73 and 74 of this volume, and as further detailed in the Summaries of Revenue and Expenditure of the various departments, pages 79 to 126, the revenue of the fiscal year ended March 31, 1927, was $400,629,789.16 being an increase of $17,608,962.58 over the previous year; the comparative figures are as follow:—

—	1926-27	1925-26	Decrease	Increase
Revenue: General, Casual, etc.	$390,136,375 26	$372,210,419 81	.....	$17,925,955 45
Interest on Investments	8,559,401 12	8,535,085 77	.....	24,315 35
War and Demobilization Receipts	177,308 76	127,817 52	.....	49,491 24
Miscellaneous Receipts (Public Accounts, Schedule 39 and page 5)	1,756,704 02	2,147,503 48	$390,799 46	.....
	400,629,789 16	383,020,826 58	.....	17,608,962 58

The above amount of $400,629,789.16 agrees with the amount of revenue shown on page 5 of the Public Accounts prepared in the Finance Department. The following items, however, are not included therein:—

Post Office revenue used to pay salaries and allowances of certain postmasters, etc., which are not provided for by a Parliamentary appropriation	$ 6,005,807.73
Customs and Excise Revenue deposited to the credit of the Receiver General but afterwards paid out as Refunds and Drawbacks of duties	20,863,061.73
Refunds of Capital Expenditure detailed on pages O-66, V-123 and W-76 of Volume II of this Report and also shown on page 5 of the Public Accounts	498,251.36
Repayment of advances under Open Accounts as listed on page 74 of this Volume	2,799,069.09

The retention by the Post Office Department of a portion of the gross revenue for the purpose of paying salaries, etc., and the payment of drawbacks, etc., from revenue, referred to above, have been brought to the attention of the House of Commons in previous reports.

Expenditure

Provision was made as follows for an estimated expenditure during the year of $233,907,434.48, which is a decrease of $15,001,084.52 from the estimate for 1925-26:—

Appropriation Acts, Nos. 1 to 4, Session of 1926	$ 58,002,873 18
Appropriation Acts, Nos. 1 to 5, Session of 1927	94,483,627 86
Governor General's Warrants	80,671,982 82
Balances of 1925-26 Appropriations, brought forward under Section 50 of Consolidated Revenue and Audit Act	748,950 62
	233,907,434 48

To this amount should be added an expenditure of $168,105,849.72 incurred under the authority of special statutes (a decrease of $7,450,256.49 from the previous year). The total amount provided, together with the expenditure under special statutes was therefore $402,013.284.20, as against $424,464,625.21 for the fiscal year 1925-26, a net total decrease of $22,451,341.01.

The following is a statement of the expenditure chargeable to the Consolidated Fund for the year ended March 31, 1927:—

—	Ordinary	Capital	Total

The Appropriation Accounts which were transmitted to me by the various departments for audit, in accordance with section 51 of the Consolidated Revenue and Audit Act, are printed on pages 8 to 72 of this volume, certified as prescribed by statute

As shown by these accounts the amounts by which appropriations were exceeded was $222,657, the details under vote numbers being as follow:—

A Parliamentary appropriation will be necessary to cover these over-expenditures.

For the purpose of comparison, the amounts by which appropriations were exceeded during the last three years are given below by services:—

From the above statement it would appear that efforts have been made by the departments to keep their expenditures within the amounts of the appropriations.

Explanations of expenditure in excess of grants, sent me by the responsible departmental officers, are appended to the Appropriation Accounts, and also, with one or two exceptions, explanations of appropriations not used.

I am still of the opinion that I should be in a position to make known to the House of Commons explanations from all departments respecting unused portions of appropriations.

The amount of grants for the fiscal year not used was $35,998,301.07 as compared with $55,016,026.55 for the previous year.

To the Appropriation Accounts are appended audit notes in regard to items of expenditure concerning which objections or observations were communicated to the departments, a precis of the correspondence relating thereto is given in this volume on pages 210 to 223 and they are also referred to on pages x and xi.

The excess of revenue over expenditure for 1926-27 as established by the Department of Finance and shown in the Public Accounts, pages 4 and 5, is $73,024,845.86. The following reconciliation is necessary to bring the figures shown in this report in accord with those given in the Public Accounts.

Revenue, as shown on page 5 of the Public Accounts and on page 74 of this Report:—			
Ordinary			$398,695,776 38
Special			1,934,012 78
			400,629,789 16
Expenditure, as per Auditor General's Report		$366,237,640 13	
Deduct items not included in the Expenditure and Revenue Account in the Public Accounts—			
Open Accounts	$15,262,602 07		
Sinking Funds	3,313,140 77		
Capital Expenditure	20,056,953 99	38,632,696 83	
Expenditure as shown on page 4 of the Public Accounts			327,604,943 30
Excess of Revenue over Expenditure as shown on page 2 of the Public Accounts			73,024,845 86

The total amount of Consolidated Fund expenditure, $366,237,640.13, shown in the above statement, includes $129,675,367.50 interest on Public Debt, and $46,115,513.95 expenditure resulting from the war, details of which, together with a comparison with the previous year, are shown on page ix in this Introduction.

AUDIT OF REVENUE

Further progress is being made with the organization in this office for the examination of methods of accounting, reporting and controlling in relation to revenue, and some improvement has resulted already from my efforts in this direction.

Investigations and inspections were made, during the year, at a number of departmental revenue collecting offices, and it was found that the suggestions made by me previously were being applied and, in some particular cases, increases of revenue may have resulted. More progress could be accomplished, however, were I in a position to assign additional staff to this work.

On page 73 of this volume will be found a summarized statement of the revenue collected during the year, in which the Ordinary Revenue, amounting to $398,695,776.38, is shown by departments, and the Special Revenue amounting to $1,934,012.78 is shown separately. A comparative statement by services of the Ordinary Revenue for the year 1925-26 and 1926-27 will be found on page 76, which shows the increases and decreases by services in the Ordinary Revenue over that of the preceding year.

The net revenue for the year of the Department of Customs and Excise on account of Fines and Forfeitures, including seizures, was $305,899.97 as against $153,114.40 for 1925-26, an increase of $152,785.57 or approximately 100 per cent. Customs seizures account for $147,535.99 of this increase.

The amendments to the Customs Act passed at the last session of Parliament, providing, among other things, greater protection against loss of revenue in cases of sight entries, are referred to in the Precis of Departmental Correspondence on page 214 of this volume.

I would also direct attention to the correspondence with the departments on the following subjects relating to revenue, which will be found in this volume in precis form on the pages indicated:—

Refunds of Duties and Taxes	Page 215
Steamship Inspection Fees not collected	" 220
Obsolete Postage Stamps Destroyed	" 221

Casual Revenue

The total amount of receipts for the year 1926-27 recorded as Casual Revenue was $3,310,632.98, or $242,525.76 less than the total for 1925-26. The details are given by departments in the various sections of Volume II and also in Appendix No. 15 on page 108 of the Public Accounts.

The classification of Casual Revenue, under the same headings as last year, will be found on page 78 of this volume. The comparative figures of this classification are as follows:—

	1926–27	1925–26	*Increase Decrease
Fees, Licenses, Interest, Rentals, Stamps, etc.	$1,657,445 39	$1,385,935 29	*$271,510 10
Proceeds from sales of Properties, Materials, Supplies, etc.	618,771 99	703,329 02	84,557 03
Sundry Receipts	181,959 32	387,603 32	205,644 00
Refunds of Expenditure	852,456 28	1,076,291 11	223,834 83
	3,310,632 98	3,553,158 74	242,525 76

The revenue under the heading of Fees, Licenses, Rentals, etc., shows an increase of $271,510.10. The chief items of this increase are:—

Fruit Car Inspection (Agriculture Department)		$ 23,943 18
Royal Mint—Profit on Coinage	$58,980 64	
Royal Mint—Profit on Refining Gold	66,901 80	125,892 44
Fees, etc., on Private Bills		14,770 69
Radio Licenses		77,141 70
Radiotelegraph Services, East and West Coast		19,511 43
Fees for Charters, etc.		39,751 24

Some of these increases are due to the fact that receipts which were formerly used to augment the appropriations are now deposited to Casual Revenue. The noticeable decreases in revenue were: Rentals, etc., received by the Public Works Department, $29,047.03; and Royalties on patents, $19,622.07; the latter were imposed under a war tax measure which is not now in force.

The decrease of $84,557.03 in the amount realized from proceeds from sales of properties, materials, etc., is chiefly accounted for by the fact that the amount received from the sale of seal skins under the Pelagic Sealing Treaty was

$39,070.42 less, and the sale of surplus and condemned stores of the National Defence Department $50,697.83 less than in the previous year. The balance is made up of small differences.

The reduction of $205,644 in Sundry Receipts is explained mainly by the fact that in 1925-26 the accumulated surplus of previous years of the Printing Branch of the Printing and Stationery Department, amounting to $314,713.87, was transferred to Casual Revenue. To offset this amount there were in the present year a number of increases, the chief of which was $74,551.07, received in settlement of the Rosedale barracks fire loss.

The Refunds of Expenditure show a reduction of $223,834.83, which is accounted for, approximately, by the inclusion of the following amounts in last year's Casual Revenue for which there are no corresponding figures this year:—

British Empire Exhibition (Department of Immigration and Colonization)	$40,122 64
Land Sale (Indian Department)	24,000 00
Outstanding Cheques (Finance Department)	6,712 63
Provincial Government of Alberta (Soldiers' Civil Re-Establishment)	77,481 58
Royal Mint, unexpended balance of annuity	38,131 60

The absence this year of any credit to Casual Revenue for outstanding cheques is due to a change in the mode of operation of this account by the Finance Department. Under the letter of credit system the bank retains funds to meet all cheques issued in a particular year for some 15 months after the end of the fiscal year in which the credit was issued, after which time, upon application, the bank remits to the Receiver General the whole of the amount of the outstanding cheques. The Department of Finance credits the remittance to the Outstanding Cheque Account of the then current year and against this credit all outstanding cheques presented for payment are debited, even though they pertain to a prior year. Previous to the year 1926-27 the balance of this account was transferred annually to Casual Revenue, but at the end of that year the balance of $10,600.64 was left in the account and will appear as a liability in the Public Accounts. It will be observed that by the former method the sums credited to Casual Revenue are in fact liabilities that are not shown as such in the Public Accounts, and as this procedure has been in operation for many years the total liability for outstanding cheques which have been transferred to Casual Revenue must be very considerable. In my opinion, the amount of this liability should be shown in the Balance Sheet of the Dominion.

I am still of the opinion expressed in my last report that many of the items now regarded as casual revenue, which are collected year after year under the authority of Acts of Parliament and of Government regulations, should be treated as regular and not casual revenue. The following are some of the items referred to:—

Fees imposed under Acts of Parliament in connection with inspection of Cattle, Fruit Cars, Seeds, Feed and Fertilizer and Certificates of Export Cattle—Department of Agriculture	$ 79,168 18
Sales at the various Experimental Farms	173,843 10
Rents for Public Buildings—Public Works Department	95,006 93
Charter Fees—Secretary of State	270,358 00

The classifications of revenue, to be informative to the public, should show, under separate headings, all permanent classes of revenue. The grouping of various kinds of revenue, some of which are important, under the heading

of Casual Revenue does not permit the presentation of comparative statements that would be illuminative to the study of the varied sources of revenue.

Disbursements from Revenue without Parliamentary Authority

In each of my preceding reports I drew attention to the diversion of revenue receipts which were used to pay certain expenditures instead of being deposited to the credit of the Receiver General. The two cases specifically instanced on page v of my last report appear again in the accounts of this year, no change in the practice having been made.

An additional instance of the use of revenue receipts to meet expenditures occurs in the transactions of the Post Office Department of which mention has already been made in this report.

AUDIT OF EXPENDITURE

Further progress has been made in the extent and thoroughness of the audit of expenditure notwithstanding that I am still labouring under the handicaps to which reference was made in previous reports. This will be observed by a close study of the matters and information contained in my present report, and by comparison with those of previous years.

As already set forth in the chapter on Consolidated Fund Expenditure, the total expenditure for the year, of $366,237,640.13, as reported herein, is made up as follows:—

Consolidated Fund Expenditure, including payments charged against Open Accounts	$346,180,686 14
Capital Expenditure	20,056,953 99
	366,237,640 13

This expenditure is shown on page 4 of the Public Accounts as follows:—

Ordinary Expenditure	$319,548,172 59	
Special Expenditure	8,056,770 71	
		327,604,943 30
Capital Expenditure		20,056,953 99
		347,661,897 29

The explanation of the difference of $18,575,742.84, between these two amounts, will be found on page 5 of this volume. The following general statements relating to the expenditure of the year appear on pages 2 to 7 of this volume:—

Summarized Statements of Grants and Expenditure by Services.
Comparative Statement of Expenditure by Services.
Summarized Statement of Grants and Expenditure by Departments.

A classified statement of the expenditure by each department is given in Volume II, at the end of each part. These departmental classifications have been consolidated in a general Summary of Classification of Expenditure which will be found on pages 128 and 129 of this volume. The system of classification followed is that introduced in my last report, which is now standardized and which it is proposed to adhere to in future. The work of compiling such a classification of the expenditure should more properly be that of the

several departments, but in that case and in order that this can be satisfactorily effected, their accounting records would have to be kept on somewhat the same basis of co-ordination and of grouping of the appropriation accounts and of the expenditure connected thereto. The totals of each class of expenditure are given below with a comparison with the corresponding figures for 1925-26:—

In the following table the expenditure for the year is classified under six leading headings, as in previous years, and a comparison is given between the percentages for 1926-27 and those for 1925-26. While these percentages will be both interesting and informative it should be borne in mind that, as they are based on a different total expenditure for each year, a higher percentage does not necessarily indicate an increased expenditure.

The expenditures during the year that may be regarded as resulting directly from the war, are given below in comparison with those for 1925-26. Interest on any part of the Public Debt that may be attributed to the war is not included in the amounts shown.

Owing to the extension in the international relations of Canada which has taken place in recent years, the expenditure in connection with foreign representation has correspondingly increased. The expenditures of this nature during 1926-27 are given below with a comparison with those of 1925-26. The expenses of maintaining the Commercial Intelligence Service and foreign agencies of the Immigration Department are not included in this statement nor is the expenditure in connection with the International Joint Commission and the Negotiation of Treaties.

The decrease in the expenditure of the High Commissioner's office in London, England, is accounted for by the fact that no rent was paid during the year, the office being now in the Canada Building, which is the property of the Canadian Government.

As no change has been made recently in the classes of claims which are submitted to me for examination before payment, the proportion of the expenditure, exclusive of Election accounts, subjected to pre-audit was practically the same as in the preceding year. The principal claims that are examined in this office before payment are: Civil Government Salaries and Superannuation Allowances, payments on account of works done under contract involving large amounts, election accounts, all claims for Mail Subsidies and Steamship Subventions under the Trade and Commerce Department, payments made outside of Canada, the majority of payments from Open and Trust Accounts and all payments of $25,000 or over, including Customs and Excise Drawbacks and Refunds.

Following my established policy of making as many examinations as possible at outside offices of departments, a number of the offices of the more important departments were visited during the year. I was unable, however, to make as many of these examinations as I desired, as in addition to having to effect the usual audit and to respond to the demands made on this office for

work of a special nature, such as the pre-audit of Remissions of Excise tax on automobiles, etc., I had to complete the introduction of the new methods of compilation and preparation of my annual report, which had been begun in previous years, and also to attend to the considerable additional work of examining the accounts in connection with the elections of two consecutive years, referred to in a subsequent chapter of this report.

The following additional information may now be given with reference to a number of the matters dealt with in the precis of correspondence published on pages 235 to 246 of Volume I of my last report; the other matters dealt with in that precis remain as previously reported.

Page 239.—Indian Affairs Department—Advance for Travelling Expenses.—This money was given to an Indian from a British Columbia reserve, who had come to Ottawa to take up a private grievance with the department and who, being without funds to pay his return passage, had become a charge on the department: the payment was made from the trust funds of the band to which the Indian belonged.

Page 240.—Employment of Temporary Clerk by Marine and Fisheries Department without authority from the Civil Service Commission.—This clerk is still employed by the department.

Page 240.—Prince Rupert Drydock and Engineering Co.—An accounting for the amount of $40,000 held in trust by A. R. Tibbits and W. E. Hodge has been promised by the department at an early date.

Page 241.—Short Collection of Steamboat Inspection Fees—$50 of the amount in question was received in 1926-27, and the Marine and Fisheries Department considers that no further action should be taken towards the collection of the $100 still outstanding.

Page 241.—Wharfage Revenue at Sault Ste. Marie.—No change has been made in the period at which the collections are deposited to the credit of the Receiver General.

Page 242.—Amounts due the King's Printer by Departments.—The amount due by departments on March 31, 1927, was $47,238.87, which is $196,181.02 less than the amount of $243,419.89 due on March 31, 1926.

Page 245.—Vote 129, Surveys and Inspections, Railways.—My objection to charging against this vote certain items which did not appear to be of the nature of either Surveys or Inspections has been met by the wording of the corresponding vote for 1927-28 being changed to "Miscellaneous Services".

I wish to direct the special attention of the House of Commons to some of the matters relating to the transactions of the year 1926-27 which have been the occasion of an exchange of correspondence between this office and the several departments. A precis of such correspondence is published for the information of the House on pages 210 to 223 of this volume. In it irregularities and divergencies of opinions are referred to upon which it is most desirable the House should pass judgment, as otherwise no direction is received, either by the departments or by the Auditor General, as to the course to be followed in dealing with cases of a similar nature which may occur in the future. In addition to the cases dealt with in the published correspondence, numerous matters were brought to the attention of the departments and were settled satisfactorily both to this office and to the departments concerned. A few of the questions raised are specially referred to in other chapters of this report. Among those

which are not thus specially dealt with and to which special attention is requested are the following:—

1. On page 213, and also on pages 217 and 218, are references to cases in which the value of living and residential allowances to Government employees has not been determined in accordance with the Superannuation Act, with the result that the full amount of superannuation abatements was not deducted.

2. On pages 218 and 219 will be found the substance of correspondence with the Clerk of the House of Commons regarding a payment, to which I made objection, of $1,193.54 to Hon. Mr. Duff as Deputy Speaker from December 13, 1926, when his successor was elected, to March 31, 1927.

3. As payment by cheque of all claims has been the accepted rule in Federal affairs for many years, I drew the attention of the Department of Marine and Fisheries to the practice of paying the wages of the crew of the St. Lawrence dredging plant in cash; the department explained that under the peculiar conditions which existed, payment by cheque was not considered practicable. No change in the mode of payment has been made. A precis of this correspondence is given on page 219.

4. References to questions raised in connection with payments for works executed under contract will be found on page 221 under the Public Works Department and on pages 222 and 223 under the Trade and Commerce Department.

5. As I have taken the stand that all grants for which no accounting is required should be made only under the authority of Parliament, I questioned the payment of an amount of $1,150 as a grant to the Mounted Police Fine Fund; the Commissioner stated that parliamentary authority would be obtained for any similar grants in the future. The correspondence on this subject is summarized on page 222.

6. The refunding or remission of duties or taxes very frequently raises questions as to the authority for such refunding or remission, and considerable difficulty is met with in a number of cases; reference is made on pages 215 and 216 to three instances in which information was requested and received from the Department of Customs and Excise. On page 222 appears an opinion of the Department of Justice as to the power of the Governor General, acting under his prerogative, to remit fines and penalties.

On page 201 of Volume I of this Report is printed correspondence with the Treasury Board dealing with the subject of insurance on motor cars. Following my letter the Treasury Board passed a Minute which was approved by the Governor in Council whereby the policy of the Government to underwrite its own risks was extended to include insurance of all classes in connection with government-owned automobiles.

With regard to the audit of cheques in payment of interest on fully registered Dominion Bonds, mentioned in my last reports, the official of this office in charge of the examination of the accounts of the Department of

Finance, reports: "The matter of improving the audit of payments of interest on the public debt has been advanced to a point where an understanding has been arrived at that will place the audit of these payments on a satisfactory basis. Statements covering the interest accounts for the year 1927-28 are now being prepared by the department for the purpose of this audit. As soon as these are received steps will be taken to put a more effective audit in operation on interest payments."

Governor General's Warrants

At the dissolution of Parliament on July 2, 1926, interim supply had been granted to the extent of only one-fourth of the amount of the main estimates, or barely sufficient to meet the requirements of the departments up to June 30. In order to carry on the public service until such time as the new Parliament assembled recourse was had to Governor General's Warrants as a means of providing the necessary supply. Between the dissolution of Parliament on July 2, and the assembling of the new Parliament on December 9, 1926, twenty-three (23) Governor General's Warrants were issued, the total amount of the warrants being $80,671,982.82. Seven of these warrants, amounting to $78,425,-063.07 were for general services under all departments and the remaining sixteen, amounting to $2,246,919.75, were for single and separate services. Of the total amount provided by the warrants $79,758,098.74 was for services for which provision had been included in the main estimates and $913,884.08 was to make provision for items which had not been included in the main estimates, the details of which were shown in the revised estimates for 1926-27 submitted to the House immediately after Parliament convened.

Supply for five months, from July to November inclusive, was provided by the warrants for general services, supply for one month at a time being granted. These warrants were based on statements submitted by the departments to the Finance Department for revision and approval. The departments were instructed that these statements should include only amounts urgently and immediately required for services included in the main estimates and other urgent work for which provision was required to be made. They were further required when applying to this office for the issue of a credit to list in their applications the various services with the amounts of credit desired on account of each service; and while this office had no direct control over the cheques issued by the departments, the monthly statements of letter of credit cheques issued were closely scrutinized to see that no payments were made on account of services which were not authorized by the warrants or in excess of the amounts so authorized.

Immediately after the assembling of Parliament a Supply Bill was passed for the balance of the main estimates for 1926-27, after deducting the amounts previously voted as interim supply and the amounts granted by the Governor General's Warrants. This Supply Bill was assented to on December 15, 1926.

The statement by the Auditor General of expenditures under Governor General's Warrants, called for by the Consolidated Revenue and Audit Act, was presented to the House of Commons on December 14, 1926.

Payments Which Did Not Occur Within the Period of the Account

Subsection (e) of section 61 of the Consolidated Revenue and Audit Act directs that in reporting for the information of the House of Commons the result of the examination of the appropriation accounts, I shall call attention *inter alia*

to every case in which a payment charged did not occur within the period of the account. This subsection has been interpreted as a direction to report all cases in which payments have been made during a fiscal year of claims which had accrued and become due before the beginning of that year. As pointed out in my previous report, so long as the amendment of 1922 to section 50 of the Consolidated Revenue and Audit Act remains in force, similar payments will be made each year. The large number of such payments, which are included in the general details shown in Volume II, precludes the reporting of each separate item, but the total amount of such payments during the year may be stated as being somewhat over $2,000,000.

Deferred Payments

Reference was made in previous reports to payments on the following buildings, purchased by the Government for office accommodation, to be paid by annual instalments:—

Grant Garage, Montreal, for Ordnance Stores,
Lavut Building, Montreal, for Postal Station " G ",
Daly Building, Ottawa, for departmental offices,
Ottawa Wine Vault Building, Ottawa, for Public Works Workshop,
Caswell Building, Saskatoon, for Armoury.

The various instalments falling due during the year were paid, thereby leaving a balance unpaid of $603,694.87 on March 31, 1927, on an original commitment of $1,702,640.19. In addition to the regular payments which have been made on these buildings, $1,882.05 has been paid by the department as interest on overdue instalments.

A similar agreement was made during the fiscal year 1926-27 with the Westmount Armoury Association. This Association erected an armoury in Westmount, Que., with funds derived partly from private subscription and partly from a twenty-year mortgage of $140,000. The armoury was leased to the Department of Public Works on a rental purchase basis, the department to make semi-annual payments of $6,312.15 during a period of twenty years, when the amounts so paid will have retired the mortgage. On completion of the payments, the title to the property passes to the Government with the restriction that the building must continue to be used for military purposes. During the fiscal year 1926-27 the sum of $12,624.30 was paid, being the amount due under the agreement.

Application for a Credit at the Bank in Excess of Amount Voted

Application was made for a credit at the Bank of Montreal in favour of the Department of Soldiers' Civil Re-Establishment in excess of the amount voted by Parliament.

It was explained to me that the excess expenditure, which amounted to $114,094.10, was due to the fact that the number of pension claims dealt with by the Board of Pension Commissioners during the month of March and transmitted to the department for payment was much greater than was anticipated when the Supplementary Estimate was prepared.

As cheques to the amount of the excess, signed by the proper departmental officials, had already been drawn on the bank and issued to pensioners I certified to the issue of the credit and to the re-payment to the bank of the excess amount.

The Department of Finance agreed with me that, under the exceptional circumstances which caused the excess expenditure, the authorization of the credit asked for was unavoidable.

Elections

Total payments amounting to $1,844,479.31 were made during the fiscal year on account of elections, of which $1,623,723.15 was for the general election held in September, 1926. The duty of receiving and returning candidates' election deposits also devolves upon this office. The sum of $15,200 was forfeited to the Receiver General by those candidates at the general election of 1926 who did not receive the necessary number of votes to save their deposits. The nature and the conditions under which these accounts are incurred call for very close scrutiny before payment.

The effectiveness of the audit is evidenced by the fact that of the great number of claims dealt with, some were disallowed altogether while others were reduced, in some cases very considerably.

By securing more office space, which permitted the employment of a greater number of clerks on this work, delay similar to that experienced in dealing with the accounts of the preceding election was avoided. This is evidenced by the fact that 64,210 cheques were issued during the first two months following the election of 1926, or 30 per cent more than were issued during a similar period after the election of 1925, and over 82 per cent of the total expenditure on the 1926 election was paid before November 30, 1926.

As a further evidence of the large amount of detailed work involved, it may be interesting to mention that 97,429 letters were written, of which 66,578 were sent out during the months of October and November, 1926.

In addition to temporary employees engaged on these accounts, whose salaries, amounting to $15,407.74, were charged directly to elections (see Vol. II, page N-66), twenty-seven (27) permanent employees of my department attended to this work during an average of six months; their salaries, amounting to $23,325.85, are included in the Civil Government salaries of this office shown in Volume II, Part BB, of this report.

The increase over last year in the amount of salaries paid is due to the fact that the work left over from 1925 elections had to be completed in 1926 and all records for both elections brought up to date.

Automobiles and Operating Costs

The expenditure during the year for new automobiles, automobile repairs, renewals, etc., was $484,388.69, as shown in a statement on pages 128 and 129 of this volume, which is $140,959.91 greater than the corresponding expenditure for 1925-26, an increase of 41 per cent. The cost of gasoline and lubricants is not included in the amount for either year.

As the use of this mode of transportation in the various services is increasing so rapidly, I repeat here the opinion expressed in my last report that it is essential, in the interest of economy, that a more efficient check be placed thereon and that systematic records be kept by all departments of the mileage operated by each car with the expenditure on gasoline, repairs and renewals, etc. I understand that records of this nature are maintained in a few of the departments and that a considerable saving has been effected thereby.

British Empire Exhibition

Since the close of the fiscal year 1925-26 refunds amounting to $11,085.59 have been received on account of the expenditure by the Immigration Department in connection with the British Empire Exhibition at Wembley and deposited as Casual Revenue. These refunds, which represent proceeds of sales of materials, unexpended balances of advances, etc., reduce the net cost to Canada of the exhibition from $1,243,108.51 as shown on page xiii of my report for 1925-26 to $1,232,022.92. The cost of maintaining the Canadian Section during the second year of the exhibition (1925) is not included in the above amount as such cost, amounting to £59,427-3-6 or $284,270.22, was met by the British Empire Exhibition, Wembley (1925) corporation, in accordance with a special agreement entered into between the government and that corporation.

The books of account and other records mentioned in my last report as having been received have been audited in this office. An endeavour was made to check the exhibits, etc., returned to Canada at the close of the exhibition against the inventory of goods on hand but this was found to be impracticable. A recommendation has been made to the department that the ultimate disposal of inventoried articles should be carefully checked at a later date and reported upon.

Experimental Farms

In my report for 1925-26 I stated that the method of collecting and accounting for the revenue at a number of experimental farms in Eastern Canada had been examined and reported upon by an officer of my department. The principal practices to which I then took objection were with regard to Exchange Accounts and Returnable Revenue.

From an inspection made recently of six of these farms, it would appear that the system of Exchange Accounts has been discontinued.

No change or improvement, however, was found to have been made as regards the system of Returnable Revenue, under which a considerable part of the receipts, instead of being deposited to the credit of the Receiver General as revenue, is credited to the appropriation and re-expended without parliamentary authority. This practice in my opinion is a direct contravention of section 35 of the Consolidated Revenue and Audit Act.

With the further exception of the need of a considerable improvement in the method of accounting for the expenditure under advances made by the department to its officials, the recommendations made by me after the first inspection appear to have been adopted.

The net cost of operating the entire system of farms during the year, as determined by the excess of the gross expenditure over the proceeds from sales, was $1,444,286.50 which is $7,012.39 less than the net cost for the preceding year. A summary of the revenue and expenditure of the Dominion Experimental Farms will be found on page 186 of this volume.

Hudson Bay Railway

Surveys for a line of railway from The Pas to Hudson Bay, were begun in 1908 and the first contract for construction work was awarded in 1911 to J. D. McArthur. Construction work was carried on until 1918 when, owing to conditions arising out of the war, it was discontinued.

Under authority of an Order-in-Council, (P.C. 115, dated January 20, 1923) passed pursuant to the provisions of the Canadian National Railways Act, 1919, Section 11, the management and operation of the Hudson Bay Railway was entrusted to the Canadian National Railway Company.

A later Order in Council (P.C. 974, dated June 25, 1926) provided that:—

(1) The management and operation of the Hudson Bay Railway entrusted to the Canadian National Railway Company be terminated and withdrawn from the Company as from April 1, 1926.

(2) Authority be given to the Minister of Railways and Canals to enter into an agreement with the Canadian National Railway Company for the execution, as agent of the Department of Railways and Canals, of the works of construction and betterments of the Hudson Bay Railway.

Accordingly, an agreement was entered into with the Canadian National Railway Company whereby the work of construction and betterments was to be carried out and payments made, in the first instance, by the company, the department agreeing to reimburse the company after due audit of the accounts and pay-rolls.

Owing to certain difficulties in obtaining adequate proofs of payment necessary to a proper audit at Ottawa, I sent one of the officers of my department to Winnipeg to make an audit of this expenditure at the Winnipeg office of the Canadian National Railways, and also to enquire into the system adopted by the department to insure that all materials charged for were actually received and applied to the work in progress. A complete report in this connection is being prepared and in the meantime it may be stated that the departmental system of audit and control of expenditure was found to be adequate and all departmental instructions appeared to be carefully observed.

The total capital cost of the Hudson Bay Railway (including Port Terminals) to March 31, 1926, as detailed in the Auditor General's reports, 1908-09 to 1925-26, was $20,732,679.86 (see Public Accounts, 1925-26, Schedule "F," Hudson Bay Railway $14,411,954.86, Port Nelson Terminals $6,320,725). The expenditure incurred on construction and betterments for the fiscal year 1926-27 was $2,825,454.40. Details of this expenditure are shown in Volume II, part W, Railways and Canals Department, pages 54 to 56.

Imperial War Graves Commission

The amount of $799,767.24 shown on page Q-64 of the second volume of this report as having been expended in connection with the Imperial War Graves Commission, together with the amounts expended in this connection in previous years is in full settlement to March 31, 1927, of Canada's share of the expenses of the construction work and care of military cemeteries and war graves in all parts of the world and of her contribution towards an Endowment Fund of £5,000,000 to provide for maintenance in perpetuity. For the current year and for each of the three and one half following years an annual appropriation of $573,780 will be required, after which it is anticipated that no further contribution will be necessary.

King's Printer's Advance Accounts

In my reports for the years 1924-25 and 1925-26 I drew attention to the manner in which the King's Printer's Advance Accounts had been dealt with in the past and pointed out that in my opinion the method followed did not conform to the provisions of the Public Printing and Stationery Act, especially as regards the amount of the advances made from time to time to the King's Printer. This matter was formally referred by me to the Treasury Board and the question raised with respect to the amount of the advances to the King's Printer was submitted by the Treasury Board to the Department of Justice. The Deputy Minister of Justice was of the opinion that my contention was well founded.

The opinion of the Justice Department was received too late to permit of the introduction at the last session of Parliament of the legislation necessary to cover the question raised. Accordingly, in order to avoid a possible cessation of work in the Printing Bureau, it was agreed by the Deputy Minister of Finance and myself that we would, for the present, assume joint responsibility for the authorization of advances beyond the statutory limit of $200,000, on the distinct understanding that the King's Printer keep the adverse balance down to the lowest possible amount. The total debit balance of $741,568.71 on March 31, 1926, was reduced to $572,345.39 at the end of the fiscal year under review; although the latter balance is $169,223.32 less than that of the preceding year, it still exceeds the statutory limit by $372,345.39.

The amount of printing and stationery supplies obtained during the year by the various departments otherwise than through or with the approval of the King's Printer was, with the following exceptions, confined to minor purchases chiefly of an emergency nature. Instances of cases in which I had occasion to draw the attention of a department to the statutory provision will be found on pages 214 and 220 of this volume. Supplies required for such offices and agencies of departments as are situated outside of Canada are obtained, as a rule, locally without reference to the King's Printer; as no provision for such purchases is made in the Public Printing and Stationery Act I consider it advisable that the Act should be amended so as to legalize this practice. Orders for the printing required in connection with the Dominion Elections, such as voters' lists, proclamations, ballots, etc., are issued direct to local printing establishments by the revising officers or returning officers under the authority of the Elections Act; these accounts, which in 1926-27 amounted to $290,619.31, are examined and taxed in this office, and it is only in cases of doubt as to the reasonableness of the charges that claims are submitted to the King's Printer for taxation.

The amount paid during the year by the King's Printer for printing, lithographing, etc., ordered by him and done outside the Printing Bureau was $249,193.06; the corresponding amount for 1925-26 was $252,576.91.

As required by the Public Printing and Stationery Act I caused an examination to be made at the Government Printing Bureau of the stock on hand and of the stores records, and with the exception of certain differences between the stores ledgers and the stock on hand which the department is investigating, the result of the examination was satisfactory.

Statements of the King's Printer's Advance Accounts for the Printing Branch and for the Stationery Branch will be found on pages 154 and 155 of this volume.

Legal Expenses, Disbursements and Taxed Costs

The customary statement of legal expenses, etc., paid during the year, appearing on pages 169 to 175 of this volume, shows the total amount paid to each legal firm or lawyer and the amount paid by each department. I have, this year, separated the payments of costs taxed against the Government from the payments for legal services and disbursements, the total amounts being:—

Legal services and disbursements	$373,707 18
Taxed Costs	12,249 88
	$385,957 06

This amount is greater by $161,961.26 than that expended in 1925-26. The principal increases were in the following departments:—

Customs and Excise (National Revenue)	$23,760 18
Finance	59,295 21
Justice	31,652 47
Legislation	21,284 80
Marine and Fisheries	23,450 21
Railways and Canals	16,856 16

The increases under Customs and Excise, Finance and Legislation were practically all due to expenses in connection with the Customs Inquiry. The increase under Justice was due to several special cases, including the Eskimo murder trials, the Labrador Boundary Case, the Athabaska Election Inquiry and an appeal to the Imperial Privy Council with regard to the Lord's Day Act. The increase under Marine and Fisheries may be explained by several amounts which were specially voted for professional services in various cases and the increase under Railways and Canals is due to two appeals to the Imperial Privy Council.

The largest reductions were $7,243.99 under the Indian Affairs Department and $17,150.77 under Trade and Commerce.

Loans, Subsidies and Grants, Allowances and Contributions

I would draw attention to my remarks in preceding reports, in which I expressed the opinion that the payment of grants, for which no accounting is required, should be authorized by Parliament. Considerable improvement in this matter has been noted, since, in a number of the general votes, a clause was inserted authorizing the payment therefrom of grants for specified purposes; such payments are still made, however, from general votes containing no permissive clause.

In the statement of Loans, Subsidies, etc., given on pages 167 to 169 of this volume, I have indicated in each case, by the use of italic letters of reference, whether the payment was authorized by a special vote or was paid from a general vote with or without an authorizing clause.

The total amount of the payments of this nature during the year was practically the same as in the preceding year, with the exception of amounts advanced to Harbour Commissioners which are less by approximately $8,100,000.

Relief to Creditors of Home Bank

Further progress was made in settling the claims of the creditors of the Home Bank under the authority of the Home Bank Creditors' Relief Act of 1925. During the year the following payments were made against the amount of $3,000,000 authorized by the Act:—

Advances to the liquidators for disbursement in accordance with the provisions of the Act	$250,000 00
Advances to Hon. A. K. MacLean, Commissioner under the Act, for expenses	5,000 00
Murphy & Donald, Toronto, for legal services	1,775 87
Total disbursements in 1926–27	256,775 87

The payments previously made, under this Act, are shown on page xv of the Introduction to my report for the year 1925-26, and the following statement, in summarized form, shows the position of this grant from its inception to March 31, 1927.

Total advance authorized by Act		$3,000,000 00
Disbursements thereunder—		
Liquidators, G. T. Clarkson and I. E. Weldon	$2,750,000 00	
Commissioner Hon. A. K. MacLean, for expenses	25,000 00	
Murphy & Donald, Toronto, for legal services	2,858 50	2,777,858 50
Available balance		222,141 50

The claims of the creditors are divided into two classes (1) over $500, (2) under $500, both classes being paid by the liquidators, but the Act requires that claims of the former class be investigated by the Commissioner before payment.

The audit of the payments by the liquidators was carried out from time to time following the receipt at this office of the statements of disbursements supported by proper vouchers, but no statements or vouchers have been received as yet in respect of payments to creditors whose claims exceed $500.

Claims under $500, amounting to $901,529.34, have been examined in the Department of Finance and in this office, for 1926-27, leaving a balance of $1,848,470.66 still to be accounted for by the liquidators.

Vouchers for disbursements amounting to $14,258.96, paid out of advances of $25,000 made to the Commissioner, were examined by me. The balance still remains to be accounted for by him. Details of these expenses are shown in Vol. II, Part F, page 24.

Remission of Excise Tax on Automobiles

Provision to the amount of $1,690,000 was made in the estimates of the Customs and Excise Department (1926-27, Vote 348) for remission of excise tax paid on automobiles remaining in the hands of dealers and unsold at the time when such tax was repealed by Order in Council, December 18, 1920.

The expenditure during the year from this vote was $1,549,207.90. The payments making up this amount, including simple interest at 5 per cent per annum for six years on the amounts allowed on the original claims, were authorized by the Governor in Council. Payments were made as follows: to manu-

facturers, $482,923.19; to dealers, $796,746.12; to J. R. Dixon, Ottawa, $206,-015.15, being a 15 per cent commission assigned to him by manufacturers and dealers; to the Receiver General on account of arrears of Business Profits and Excise Taxes due the Crown by certain manufacturers and dealers, $63,523.44.

Officers of my department made an audit of this expenditure at the Department of Customs and Excise before payment was made, in order to be assured that the claims were in accordance with the terms of the Order in Council. Details of this expenditure are shown in Volume II, part D, Customs and Excise Department, page 123.

Special Preventive Service

The estimates of 1926-27 (Vote 349) made provision to the amount of $350,000, to be expended in the investigation of reported frauds on the revenue, and in the purchase of automobiles and the purchase or hire of vessels to be used in the prevention of smuggling.

The expenditure during the fiscal year charged to this Vote was $244,308.16, the details of which are given in Volume II, part D, pages 111 to 113, and may be summarized as follows:—

Chartering and maintenance of patrol boats in Maritime Provinces and purchase and maintenance of automobiles, etc.	$121,945 74
Salaries and travelling expenses	98,077 47
Investigations	24,284 95
	244,308 16

All paid cheques issued against advances to the Chief Preventive Officer, which formerly were retained in the department, are now forwarded to me for examination and audit.

As the special preventive service is, to a great extent, of a confidential nature, the names of those receiving payments are not published.

Unforeseen Expenses

The expenditure during the year from the vote of $60,000 for Unforeseen Expenses was $24,605.31, which is $6,086.55 less than the expenditure from the corresponding vote for 1925-26. The varying character of the disbursements made from the vote for Unforeseen Expenses does not permit of any satisfactory explanation being given of the differences in the amounts of the expenditures from one year to another. The principal expenditure during the year from this vote was $14,055.42 in connection with the visit to Canada of the premiers of Australia and New Zealand. The amounts expended out of this vote by the various departments are shown on page 33 of this volume, and the details will be found in the several parts of Volume II, included in the details of the departmental expenditures. As called for by the terms of the vote, all these expenditures were authorized before payment by the Governor in Council.

Welland Ship Canal

This work, which has been in progress since the latter part of the year 1913, is now well advanced. The contract for the construction of the last sub-section, a short stretch of canal prism 1,300 feet in length, known as 4B, was awarded to Johnston P. Porter on July 28, 1926.

The net expenditure incurred on construction during the fiscal year 1926-27 was $13,846,477.92, being the amount expended under Votes 106 and 107 less $142,483.82 refund of previous years' expenditure. The total net cost to March 31, 1927, was $76,579,030.80. Details of the expenditure for 1926-27 are shown in Volume II under Railways and Canals Department, Part W, pages 56 to 65 and 76.

Canada Highways Act

The details of expenditure under the provisions of the Canada Highways Act will be found in Volume II, under Railways and Canals Department, Part W, pages 22 to 25. The amount paid during the fiscal year 1926-27 was $346,496.52, which was $1,302,832.17 less than the expenditure of 1925-26. Of the total amount of $20,000,000 authorized by this Act, $18,775,604.25 had been paid to the various provinces up to March 31, 1927, leaving an unexpended balance of $1,224,395.75 available to the provinces as follows: Ontario, $53,-269.37; Manitoba, $257,045.27; Saskatchewan, $121,860.93; Alberta, $792,220.18. Under existing legislation these balances will not be available after March 31, 1928.

Indian Commissioner's Greater Production Account

In the introduction to my Report for 1925-26 reference was made under the head of "Diversion of Revenue" to the Indian Commissioner's Greater Production Account at Regina. During the summer of 1926 an examination into this account was made by an official of this office, following which, recommendations, referred to on page 216 of this volume, were made for the establishment of a more adequate accounting system.

The Greater Production Scheme was inaugurated in the spring of 1918 on the authority of an Order in Council passed on February 16, 1918, under the War Measures Act, the object being to utilize vacant Indian lands in the provinces of Manitoba, Saskatchewan and Alberta with the view of increasing the production of grain and live stock. A commissioner was appointed for the purpose of carrying out the scheme, and was assigned certain duties and powers. Advances amounting to $362,000 were made from the War Appropriation to provide for the expenditures necessary for the undertaking which were to be refunded from the proceeds of the operations as they might accrue. In January, 1922, an Order in Council was passed rescinding the former Order relative to the Greater Production Scheme.

Farming operations were begun on a number of Indian reserves early in 1918 and were continued for some years but the number of farms operated was gradually reduced until 1922 when the only one so operated, which is still in operation, was that situated on Muscowpetung's reserve in the Qu'Appelle agency.

All transactions connected with the operation of the scheme have been dealt with through a special Trust Account maintained at Regina. All moneys received were placed in this account and all disbursements were charged against it. In 1922-23, $200,000 of the original advance of $362,000 was refunded and a further amount of $150,000 in 1923-24. An additional amount of $57,329.03 was remitted representing accrued profits to December 31, 1923; this amount was subsequently placed, under parliamentary authority, to the credit of a

special open account to be expended in the interest of Indians as directed by the Treasury Board. Statements of the transactions during 1926-27, in these two accounts, will be found on pages 142 and 144 of this volume.

The transactions in connection with this scheme, from its inception in 1918 up to the present time, may be summarized as follows:—

RECEIPTS—		
Advances from War Appropriations	$ 362,000 00	
Sales of grain, stock, equipment, etc	1,117,527 41	
Bank interest on deposits	20,024 70	
		$1,499,552 11
DISBURSEMENTS—		
Operating expenses	996,543 75	
Office and General expenses	52,620 11	
Commissioner's House	19,446 11	
Refunded to War Appropriation	350,000 00	
Profits to December 31, 1923, surrendered	57,329 03	
		1,475,939 00
Balance on hand, March 31, 1927		23,613 11

The profits arising from the operations for the nine years ended March 31, 1927, may be stated as being $95,423.99, made up as follows:—

Profits to December 31, 1923, surrendered		$ 57,329 03
Balance on hand, March 31, 1927		23,613 11
Proceeds of 1926 crop (sold June, 1927)		26,481 85
		107,423 99
Less: Balance of advances from War Appropriations (repaid in June, 1927)		12,000 00
		95,423 99

The above figures do not include the value of any stock and equipment held in connection with this scheme. The cost of a house bought in 1918-19, at Regina, for the Commissioner, $12,500, all repairs and expenses in connection therewith, since that date, amounting to $6,946.11, also a considerable part of the expenses of the Commissioner's office at Regina, charged to this scheme during the earlier years, should have been paid from the Indian Affairs Department's appropriation and not made a charge against the Greater Production Scheme. In 1926-27 only a small amount which should have been charged to the departmental appropriation was debited to this account.

As the original authority under which this scheme was inaugurated was cancelled some years ago, the legality of continuing it without definite parliamentary authority is open to question.

SUBSIDIES TO PROVINCES

So far as I have been able to determine, no steps have as yet been taken to recover from the province of Alberta the amount of $468,750 of subsidy overpaid to that province some years ago. Attention was drawn to this overpayment on page viii of the Introduction to my report for 1924-25, and the correspondence relating to the matter, including an opinion of the Department of Justice, was published in Volume II of my report for that year on pages 63 and 64 of Part F.

Workmen's Compensation Act

The total expenditure incurred under the provisions of this Act during the fiscal year 1926-27 was $331,141.57, being a decrease of $28,922.14 as compared with the expenditure for 1925-26. Details of this expenditure are shown in Volume II, part W, Railways and Canals Department, pages 16 to 21.

Disbursements are made under the supervision of the various provincial Workmen's Compensation Boards where such Boards are established. In provinces where no provincial Boards have been established the compensation is determined by such Court, Board, officers or other authority as the Governor in Council may from time to time appoint.

Yukon Territory Accounts

During the summer of 1927 I caused an audit to be made of the Yukon Territorial Accounts, including those of the Public Administrator, covering a period of two years to March 31, 1927. The liquor accounts were subjected to a detailed audit.

The practice, to which attention was drawn in a previous report, of financing liquor purchases by means of loans negotiated in the form of overdrafts at the Bank at Dawson still prevails. On March 31, 1927, the amount of the overdraft, less the cash on hand and in transit, was $110,200.28, an increase of $56,791.97, as compared with the amount on March 31, 1926. The interest on overdrafts paid during the year was $6,639.14 being an increase of $3,154.46 over that paid in 1925-26. As an offset against the overdraft, the Territorial Government had liquor valued at $114,371.15 on hand on March 31, 1927, which exceeded the value of the stock held on March 31, 1926, by $43,786.50.

A similar practice appears to prevail, although to a less extent, in connection with the Yukon Government general account, as an examination of that account shows that interest to the amount of $1,412.14 had been paid on bank overdrafts during the year.

At the request of the Gold Commissioner, who was ex-officio Mayor of Dawson, the accounts of the city of Dawson were examined and certified correct.

Detailed and comparative statements of the Yukon Government accounts will be found on pages 192 to 195 of this volume.

Owing to pressure of work in the preparation of my annual report I have been unable to communicate the result of the recent audit to the Department of the Interior, but I will do so at an early date.

CAPITAL EXPENDITURE

The expenditure chargeable to capital during the year was $20,056,953.99, an increase of $2,988,244.33 over that of 1925-26.

My observations in regard to Capital Expenditure published in previous reports are still applicable and I desire again to bring them to the notice of the House.

In my last report I cited a number of instances of assets being carried in the Balance Sheet of the Dominion at a greater value than their actual cost, contrary, it seems to me, to the rule laid down by the House of Commons in 1882 in this connection, which has not been modified and which appears to be based on a sound principle.

Besides the items relating to public buildings and to various public works appearing in the Balance Sheet, there are a large number of properties of the Crown which are under the jurisdiction of the various departments. While not advocating the introduction of the value of these buildings into the Balance Sheet as assets, although they actually form part of the assets of the Dominion, I am of opinion that statements of such properties should be submitted to Parliament from time to time. In this connection, one of the recommendations of a sub-committee of the Public Accounts Committee in 1908 was—

> "That all the Departments in the Public Service be requested to submit a statement and valuation of the total properties belonging to the Crown under the jurisdiction of each department, and that such statements be laid before Parliament within fifteen days of the opening of the next Session of Parliament, and thereafter every five years within such time of opening."

I do not know if effect has ever been given to this recommendation, nor am I aware if any such statement as that recommended was laid before Parliament during recent years.

It seems advisable that some measure of attention be given to this question. In the meantime the examination of the various items of the Capital expenditure is being carried on.

AUDIT OF GOVERNMENT STORES

According to annual returns received from the various departments, the value of stores on hand as at March 31, 1927, exclusive of National Defence stores, amounted to $6,012,593.19 as follows:—

Indian Affairs	$ 59,160 45
Interior (National Parks)	43,504 85
Marine and Fisheries	1,124,113 32
Mines	75,443 06
Penitentiaries Branch	1,648,726 04
Post Office	1,237,626 26
Printing and Stationery	507,921 30
Public Works	145,411 82
Railways and Canals	464,999 67
Royal Canadian Mounted Police	367,184 52
Soldiers' Civil Re-Establishment	338,501 90

The Department of National Defence has furnished me with certified statements showing the value of Dominion Arsenal, Naval Service and Royal Canadian Air Force stores, but for reasons given in previous reports, only unpriced certified inventories of stores at the various military depots are available.

I am pleased to report a continued improvement in the preparation of inventories and methods of stores accounting, in several of the departments. The Post Office Department in particular, as a result of inspections made by this office, has recently carried out a reorganization of its depots at Winnipeg, Regina, Edmonton and Vancouver with very satisfactory results.

Several other stores depots, maintained by various departments, were inspected since the issue of my preceding annual report. In some cases, the stores were found exceptionally well kept and the records in good order; in others there was no systematic control of the purchase, receipt and issue of stores, and no permanent record thereof maintained. In one depot in particular where a considerable variety of material amounting to over $400,000 in value is carried, the records kept were of little value, affording no proper accounting control; material was recorded at inflated values; amounts were

written off without apparent authority, etc. The conditions in this depot are receiving further attention from this office, and the department is being apprised of the findings of my representatives.

Although conditions in some of the depots recently inspected were found most unsatisfactory, recommendations made by my office towards the elimination of loose methods and the introduction of improvements in the system of accounting were generally readily adopted and put into operation. This is a very encouraging feature of my inspections and examinations as such co-operation on the part of departmental officials is bound to result in better methods of stores administration and in substantial savings of public funds.

One of the more important departments, with a desire of still further improving its system of stores accounting, has taken a very commendable step in causing to be held at its head office a round table conference of the various store-keepers and stores accountants, to which officials of this office were invited, for the purpose of discussing standard accounting practices and procedure and improvements in the system of accounting. Other departments, where practicable, might hold similar conferences as one of the best means of creating a spirit of co-operation tending to promote uniformity and efficiency.

The annual examination of the stock and records of the Government Printing Bureau was made as at March 31, 1927, in accordance with the provisions of the Public Printing and Stationery Act, and is referred to in a separate chapter of this Report.

In accordance with the provisions of a Royal Proclamation of November 2, 1907, the usual half-yearly joint inspections of the coin and bullion in the Ottawa branch of the Royal Mint were made by officials of my office and of the Finance Department.

Surplus stores, having a sale value of $45,298.37, transferred from other departments to the Department of Indian Affairs under authority of Order-in-Council 1632 of August 17, 1923, and stored at Regina, are included in the above summary of stores. Sales made at the Regina Warehouse during the year amounted to $1,653.25, as shown in Vol. II, part I, page 2, of this Report.

According to the monthly reports and copies of minutes received in connection with surplus and obsolete stores the amount disposed of during the year was $190,586.34 as follows:—

Transferred to other departments	$ 79,096 39
Sales to the general public	111,489 95

I am informed that the various departments are more disposed than heretofore to report surplus and obsolete stores. Recent inspections made by this office, however, show a considerable quantity of such material not yet reported, the local officials apparently being under the impression that it is not saleable. This feature should be given closer attention by some departments as it may be the means avoiding losses.

OPEN ACCOUNTS

Amounts Due the Dominion Government

Further progress has been made during the year in the examination of Public Accounts of Canada which record the amounts due the Dominion Government. A number of these amounts are of such long standing that it is difficult to get full information with regard to them. Notes are given in subsequent paragraphs on such accounts as call for special mention.

In addition to the amounts due the Government which appear in the Balance Sheet, are those carried as arrears in the books of the different departments, statements of which are received annually. These amounts are published under "Arrears Due" in the "Miscellaneous Statements" in the first volume of my annual reports. The departments were asked, when submitting these statements to give an indication of the probability of the amounts due being recovered at any time but the information given on this point was in many cases very vague and little use of it could be made by me. It is certain, however, that a considerable number of these accounts can never be collected, but I understand debts due the Crown may not be written off unless with the authority of the House of Commons, and until such authority is obtained they have to be carried on the books of the departments.

Advances to Imperial and Foreign Governments

The amounts due on March 31, 1927, by the Imperial and by various European governments are shown in the Public Accounts for 1926-27 in schedule "B" to the Balance Sheet. Little need be added to the remarks on these accounts appearing on page xxi of the Introduction to my report for 1925-26. The balance of the Imperial Government account, which is non-interest bearing, is necessarily a varying balance contingent on the disbursements made by the Canadian government on account of the Imperial government and on the repayments made from time to time by the latter. The advance of $230,000 to the French government was repaid in full at maturity on June 30, 1926, and the Greek government reduced its indebtedness during the year by $185,000 in accordance with the terms of the agreement. The advances to the Belgian and Roumanian governments remain at the same figure as last year. With the exception of the claims against the governments of Italy and Russia upon which no interest has been paid to date, interest was received regularly on all the other amounts due.

Halifax Dry Dock

No change has been made in the method of dealing with the amounts received on account of the sale of the Halifax Dry Dock to the Halifax Shipyards, Limited, which was referred to on page xvi of the Introduction to my report for 1925-26. The annual instalment of $50,000, due on December 31, 1926, was received and, following the practice of previous years, was placed to the credit of the Casual Revenue of the Public Works Department. This makes a total of $200,000 received on account of the sale price of $1,250,000, the whole of which has been credited to Casual Revenue, while the Dry Dock is still carried as an asset in schedule "G" to the Balance Sheet of the Dominion at the original figure of $1,552,827.43. I still hold the opinion, expressed in my report of last year, that this method of dealing with the transaction is incorrect and would again recommend the adoption of one or other of the methods already suggested.

Land Settlement Schemes

The various agreements entered into between the Imperial and Canadian governments under the Empire Settlement Act (Imperial) of 1922 are outlined on page xi of the Introduction to my report for 1925-26, and the summaries of transactions for 1926-27 of each of the following accounts in connection with

the Empire Settlement Scheme are shown on pages 140 and 161 to 163 of this volume.

Assisted Passages.—The audit of the books maintained in the Department of Immigration and Colonization in connection with the aid afforded migrants, in the form of assisted passages, was continued and completed to March 31, 1926, and my report on this audit was sent in due course to His Majesty's Secretary of State. I had occasion to renew my recommendations to the department for the improvement of the system of recording and accounting in this connection, and I have been assured that these improvements will be carried out before a further audit is proceeded with.

Three Thousand Family Scheme.—The audit of the books maintained under the direction of the Soldier Settlement Board in connection with the placing of British settlers on farms, known as the "3,000 Family Settlement Scheme", was continued to March 31, 1927. My report on this audit also was sent to His Majesty's Secretary of State.

The amount due, on March 31, 1927, by migrants under this scheme, is shown in the Empire Settlement Farms Transferred Account as $3,843,733.47, as against $1,167,537.25 on March 31, 1926, which is an increase during the year of $2,676,196.22. The greater part of this increase is due to a transfer of $2,640,553.42 from the Soldier Settlement Loan Account, representing the aggregate of the prices at which lands formerly held by soldier settlers were transferred to migrants under this scheme. Only a very small fraction of the total indebtedness is due to actual cash advances, as practically the whole amount represents the value placed on lands sold on loan by the Soldier Settlement Board. The total indebtedness, as on March 31, 1927, may be analyzed as follows:—

Amount at which lands formerly held by soldier settlers were transferred to migrants	$3,790,996	90
Value of lands acquired by purchase, sold under loan to migrants	59,951	83
Special cash advances	7,575	94
	3,858,524	67
Less—Repayments by migrants	14,791	20
	3,843,733	47

On page 189, of this volume, will be found the Balance Sheet and a Summarized Cash Statement of the "3,000 Family Settlement Scheme".

Soldier Settlement Account.—The reduction in the charges to Soldier Settlers for live stock furnished them prior to October 1, 1921, as authorized by Chapter 53 of the Statutes of 1925, was effected during the year with the result that an amount of $2,921,062.91, being the aggregate of the reductions credited to the individual settlers' accounts, was credited to the Soldier Settlement Loan Account and charged against the Consolidated Revenue Fund. This amount was verified as far as possible by an examination of the books at the head office of the Soldier Settlement Board and a test audit of the reductions in a number of the individual accounts was made at different district offices by a representative of this office. The intention of Parliament in authorizing this reduction appears to have been carefully carried out, although there may have been occasionally a tendency to give the settler the benefit of any reasonable doubt. The total amount of loans charged against soldier settlers during the year, was $1,990,571.33.

The total amount collected during the year from soldier settlers was $4,341,159.06, of which $1,885,953.89 represented interest charges, leaving a total of $2,455,205.17 to apply as repayments of principal.

The amount shown by the Soldier Settlement Loan Account as due by soldier settlers on account of principal of loans, as on March 31, 1927, was

$80,760,189.59, as against a balance of $86,786,439.76 on March 31, 1926, a reduction of $6,026,250.17. This reduction is accounted for as follows:—

Reduction in charges for live stock	$2,921,062 91
Revaluation of lands transferred to migrants under 3,000 Family Scheme	2,640,553 42
Excess of repayments on account of principal over amounts charged as loans	464,633 84
	6,026,250 17

The balance due by soldier settlers includes, in addition to regular loans, amounts expended by the Board for repairs and improvements to abandoned farms in order to prepare them for re-sale to British settlers. Such expenditures have been charged by the Board against the former holders of the land as part of the expenses of taking over and re-selling the properties.

The total expenditure during the year by Canada, in connection with the above Land Settlement Schemes, after deducting re-imbursements by the Imperial Government, is shown in the following statement:—

IMMIGRATION AND COLONIZATION:		
Empire Settlement Schemes, Assisted Passages:		
Administration	$ 34,389 02	
Grants	452,981 72	
Loans	31,024 36	
Rebates and Deportations	1,117 76	
		$ 519,512 86
SOLDIER SETTLEMENT BOARD:		
General Land Settlement, including Soldier Settlement Act and 3,000 Family Scheme:		
Administration	1,250,787 45	
Loans to settlers and General Land Settlement charges	1,996,006 71	
Purchase of land, etc.	8,190 45	
		3,254,984 61
Total		3,774,497 47

The expenditure by the Soldier Settlement Board as given above includes the cost of administering the Soldier Settlement Act as well as the "3,000 Family Scheme", as the appropriation for the year was not divided and the accounts could not be separated.

Statements of these Settlement accounts, and a number of minor accounts connected therewith which have been made as self-explanatory as possible, will be found on pages 161 to 163 of this volume.

LOANS TO HARBOUR COMMISSIONERS

The following statement shows the sums advanced during the year to Harbour Commissioners with the total advances as at March 31, 1927:—

	Advanced during 1926–27	Total Advances to March 31, 1927
Montreal	$1,035,000 00	$46,875,000 00
Quebec	680,000 00	13,771,995 68
Vancouver	887,000 00	14,300,900 00
	2,602,000 00	74,947,895 68

These advances were made under the authority of Acts of Parliament, passed at various times, empowering the Governor in Council to loan, from time to time, to the different Harbour Commissioners, sums up to a specified amount for the purpose of carrying on the construction of terminal harbour facilities. Interest bearing debentures to the par value of the amount loaned at any time are required to be deposited with the Minister of Finance and Receiver General.

Interest on the amounts advanced to the Montreal and Vancouver Commissioners has been paid; but a considerable amount of interest on advances to the Quebec Commissioners is outstanding.

During the year I caused a test audit to be made at Vancouver of the accounts of the Vancouver Harbour Commissioners with the result that the system for the collection of and the accounting for all revenue accruing to the Commissioners and for the control of expenditure was found to be generally satisfactory. Of the total capital expenditure to December 31, 1925, ($17,248,990.93), it was ascertained from the records that $1,825,546.23 was paid from surplus revenue. All necessary information requested by my representatives was furnished to their satisfaction, and their recommendations were adopted. I have communicated to the Departments of Finance and of Marine and Fisheries the result of this investigation.

Under legislation passed in 1885 and preceding years the amount of $81,760.97 was advanced to the Three Rivers Harbour Commissioners. Chapter 71 of the Statutes of 1923 gave the Three Rivers Harbour Commissioners authority to borrow on the security of debentures such sums as they might require to enable them to (1) pay off and redeem the principal of the debentures held by the Minister of Finance under the legislation of 1885, (2) pay off and redeem the principal of the debentures issued to the public under the legislation of 1892 and (3) construct, repair and improve wharves and other works. No part of any moneys that may have been raised under this authority has been applied to the redemption of the debentures held by the Minister of Finance and the above amount is included in the Public Accounts in Schedule "L" to the Balance Sheet among the "Miscellaneous Investments (Non-Active)." Against this indebtedness may be set an amount of $2,308.41 standing at the credit of a Sinking Fund Account called for by the Act of 1885. Interest on the advances to the Three Rivers Harbour Commissioners was paid up to June 30, 1887. The only amount received since that time on account of interest was $15,000 received in 1895, leaving $338,590.90 still outstanding.

Seed Grain and Relief Advances

On page xiv of the Introduction to my report for 1924-25 and again on page xxii of the Introduction for 1925-26 I drew attention to the difference between the amount shown in the Public Accounts as due by settlers on account of Seed Grain and Relief Advances and the amount due as reported by the Department of the Interior. The balance due on March 31, 1927, on account of these advances is given in the Public Accounts as $5,070,322.29. According to figures furnished by the Department of the Interior the total amount due at that date on account of principal, as shown by the individual ledger accounts of the settlers, was $4,324,826.06 or $745,496.23 less than the above amount.

Recently I have caused an examination to be made of these accounts for the period from 1876 to March 31, 1927, and a full and exhaustive report on the findings has been submitted to me; the Departments of Finance and Interior have been furnished with copies of this report. The objects of the investigation

were to ascertain the cause of the difference between the total of the individual balances and that shown in the Public Accounts, to establish as accurately as possible the correct amount of arrears due on account of principal, and to suggest adjusting entries to bring the two amounts into agreement.

The difference between the figures given by the Finance Department and those of the Interior Department was found to be due to a number of causes, the chief of which was that, until within the last few years, the Open Account in the Finance Department was charged with the cost of administration in addition to the actual advances.

The total amount collected as principal and interest during the fifty-one years period is $14,215,886.63 against a total outlay of $17,855,880.38.

The Department of the Interior reports that in addition to the amount of $4,324,826.06 due on March 31, 1927, on account of principal, a further amount of $1,997,174.15 was due on that date on account of interest. The question of interest does not enter into the Open Account of the Finance Department.

I have been informed that during the last few years the Department of the Interior has made a complete revision of the individual settlers' accounts and has brought them into accord with the information in the individual files, and it may therefore be assumed that the amount of the indebtedness reported by the Interior Department is the actual amount, as nearly as it can be determined.

No attempt was made to estimate the value, as a realizable asset, of the unpaid balances which are secured by liens on the land in favour of the Government. The officials of that department, however, are of the opinion that the provisions of Chapter 51 of the Statutes of 1927 will have a beneficial effect on collections.

The amount due by the Saskatchewan Government on account of Seed Grain distribution of 1908, upon which $1,893.36 was received during the year, is now reduced to $95,136.85. A further amount due on this account by the province for interest to January 1, 1927, is stated by the Department of Finance to be $203,366.70.

Statements of the two Seed Grain and Relief open accounts will be found on pages 146 and 138 of this volume.

Suspense Account

A Suspense Account is maintained among the Open Accounts in the books of the Finance Department and of this office, the main purpose of which is to record the receipt and issue of various amounts which cannot be applied immediately to the purposes for which received or of which the exact disposition is undetermined at the time of receipt. Items received from time to time to be immediately disbursed are passed through this account for the purpose of record. This account is shown in the Public Accounts in Schedule " P," under the head of " Contingent Accounts."

Disbursements from this account are pre-audited so as to ascertain that no payment is made for which funds have not previously been deposited therein and also that it is for the particular purpose for which the deposit was made.

The following is a summarized statement in columnar form of the account for the year ended March 31, 1927, with explanations of the different items:—

—	Balance April 1, 1926	Receipts	Disbursements	Balance March 31, 1927
Canadian Wheat Board Reserve	$ 175,000 00			$ 175,000 00
Overages at Terminal Elevators	82,246 43		$ 82,246 43	
G. A. Montgomery escheat case	25,391 22			25,391 22
Sale of jettisoned flour	2,473 73			2,473 73
Various items, 19 in number	4,453 70		2,874 84	1,578 86
Loss in operating West Indies Steamship service		$ 34,239 84	34,239 84	
Fire Losses		5,568 31		5,568 31
Various items, 13 in number		8,569 69	8,209 14	360 55
	289,565 08	48,377 84	127,570 25	210,372 67

Canadian Wheat Board Reserve.—After the Canadian Wheat Board had ceased active operations early in 1921, an amount of $175,000 was deposited by the Board to the credit of the Receiver General to be held in a Suspense Account as a reserve from which to pay outstanding Participation Certificates. This amount was held intact in the Suspense Account until after the close of 1926-27, as a separate amount had been left in the hands of the secretary which proved sufficient to meet all claims presented. This amount of $175,000 will, in all probability, be removed from the account during the current year as an Order in Council was passed on March 15, 1927, directing that no Participation Certificates presented on or after September 1, 1927, should be paid and that all moneys at the disposal of the Wheat Board on that date should be declared to be the property of the Crown.

Overages at Terminal Elevators.—On September 10, 1921, the sum of $82,246.43 was received from the Board of Grain Commissioners, being an amount of $81,330.74 collected as overages from various Public Terminal Elevators with $915.69 accumulated interest while held by the Grain Commissioners. This amount had been paid under protest by the elevator companies and the question was referred by them to the courts where judgment was given in their favour for the sum of $81,330.74. The amount of this refund was voted at the last session, but as the original amount received had been retained in the Suspense Account the payment was charged against that account instead of against the appropriation, which was, consequently, reported as being unexpended. The amount of $915.69 interest was transferred to the Consolidated Revenue Fund as Casual Revenue.

G. A. Montgomery Escheat Case.—The amount of $25,391.22, which has been held in the Suspense Account for many years without change, represents the residue of the estate of the late G. A. Montgomery of Regina, which had been declared escheated to the Crown. Since the close of the fiscal year this amount has been transferred to Casual Revenue as part of the Consolidated Revenue Fund.

Sale of Jettisoned Flour.—The amount of $2,473.73 was the net proceeds of the sale of a quantity of flour jettisoned in November, 1924, from an unknown steamer and sold by the wreck receiver. As no claim to the wreck was established within a year the proceeds, under the Canada Shipping Act, reverted to the Crown. This amount also has been transferred to Casual Revenue as part of the Consolidated Revenue Fund since the close of the fiscal year.

Various Debit Items, $4,453.70.—Four of these items, amounting to $2,-874.84 which had been held temporarily pending the fulfilment of certain conditions were paid over during the year to the persons entitled thereto. The remaining amount of $1,578.86 is made up of a number of items concerning which no particulars have been obtained or of which the rightful owners have not been located.

Loss in Operating West Indies Steamship Service.—During the year amounts totalling $34,239.84 were received from the governments of Bahamas, Honduras and Jamaica to cover the loss in operating a West Indies Steamship Service in 1925. As this service was maintained by the Canadian Government Merchant Marine the above amount was paid over to that body.

Fire Losses.—Various sums, amounting to $5,568.31 were received from insurance companies on account of damage by fire in December, 1926, to the Ottawa Electric Building and the Bangs Building, which had been expropriated by the government. This amount is being held in the Suspense Account until the completion of the expropriation proceedings.

Various Credit Items received during the year, $8,569.69.—Nine of these miscellaneous items, amounting to $8,209.14, were applied during the year to the purposes for which they were received or were returned to the remitters. The remaining four, amounting to $360.55, were not dealt with during the year and form part of the balance on March 31, 1927.

Unclaimed Dividends Account

An account of a similar nature to the Suspense Account dealt with above, is that for Unclaimed Dividends *re* Liquidators under the Bankruptcy Act. Under sections 136 and 137 of the Winding-Up Act (Revised Statutes, Chap. 144) and section 37 (8) of the Bankruptcy Act of 1919, liquidators or trustees of estates in liquidation are required to remit to the Minister of Finance all dividends which have not been distributed within a certain time on account of the whereabouts of the creditors being undetermined; payments are made to creditors from this account after verification of the claims. The credit balance on March 31, 1927, was $16,642.72.

TRUST FUNDS

Progress was made during the year in obtaining information from the various departments with regard to cases in which moneys collected and administered by departmental officers are held by them in Trust Accounts and also cases in which such moneys are administered directly by the departments. Instances of such accounts are the following, statements of which will be found among the Open and Trust Accounts set out on pages 130 to 163 of this volume.

Immigration Agents' Trust Accounts.
Indian Commissioner—Greater Production Account.
Lignite Utilization Board.

The accounts enumerated in the above statement are the same as were listed last year with the exception of the Intercolonial and Prince Edward Island Railways Employees' Provident Fund account, which although still maintained as a Trust Account is balanced each month. Following are notes on this and on a number of other Trust Accounts.

No change has been made in the manner in which the moneys received by the Custodian of Enemy Debts and Property are held, nor is any examination made by this office of the securities held by the Finance Department in connection with these Trust Funds or otherwise.

Canadian Military Canteen Funds

The distribution of the Canteen Funds, which was commenced in 1925-26, in accordance with the Canteen Act of 1925, was completed during 1926-27, with the exception of a sum of $20,000 which the Act directs to be held by the Receiver General for the payment of outstanding accounts or claims.

During the year an amount of $258,885.21 was credited to the fund and charged to Interest on Public Debt, representing interest due and accrued up to December 31, 1925, on the amounts held in the fund. This interest with $7,078.85 profit from the sale of bonds in 1925-26 made a total amount of $265,964.06 available for a second distribution which was paid over to the trustees for the various provinces in the proportions directed by the Act as shown in a statement of the Canteen Fund Account for 1926-27, on page 152 of this volume. The allotments of the interim distribution, which had been withheld from the provinces of Prince Edward Island, Quebec and Ontario, were paid during the year after these provinces had appointed their trustees.

The Order in Council authorizing the payments of the allotments to the province of Ontario, also provided for interest to be paid on these allotments up to December 31, 1926, the required amount of which, $28,154.41, was charged to Interest on Public Debt and credited to the Canteen Funds and subsequently paid over to the trustees for the province of Ontario.

Intercolonial and Prince Edward Island Railways Employees' Provident Fund

In my report for the fiscal year 1925-26 I made a reference to the statute (6-7 Edward VII, Chap. 22 of 1907) in which authority was given for the creation of a fund to provide life allowances for retired officers and employees on the staff of the Intercolonial and Prince Edward Island Railways, and I called attention to the inadequacy of the contributions authorized under the Act to meet the obligations imposed on the fund.

I pointed out that were it not for contributions by the Canadian National Railways far in excess of the statutory requirements the Board administering the fund would not have been in a position to pay a number of life allowances coming due under the legislation of 1907. There has been no change in the situation since the date of my last report.

A statement of this account showing the amounts received from the various sources together with a summary of the disbursements will be found on page 156 of this volume.

School Lands Funds

The lands in the provinces of Manitoba, Saskatchewan and Alberta designated by the Dominion Lands Act as School Lands are administered by the Department of the Interior on behalf of those provinces. All moneys collected are deposited to the credit of the Receiver General and the respective provincial trust accounts in the Dominion ledgers are credited with the amount of the collections; these accounts are also charged with the expenditures. The money received on account of principal arising from the sale of any of the lands is invested half-yearly in Dominion of Canada 5 per cent Debenture Stock. All other receipts, whether for rents, timber dues, interest, etc., after deducting the expenses of administration, are paid over annually to the treasurers of the respective provinces.

Statements of the school lands accounts for each province for the fiscal year 1926-27 will be found on page 145 of this report. The following is a combined summary of the three accounts:—

PRINCIPAL OF LAND SALES:	
Balance on hand, April 1, 1926	$ 1,511 09
Received during the year	827,147 49
	828,658 58
Invested in 5 per cent Debenture Stock	827,000 00
Balance remaining on hand, March 31, 1927	1,658 58
INTEREST, RENTS, ETC.:	
Interest collected on account of land sales	481,166 96
Rentals, Timber dues, etc	244,162 26
Interest on Debenture Stock	1,385,475 00
Interest allowed on monthly cash balances	21,907 81
	2,132,712 03
Deduct—Expenses of administration	77,206 93
Balance paid over to Provincial Treasurers	2,055,505 10

Without taking into account the interest on Debenture Stock and on the monthly cash balances, which were dealt with entirely by the Department of Finance, the amount collected by the Department of the Interior was $1,552,476.71, and the expenses of administration $77,206.93, or 5.04 per cent of the collections. The corresponding figures for 1925-26 were: collections, $2,042,270.27; expenses of administration, $79,561.20; percentage, 3.90.

The total amount invested in Debenture stock, as at March 31, 1927, was $28,433,000 as shown in Schedule "T" to the Balance Sheet to the Public Accounts, under the head of "Funded Debt."

SOLDIERS' CIVIL RE-ESTABLISHMENT, FUND NO. 3

On page xxvii of my report for 1925-26 I gave a brief outline of the above-mentioned fund and drew attention to the fact that while it had originally been established for the purpose of administering certain pension funds it had also been credited with the amount of deductions at the rate of five per cent made from the salaries of permanent employees of the Department of Soldiers' Civil Re-Establishment. My suggestion that these abatements should be credited to a separate account has not been acted upon, and this account is still used to record moneys received and disbursed for two entirely different purposes.

A statement of this fund is given on page 161 of this volume, from which it will be seen that during the year an amount of $70,846.16 was collected as abatements from the salaries of employees, of which amount $4,294.90 was returned to contributors and $1,368 was transferred to Superannuation Fund No. 5, for abatements made from salaries of officials who had been declared eligible to the benefits of the Superannuation Act. Of the balance of $551,319.13 remaining in this fund on March 31, 1927, $111,546.34 is made up of abatements from salaries of officials and the remainder, $439,772.79, consists of funds held for the benefit of pensioners.

I am still of the opinion that these abatements should be dealt with in a separate account.

Indian Trust Fund Accounts

Among the accounts which, under Section 63 of the Consolidated Revenue and Audit Act, the Minister of Finance has directed the Auditor General to examine and audit are "the accounts with the several Indian tribes, known as the Indian Fund." In connection with this examination of the Indian band accounts the following statements have been published for a number of years in the annual reports of the Auditor General:—

(1) A summary statement, in the form of a ledger account, of the total transactions during the year in the fund, regarded as a whole, as it is dealt with in the Public Accounts.

(2) A tabular statement showing the balances at the credit of each band with the debits and credits for the year.

(3) Separate statements, in ledger form, of each of the band accounts as they are maintained in the books of the Indian Department, showing in detail the receipts and disbursements during the year.

There are approximately 450 distinct band accounts, the majority of which are divided into two parts, as to Capital and Interest, and their publication in my report occupies about 100 pages in Part I of the second volume, which I consider is far too much space to devote to information which is of interest to few except to the Indians concerned. Moreover a great deal of the time of my staff is taken up with the preparation of these accounts for publication.

It is my intention in future reports to limit the published results of my examination of these accounts to the first two statements mentioned above, and to eliminate the publication of the separate band accounts. While the Indians are doubtlessly entitled to periodical statements of their accounts, such statements should in my opinion be furnished by the Department of Indian Affairs, and not by this office. The Deputy Superintendent General of Indian Affairs has been notified of my intentions.

It is not, however, my intention to relax in any way the vigilance exercised in the past in the examination of these accounts and should the House of Commons at any time require information with regard to any of these accounts this office will be in a position to furnish it.

Superannuation and Pensions—Civil and Military

On page 188 of this volume is shown a statement of receipts and disbursements on account of Superannuation and Pensions, civil and military. The statement shows, in addition to the cash transactions for the fiscal year, a comparison of the balances at the credit of Superannuation Funds at the close of the fiscal year under review with those of the previous year. The total expenditure for 1926-27 was $39,633,747.15 as compared with $38,880,471.58 in the previous year, being an increase of $753,275.57.

In my preceding report reference was made on page xxviii of Volume I to certain matters of importance which had arisen in the administration of the Superannuation Act, 1924, and which called for attention in the event of any amendments being submitted to the House of Commons. As a result of the amendments passed at the last session practically all the difficulties referred to have been removed.

Government Annuities Fund

The following statement of liabilities as at March 31, 1927, was received from the Annuity Branch of the Department of Labour at too late a date to be included in the financial statement of the Annuities Fund published on page 148 of this volume among the Open and Trust Accounts:—

NET PRESENT VALUE OF OUTSTANDING CONTRACTS:

Immediate Annuities	$ 5,186,619 00
" " Guaranteed	1,506,296 00
" " Last Survivor	1,512,116 00
Deferred Annuities	3,187,949 13
	11,392,980 13
Surplus as at March 31, 1927	53,139 35
Total at credit of Fund, March 31, 1927	11,446,119 48

MISCELLANEOUS STATEMENTS

Statements dealing with special features of the activities of the Government will be found on pages 164 to 195 of this volume. They are similar to those submitted in my last report with the exception of the following, the audited reports of which have not been received from the departments concerned:—

Canadian Grain Elevators—Balance Sheet and Profit and Loss Account.

Pacific Cable Board—Statement of Receipts and Disbursements.

Observations in connection with the various other statements will be found below and in several other chapters of this report.

Arrears Due

The statements of arrears due to the Dominion Government, which are presented in the same form as last year, are shown on pages 164 to 166 of this volume. None of the amounts due the government which appear among the assets in the Balance Sheet of the Dominion are included in these statements. The statements presented have been compiled from returns furnished and certified by the various departments. Reference to these arrears has already been made in this report in my remarks on "Amounts due the Dominion Government."

Arrears Due, General.—The amount of Arrears Due (General) on March 31, 1927, as reported to me, was $11,304,075.29, which is a reduction of $284,711.99 from the arrears on March 31, 1926. The largest decrease was one of $1,369,777.25 under the head of Dominion Lands, other considerable decreases during the year were: Interior Department, Petroleum and Natural Gas, $33,067.76, and National Defence, Naval Service, $35,250.78. The principal increases during the year were:—

Immigration and Colonization	$101,819 72
Soldiers' Civil Re-Establishment	807,167 82
Interior, Seed Grain, Interest	89,789 68
Interior, Timber Dues	103,600 59

The large increases reported by the Department of Immigration and Colonization and by the Department of Soldiers' Civil Re-Establishment are due to these departments making more complete returns; only a small part of the increases shown above was due to arrears which actually accrued during 1926-27.

Interest Accrued on Loans and Advances to Railways, Government Merchant Marine, Harbour Commissioners, etc.—The amount of interest accrued during the year on these loans and advances, the majority of which are shown in schedules "K" and "L" to the Balance Sheet of the Dominion as non-active assets, is given in this statement as $19,118,840.84, as against $37,126,121.98 shown in my report for 1925-26 as having accrued during that year. This apparent decrease is due to the fact that in the statement of arrears of interest for 1926-27 furnished me by the Department of Finance the interest accruals are brought down only to January 1, 1927, whereas in the statement for the preceding year they were given to July 1, 1926. The interest shown as due by the Montreal Harbour Commissioners is for the six months from July 1 to December 31, 1926, which was not paid until September, 1927. The arrears shown against the Montreal Turnpike Trust represents interest overdue on advances to the former Trust; under the existing arrangement interest is being paid regularly by the municipalities.

Principal Outstanding on Indian Land Sales—Indian Trust Fund—The figures given in this statement represent the amount of principal moneys, arising from the sale of Indian lands, outstanding on March 31, 1927. No statement of the interest remaining unpaid or of arrears of rentals of Indian lands has been furnished me by the Department of Indian Affairs. The amount of principal outstanding on March 31, 1927, is stated as $1,643,078.75, as against $1,704,666.02 on March 31, 1926, a reduction of $61,587.27.

The following is a summary of the three Statements of Arrears:—

	1926–27	1925–26	Increase	Decrease
Arrears, General	$ 11,304,075 29	$ 11,588,787 28		$284,711 99
Interest on Loans and Advances	247,630,090 76	228,511,249 92	$19,118,840 84	
Indian Lands	1,643,078 75	1,704,666 02		61,587 27
	260,577,244 80	241,804,703 22	18,772,541 58	

Dominion Lands.—The receipts and disbursements during the year on account of Dominion Lands, with a comparison with the corresponding figures for 1925-26, are shown in the following table:

	1926–27	1925–26	Increases *Decreases
RECEIPTS—			
Land Patents Branch	$ 635,001 28	$ 542,938 03	$ 92,063 25
Timber and Grazing	1,193,905 20	1,079,808 40	114,096 80
Mining Lands	972,728 51	686,670 59	286,057 92
	2,801,634 99	2,309,417 02	492,217 97
DISBURSEMENTS—			
Salaries and Contingencies—Outside Service	678,813 38	603,096 35	75,717 03
Surveys	380,361 08	398,973 21	* 18,612 13
	1,059,174 46	1,002,069 56	57,104 90
Excess of Receipts over Disbursements	1,742,460 53	1,307,347 46	435,113 07

The arrears due on March 31, 1927, on account of Dominion Lands as reported by the Department of the Interior amounted to $5,880,761.46, as against $7,250,538.71 reported as due on March 31, 1926; this is a decrease in

the amount owing the government of $1,369,777.25 or approximately 19 per cent. The reduction may be attributed to the same two causes as last year, viz:—(1) an increase in the amount collected and (2) the cancellation of sales, whereby, under the provisions of the Dominion Lands Act, the lands are re-possessed by the department and the indebtedness written off.

In my report for last year I stated that it was my intention to make an examination into the method of dealing with the land sales, followed in the Department of the Interior. I have been unable, up to the present time, to make much progress in the proposed examination, but an inspection was made, during last summer, of one of the most important land offices in the West. I hope to make a more extended examination into these matters at an early date.

Graving Docks—Public Works—Revenue and Expenditure

The revenue derived from the Graving docks and repair slips in 1926-27 was $125,305.58, an increase of $35,194.93 over the year 1925-26. The Quebec docks showed an increase of $24,345.60, and the Old Esquimalt dock $6,668.41, while $3,342.42 was collected at the new Songhees dock at Esquimalt which commenced operations during the year.

The operations of the Quebec docks produced a surplus of revenue over expenditure to the amount of $22,296.85. The operation of the Selkirk repair slip produced a surplus of $563.04.

Expenditure in connection with the cost of operation of the docks was $148,756.10, an increase of $25,719.09 as compared with 1925-26.

The net cost of operation in 1926-27 was $23,450.52 as compared with $32,926.54 in 1925-26.

A comparative statement of Revenue and Expenditure for the past three years is shown on page 187 of this volume.

Telegraphs—Public Works—Revenue and Expenditure

The revenue derived from the Government Telegraph and Telephone Lines in 1926-27 was $296,413.75, an increase of $8,694.17 over the year 1925-26. The following divisions contributed to this increase: Eastern Lines, $3,392.35; Vancouver Island District, $3,330.29; Yukon System (including Northern British Columbia), $7,399.69. Three districts showed decreased returns: Saskatchewan, $154.05; Alberta, $1,272.55; British Columbia, $4,001.56.

The expenditure in connection with the cost of operations of these lines was $724,019.66, a decrease of $43,331.42 as compared with 1925-26.

A comparative statement of the revenue and expenditure for the last three years is shown on page 187 of this volume.

Pacific Cable

I am not in a position to include among the Miscellaneous Statements in this Report, a statement of the revenue and expenditure by the Pacific Cable Board during the financial year 1926-27, as the annual report of the Board has not as yet been made public. I understand, however, that, as the earnings exceeded the ordinary disbursements, Canada will not be called upon to make any contribution on account of the operations of 1926-27. No official communication has been received by me with regard to the matters dealt with in the correspondence published on pages S-192 to S-197 of my Report for 1924-25.

An Imperial Act (Pacific Cable Act, 1927) consolidating and amending the Pacific Cable Acts of previous years was passed at the last session of the Imperial Parliament and assented to on June 29, 1927. Section 4 of that Act prescribes how the sums standing to the credit of the Reserve Fund may be applied. Subsection 2 of section 3 directs that the whole of the surplus for the financial year ended March 31, 1927, shall be paid into the Reserve Fund. Subsection 4 of the same section directs that in subsequent years the sum of £10,000 or one-tenth of the surplus, whichever is the greater, shall be paid into the Reserve Fund, but that if the surplus is less than £10,000 the whole shall be paid into the Reserve Fund. Provision also is made for the distribution of the balance of any surplus among the partner governments.

Audit of Canadian Patriotic Fund

As directed by the Canadian Patriotic Fund Act of 1914 (5 Geo. V, Chap. 8, Sec. 10), an audit was made, under my direction, of the accounts of the above fund for the fiscal year ended March 31, 1927, and my report thereon was transmitted to the Honorary Treasurer of the Fund on September 3, 1927.

The total amount at the credit of the fund as at March 31, 1927, including amounts invested in securities, was $2,185,081.51 as compared with $2,538,983.51 on March 31, 1926. The reduction of $353,902 is explained by the fact that the amounts paid out during the year for relief and for management expenses exceeded the amounts received by way of contributions and interest, necessitating the sale of some of the securities held in the fund.

ADMINISTRATION OF THE CIVIL SERVICE ACT

In the future I intend citing each year, under this title, all instances of infractions or contraventions of the Civil Service Act which have come under my notice in the course of my examination of the accounts.

Under the Consolidated Revenue and Audit Act I am called upon to report to the Treasury Board any case in which an accountant has expended money for which there is no legislative authority. On pages 199 to 204 of Volume I of this report, is printed correspondence with the Treasury Board in which attention was called to cases of payments by departments to their officials in contravention of the Civil Service Act and therefore without proper legislative authority. I have not been informed whether any action has been taken by the Board.

Under Section 38 of the Civil Service Act, as amended, authority was granted to the Civil Service Commission subject to the approval of the Governor in Council to exclude certain positions in whole or in part from the operation of the Act and also to make regulations prescribing how such positions were to be dealt with. Under that authority regulations were approved for the exclusion of certain positions with the proviso that where such positions (with a few exceptions) are to be continued for more than six months the department shall report the duties thereof to the Commission so that each position may be classified. In order that I might be in a position to establish that the terms of the regulations had been complied with, the departments were requested by circular to furnish me with lists of these positions and to indicate whether they had been classified as required. As a result action was taken by a number of the departments towards having certain exempted positions classified.

The Civil Service Act requires all persons appointed to any permanent position in the Civil Service to subscribe to the oaths of allegiance and office

before any salaries are paid them. In order that payment of the salaries of the permanent employees be made in accordance with this provision, a circular was sent to all the departments calling their attention to the statutory requirements in respect of this obligation. Following this circular, action was taken by the departments to have such permanent employees as had not already complied with this requirement to subscribe to the oaths.

In the examination of some of the offices of the Government outside Ottawa it was noted by my officers and also by myself that the rules governing attendance of the staff were not observed in all cases. The regulations of the Civil Service Commission are specific as to the registering of attendance with the time of arrival and departure. It would appear that proper directions in regard to the observance of these regulations had not been received from the respective departments at the offices visited. When the attention of the officers in charge was called to the regulations in this respect they stated their willingness to comply therewith. Only a limited number of the outside offices have so far been visited and it is possible that there are others where the regulations are not being strictly followed. I am of the opinion that the departments should direct the attention of all their agencies to what is required under the Act and regulations.

On page 210 and subsequent pages of this volume will be found a precis of some of the correspondence with the departments, relating to the employment of certain officials which was considered contrary to the Civil Service Act, as follows: Civil Service Commission, page 213; Income Tax Branch, page 216; Immigration and Colonization, page 216; Legislation—House of Commons, page 218, Senate, page 219; National Defence, page 220.

AUDITOR GENERAL'S OFFICE

The average number of employees on the staff, during the year, exclusive of those temporarily employed in connection with the payment of election accounts, was 197 as compared with 196 in the preceding year. While there were variations in the number of employees in almost every month throughout the year the total number in March, 1927, was the same as in March, 1926, namely 192, the number of men in both cases being 81.

The record for leave of absence shows that the sick leave allowed was slightly higher than that of the previous year, most of the increase being due to the serious illness of several of the employees whose lengthy periods of service made them eligible under the regulations for the extended sick leave granted in each case. As one of the employees was unable to return to work her request for superannuation was granted. In my next report I intend giving further details of leave of absence in general.

In order to stimulate the desire on the part of my officials to more thoroughly qualify themselves in higher accountancy and auditing, I have established in my office a limited library of the most up-to-date technical books on these subjects. The library also includes the reports of the various Comptrollers and Auditors General of Great Britain, the United States and of all the Dominions of the Empire, together with government publications relating to public accounts and finance and a few of the more important accounting magazines published in these countries. I am glad to say that a considerable number of the officials are taking advantage of this opportunity to increase their knowledge of accounting and auditing and to improve their efficiency in the service.

The remarks contained in previous reports with reference to the personnel and housing of my staff and also to the storage facilities are still applicable.

GENERAL REMARKS

Notwithstanding that certain conditions, to which I have referred at length in previous reports and which I consider as militating against greater progress being made in the process of improving the methods of accounting control and of audit, still exist to a considerable extent I am in a position to report that improvements have been made along the following lines:—

(*a*) In the organization and internal conduct of this office.

(*b*) In the form of my Annual Report, and in the number and importance of the matters brought therein to the attention of the House of Commons.

(*c*) In carrying out, more extensively, the audit of expenditure *pari passu* with the cash transactions of the several accounting departments, as is evidenced by the fact that the compilation of the details of this report was completed at least two months earlier than in former years with a result that the staff of this office was released that much sooner to take up the audit of the current year's transactions.

(*d*) In being instrumental, in certain cases, in the introduction of more satisfactory methods of control of expenditure through closer co-operation with departmental officials and also in the introduction of a more efficient and extensive audit of revenue and stores in a number of departments.

While improvements appear to have been made and greater attention given by some departments to the method of inspection of their outside offices, I again strongly recommend systematic and frequent examinations of these offices by Head Office officials as a means of bringing about a fuller and more effective control of revenue and expenditure, and of introducing and maintaining uniform methods of keeping the records. With regard to the internal administration of these and of all other offices in the service, it is well to bear in mind that it is contrary to a well-known administrative principle that any one official should receive and disburse moneys and handle cheques and at the same time keep the accounts pertaining thereto. Observance of this principle will assure better safeguards in the handling of public moneys.

In line with my plan of ultimately applying the audit in the departments to the original books of entry and documents, I hope, next year, to be able to introduce this mode of audit in one or two of the more important departments, whose officials look forward to this change with favour. For reasons given in previous reports this must be done gradually and only so far as the personnel of my staff permits.

The early completion of the compilation of the details of my report this year, besides being the result of improved methods, is also due to the fact that my Chief Assistants diligently co-operated with me in this task and the employees of this office worked arduously during the summer months, in many cases postponing their annual leave until such time as they were through with their part of the work.

GEO. GONTHIER, *L.I.A., C.A.*
Auditor General.

Dépenses

Le budget de l'année financière actuelle s'élevait d'après les prévisions à $233,907,434.48, soit une diminution de $15,001,084.52 sur celles de 1925-26:—

Lois des crédits, nos 1 à 4, Session de 1926	$ 58,002,873 18

Il faut ajouter à cette somme des dépenses engagées en vertu de lois spéciales et s'élevant à $168,105,849.72, (diminution sur l'année précédente de $7,450,256.49). Le montant total des crédits prévus par le Bill des Subsides, ou en vertu de lois spéciales, s'élève à $402,013,284.20, au lieu de $424,464,625.21 pour l'année financière 1925-26, soit une diminution nette de $22,451,341.01.

Comptes des crédits

Conformément à l'article 51 de la Loi du Revenu consolidé et de la Vérification, les comptes des crédits que m'ont transmis pour vérification les différents Ministères, ont été approuvés dans la forme prescrite par la Loi. Ils paraissent dans ce volume, pages 8 à 72.

Il ressort de ces comptes que les crédits ont été dépassés d'une somme globale de **$222,657.**

Les détails de ces dépassements par crédits sont les suivants:

Le Parlement devra voter des fonds pour couvrir ces excédents de dépenses. L'état ci-après établit la comparaison des dépassements au cours des trois dernières années:

Il ressort de l'état ci-dessus qu'une amélioration très sensible s'est produite à ce sujet, les Ministères paraissant s'être efforcés de ne pas dépasser les crédits votés.

Sauf dans un ou deux cas, à la suite des comptes des crédits de chaque Ministère, je donne des explications sur ceux de ces crédits qui ont été dépassés ou non employés. Elles me furent communiquées par les fonctionnaires responsables des différents Ministères. Je suis toujours d'avis que je devrais être en mesure de donner à la Chambre des explications sur tous les crédits non employés par les Ministères.

Pendant l'année financière le montant des crédits non employés a été de $35,998,301.07 au lieu de $55,016,026.55 comme l'année précédente.

Aux comptes des crédits sont jointes des notes de vérification relatives aux déboursés ayant motivé des objections ou des observations aux Ministères intéressés, et à la fin de ce volume, pages 224 à 234, on trouvera un précis de la correspondance échangée à ce sujet et mentionnée à la page xlvii de cette introduction.

L'excédent des revenus sur les dépenses pour 1926-27, tel qu'établi par le Ministère des Finances, s'élève à $73,024,845.86, et paraît aux pages 4 et 5 des Comptes publics. L'état ci-après établit la concordance entre ce montant et celui paraissant dans mon rapport:

Revenu tel qu'il paraît à la page 5 des Comptes publics, et à la page 74 de ce rapport:			
Ordinaire			$398,695,776 38
Spécial			1,934,012 78

A déduire les montants suivants non compris dans l'état des revenus et des dépenses paraissant aux Comptes publics:

Fonds d'amortissement	3,313,140 77		
Dépenses en capital	20,056,953 99	38,632,696 83	
Dépenses paraissant à la page des Comptes publics			327,604,943 30
Excédent des revenus sur les dépenses paraissant à la page 2 des Comptes publics			73,024,845 86

Le montant total des dépenses sur le Fonds consolidé paraissant dans l'état ci-dessus s'élève à $366,237,640.13; il comprend une somme de $129,675,367.50 représentant les intérêts de la dette publique et $46,115,513.95 de dépenses résultant de la guerre. Un développement de ces dépenses, ainsi qu'un tableau comparatif avec celles de l'année précédente paraît à la page 61 de l'Introduction à ce rapport.

VÉRIFICATION DU REVENU

De nouveaux progrès ont été réalisés dans l'organisation du personnel de mon Bureau chargé de l'examen des méthodes de comptabilité, de contrôle et de rapport du revenu des différents Ministères et mes efforts dans ce sens ont amené des améliorations marquées.

Des inspections et des vérifications eurent lieu au cours de l'année, dans plusieurs bureaux de perception des Ministères, et il fut constaté que l'on s'efforçait d'adopter mes recommandations des années précédentes et que dans certains cas, il pourrait en être résulté une augmentation dans les revenus. De nouveaux progrès cependant peuvent encore être réalisés, mais ils dépendent du personnel qu'il me sera possible d'affecter à ce travail.

Un tableau sommaire des revenus de l'année paraît à la page 73 de ce volume. Le revenu ordinaire qui s'est élevé à $398,695,776.38 y est réparti par Ministère, et le revenu spécial, qui a été de $1,934,012.78, y est indiqué séparément. Un

état comparatif par Ministère du revenu ordinaire des années 1925-26 et 1926-27 paraît à la page 76. Ce dernier état indique les augmentations et diminutions par service du revenu ordinaire sur celui de l'année précédente.

Le Ministère des Douanes et de l'Accise a durant l'année, par suite d'amendes et de confiscations, y compris les saisies, encaissé une somme de $305,899.97, contre $153,114.40 en 1925-26, soit une augmentation de près de cent pour cent. Sur cette augmentation $147,535.99 proviennent de saisies en douanes.

Les modifications apportées à la Loi des Douanes pendant la dernière session du Parlement ont entre autres résultats d'assurer une plus grande protection contre les pertes de revenus dans les cas d'entrées à vue (sight entries). Cette question est traitée dans le précis de la correspondance, page 225 de ce volume.

Il est aussi d'autres questions qui donnèrent lieu à une correspondance avec les Ministères et que je tiens à signaler. Elles paraissent dans le précis sous les titres ci-après:

	Page.
Remises de droits et de taxe	226
Droits d'inspection des vapeurs non perçus en totalité	231
Destruction d'anciens timbres de trois cents	232
Remboursements d'amendes	233
Utilisation du produit de la vente du surplus de grain	234

Revenu casuel

Le montant total des recettes portées au Revenu casuel durant l'année financière 1926-27 s'est élevé à $3,310,632 98, soit une diminution de $242,525.76 sur l'année précédente. On trouve le développement de ces recettes par Ministère dans les différentes parties du volume II et à l'Appendice, page 108 des Comptes publics.

Le Revenu casuel a été classifié sous les mêmes rubriques qu'en 1925-26. On en trouve un tableau à la page 78 de ce volume, et les chiffres ci-dessous permettront d'établir une comparaison, entre les deux années:

	1926-27	1925-26	*Augmentation Diminution
Droits, licences, intérêts, loyers, timbres, etc.	$1,657,445 39	$1,385,935 29	*271,510 10
Produits de ventes de propriétés, matériaux, fournitures, etc.	618,771 99	703,329 02	84,557 03
Recettes diverses	181,959 32	387,603 32	205,644 00
Reversements de dépenses	852,456 28	1,076,291 11	223,834 83
	3,310,632 98	3,553,158 74	242,525 76

Les revenus provenant des droits, licences, etc., accusent une augmentation de $271,510.10, principalement dans les recettes suivantes:

Inspection des wagons de fruits (Ministère de l'Agriculture		$ 23,943 18
Hôtel Royal des Monnaies		
Profit sur la frappe	$ 58,980 64	
Profit sur l'affinage	66,901 80	125,882 44
Droits, etc., sur les Bills privés		14,770 69
Licences de radio		77,141 70
Services de radio, côtes de l'Est et de l'Ouest		19,511 43
Honoraires de chartes		39,751 24

Quelques-unes de ces augmentations résultent du fait qu'une partie de ces recettes autrefois ajoutées aux crédits sont maintenant déposées au Revenu casuel. Les plus fortes diminutions ont été constatées dans les loyers, etc., encaissés par les Travaux publics, qui ont baissé de $29,047.03, et dans les droits sur les brevets, qui sont moindres de $19,622.07, ces droits qui étaient une taxe de guerre n'étant plus actuellement en vigueur.

Le fléchissement de $84,557.03 constaté dans les recettes provenant des ventes de propriétés, matériaux, etc., est dû principalement à ce que par suite du "Pelagic Sealing Treaty" le produit de la vente des peaux de phoque a été inférieure de $39,072.42 à celle de l'année précédente, et que les ventes des surplus et des rebuts des magasins du Ministère de la Défense nationale ont de leur côté subi une diminution de $50,697.83. La balance provient de légères différences dans les autres Ministères.

La diminution de $205,644 dans les "Recettes diverses" provient en grande partie de ce qu'en 1925-26 on fit au Revenu casuel un virement de $314,713.87 de bénéfices accumulés les années précédentes au compte de l'Imprimeur du Roi, division de l'imprimerie. Cette diminution fut compensée en partie cette année par plusieurs augmentations qui se produisirent dans d'autres recettes de cette catégorie dont la plus importante s'élevant à $74,551.07 provient du règlement de l'incendie des casernes Rosedale.

Les remboursements des dépenses des années antérieures accusent une diminution de $223,834.83, due surtout a ce que certains montants inclus en 1925-26 dans le Revenu casuel n'y figurent pas cette année. Ce sont:—

Exposition de l'Empire britannique (Ministère de l'Immigration et de la Colonisation)	$ 40,122 64
Vente de terres (Affaires Indiennes)	24,000 00
Chèques impayés (Finances)	6,712 63
Gouvernement de l'Alberta (Rétablissement des soldats dans la vie civile)	77,481 58
Hôtel Royal des Monnaies, solde de pensions non payées	38,131 60

L'absence cette année de tout crédit au Revenu casuel pour chèques impayés provient des changements que le Ministère des Finances a apporté dans les écritures de ce compte. Sous le système des lettres de crédit l'argent destiné à payer les chèques émis pendant l'année est retenu par la banque pendant une période d'environ quinze mois après la clôture de l'année financière ou le crédit fut accordé et ce temps écoulé, sur demande du Trésor, la banque lui reverse le montant total des chèques non présentés. Le Ministère des Finances crédite ce versement au "Compte des chèques impayés" de l'année courante, et tous les chèques présentés dans la suite, même ceux des années précédentes, sont débités à ce compte, Antérieurement à 1926-27 la balance de ce compte était tous les ans portée au Revenu casuel, mais cette année le solde qui était de $10,600.64 fut laissé en compte et paraît au passif dans les Comptes publics. D'après l'ancienne méthode ces sommes qui étaient un passif ne figuraient plus comme telles dans les Comptes publics du fait qu'elles étaient portées au Revenu casuel, et comme l'on procéda ainsi pendant de nombreuses années, le montant total de ces chèques impayés porté au Revenu casuel, peut être très élevé. A mon avis, ce montant devrait paraître au passif dans le Bilan du Dominion.

Plusieurs montants perçus d'années en années en vertu de lois du Parlement, ou d'arrêtés, etc., devraient, comme je le faisais remarquer dans mon dernier rapport être considérés comme un revenu ordinaire au lieu de figurer au Revenu casuel.

Droits imposés en vertu de Lois du Parlement au sujet de l'inspection des bestiaux, des wagons de fruits, des semences, de l'alimentation du bétail, des engrais, des certificats d'exportation du bétail (Ministère de l'Agriculture)	$ 79,168 18
Produits des ventes de différentes fermes expérimentales	173,843 10
Loyers des édifices publics (Travaux publics)	95,006 93
Honoraires de chartes (Secrétariat d'Etat)	270,358 00

Pour être utile, la classification du revenu doit en faire ressortir les principales sources, or le groupement sous le titre de "Revenu casuel" de revenus divers, dont quelques-uns importants, ne permet pas d'établir des états comparatifs en facilitant l'étude.

Déboursés à même le Revenu sans autorisation parlementaire

J'attirais l'attention dans chacun de mes rapports précédents sur ce que des recettes en revenus étaient employées au paiement de certaines dépenses au lieu d'être déposées au crédit du Receveur Général. Les deux cas topiques mentionnés à la page xli de l'Introduction de mon dernier rapport figurent dans les comptes de cette année, aucune modification n'ayant encore été faite à ce sujet.

Un autre cas analogue se produit dans l'administration des Postes, il en a déjà été fait mention dans ce rapport.

VÉRIFICATION DES DÉPENSES

Bien que les difficultés déjà signalées dans mes rapports antérieurs existent toujours, je puis cependant annoncer de nouveaux progrès dans les méthodes de vérification de ce Bureau. Cela ressort d'une étude attentive des sujets traités et des renseignements fournis dans ce rapport quand on le compare à ceux d'il y a quelques années.

Comme il a été déjà mentionné au chapitre des dépenses sur le Fonds consolidé, les dépenses totales de l'année s'élèvent à $366,237,640.13. Elles se répartissent comme suit:

Dépenses sur le Fonds consolidé, y compris les paiements imputés aux comptes spéciaux	$346,180,686 14	
Dépenses en capital	20,056,953 99	
		366,237,640 13

Ces dépenses sont portées comme suit à la page 4 des Comptes publics:

Dépenses ordinaires	$319,548,172 59	
Dépenses extraordinaires	8,056,770 71	
		327,604,943 30
Dépenses en capital		20,056,953 99
		347,661,897 29

On trouvera à la page 5 de ce volume l'explication de la différence de $18,575,742.84 entre les deux totaux ci-dessus. Les états des dépenses de l'année paraissent aux pages 2 à 7 de ce volume, et sont intitulés:—

Sommaire général des crédits et des dépenses par service.
Etat comparatif des dépenses par service.
Sommaire général des crédits et des dépenses par Ministère.

A la fin du développement des dépenses de chacun des Ministères, volume II, paraît un tableau classant ces dépenses par catégories. Ces tableaux ont été réunis dans un "Sommaire" paraissant aux pages 128 et 129 du volume I. Le mode de classification suivi est le même que celui que j'avais adopté dans mon dernier rapport. Il est maintenant généralisé dans mon service et à l'avenir je me propose de m'y conformer.

Cette classification devrait être faite dans chacun des Ministères, mais il faudrait en ce cas, pour qu'elle le soit d'une façon satisfaisante, que les Départements adoptent une méthode de comptabilité basée sur une coordination et un groupement uniforme des crédits et des dépenses s'y rapportant. Le tableau ci-dessous montre le total de chaque catégorie de dépenses pour l'année en cours et leur comparaison avec celles de l'année précédente.

Dans le tableau suivant les dépenses de 1926-27 sont, comme les années précédentes, réparties en six chapitres principaux. Il donne aussi le pourcentage des deux dernières années pour chaque catégorie et permet d'établir une comparaison entre elles. Bien que ces pourcentages soient tout en même temps intéressants et instructifs, il ne faut pas perdre de vue qu'ils sont établis chaque année sur un total différent de dépenses, et il s'ensuit que l'augmentation du pourcentage ne signifie pas nécessairement une augmentation réelle dans les dépenses.

Les relations internationales du Canada ayant pris un développement marqué, au cours de ces dernières années, il en est résulté pour le Dominion une augmentation sensible dans ses frais de représentation extérieure. On trouvera ci-dessous un tableau permettant d'établir une comparaison entre les deux dernières années. Les frais du service de renseignements commerciaux du Ministère du Commerce et ceux des agences à l'étranger du Ministère de l'Immigration ne figurent pas dans ce tableau. Les dépenses de la Commission internationale mixte et celles de la négociation des traités n'y paraissent pas non plus.

La diminution dans les dépenses du Haut Commissaire à Londres provient de ce qu'aucun loyer n'a été payé cette année, ses bureaux étant maintenant dans le "Canada Building" propriété du Gouvernement canadien.

Comme aucun changement n'a été apporté dans les catégories de dépenses soumises à une vérification préalable, si j'en excepte les comptes d'élections, le montant vérifié en 1926-27 a été pratiquement le même qu'en 1925-26. Les principales sont: paiements des travaux par contrats, comptes d'élections, paiements à l'étranger, la plupart des paiements des comptes spéciaux ou fiduciaires et tous les comptes de $25,000 ou plus, y compris les drawbacks et les reversements de droits de douanes et d'accise.

Poursuivant la coutume que j'ai établie de faire des inspections aussi nombreuses que possible des bureaux extérieurs des Ministères, je fis inspecter au cours de l'année plusieurs des plus importants d'entre eux. Il ne me fut pas possible de faire autant d'inspections que je l'eusse désiré, car outre les vérifications courantes, il me fallut m'occuper de travaux spéciaux tels que la vérification

préalable des réclamations pour la remise des droits d'accise sur les automobiles, perfectionner l'organisation commencée les années précédentes des nouvelles méthodes de rédaction et de préparation de mon rapport annuel, et de la vérification des comptes des deux dernières élections fédérales, questions traitées dans des chapitres suivants de ce rapport.

Quelques-unes des questions mentionnées dans le "Précis de la correspondance" du rapport de 1925-26 (volume I, pages 247 à 258), sont restées au même point, mais il est maintenant possible de donner les informations complémentaires sur les suivantes:

Page 250—Département des Affaires Indiennes—Avances pour frais de voyage—Cet argent avait été avancé à un Indien d'une réserve de la Colombie britannique, venu à Ottawa exposer au Ministère certaines revendications le concernant. Se trouvant sans argent pour payer son voyage de retour, il était à charge au Ministère qui lui versa une somme d'argent à même le Fonds fiduciaire de sa bande.

Page 252—Emploi d'un commis temporaire par le Ministère de la Marine et des Pêcheries sans y avoir été autorisé par la Commission du Service Civil—Ce commis continue à être employé en contravention de la Loi.

Page 252—"Prince Rupert Drydock and Engineering Company"—Le Département a promis de communiquer sous peu un état de compte de la somme de $40,000, détenue conjointement en fidéicommis par MM. Tibbits et W. E. Hodges.

Page 252—"Déficit dans la perception des droits d'inspection des vapeurs"—Au cours de 1926-27 il fut perçu une somme de $50 et le Ministère de la Marine est d'avis de ne pas donner suite à cette affaire pour les $100 restant impayés.

Page 253—"Droit de quayage à Sault Ste-Marie"—Aucun changement ne s'est produit quant aux époques où les sommes encaissées doivent être déposées au crédit du Receveur Général.

Page 254—Sommes dues par les Ministères à l'Imprimeur du Roi". Au 31 mars 1927, les sommes dues par les Ministères à l'Imprimeur du Roi se montaient à $47,238.87, au lieu de $243,419.89 au 31 mars 1926, soit une différence en moins de $196,181.02.

Page 257—"Crédit 129—Levés et inspections—Chemins de fer"—Les objections que j'avais soulevées au sujet de certaines dépenses imputées à ce crédit et paraissant ne se rapporter ni aux levés ni aux inspections ne sont plus motivées, le titre de ce crédit ayant été changé en celui de "Services divers".

Je veux tout spécialement attirer l'attention sur quelques-unes des transactions de 1926-27 qui nécessitèrent un échange de correspondance entre les Ministères et mon Bureau et dont un précis paraît aux pages 224 à 234 de ce volume (voir index pages 210 à 212). Il est désirable qu'une directive soit indiquée aux Ministères concernés et à l'Auditeur Général relativement aux irrégularités, lacunes ou divergences de vue et d'opinion qui y sont exposées, afin que si des cas semblables venaient encore à se produire il ne soit plus nécessaire de les signaler à nouveau à la Chambre. En outre, l'attention des Ministères fut attirée sur de

nombreuses questions, réglées depuis à leur satisfaction et à celle de ce Bureau et dont quelques-unes en plus des suivantes, sont mentionnées dans d'autres chapitres de ce rapport:—

1° On remarquera pages 224, 228 et 229, des cas où l'estimation du montant des indemnités de vivres et de logement auxquelles ont droit des employés du Gouvernement n'a pas été faite comme le demande la Loi des pensions et il en résulte que le plein montant des retenues n'a pas été effectué dans ces cas.

2° L'hon. M. Duff, vice-président de la Chambre des communes ayant touché les émoluments de sa charge du 13 décembre 1926, date de l'élection de son successeur, au 31 mars 1927, ce paiement donna matière à correspondance entre le Greffier de la Chambre des communes et mon Bureau. On en trouve un précis à la page 230.

3° Le Gouvernement fédéral ayant depuis de nombreuses années adopté comme règle de faire tous les paiements par chèques à ordre, j'attirai l'attention du Ministère de la Marine et des Pêcheries au sujet du paiement en argent des équipages des dragues du Saint-Laurent. Le Ministère me répondit qu'étant donné les conditions particulières où se trouvent ces équipages, le paiement par chèque n'est pas pratique. Aucun changement n'a été apporté dans le mode de paiement. Voir précis page 230.

4° On trouvera page 232 des observations faites sur les travaux par contrat entrepris par le Ministère des Travaux publics et à la page 233 sur ceux entrepris par le Ministère du Commerce.

5° Comme je suis d'avis que tous les octrois qui ne sont pas sujets à vérification ne doivent être accordés qu'en vertu d'une autorisation du Parlement, je mis en doute la régularité d'un virement de $1,150 au "Fine Fund" de la Police montée. Le Commissaire déclara qu'à l'avenir l'autorisation du Parlement serait obtenue pour de semblables paiements. Voir précis page 233.

6° La légalité du reversement ou de la remise des droits ou des taxes est souvent mise en question, et dans bien des cas soulève des difficultés. Aux pages 225 et 226 se trouve la réponse du Ministère des Douanes et de l'Accise au sujet de trois de ces cas et, à la page 233, l'opinion du Ministère de la Justice sur les pouvoirs du Gouverneur Général, en vertu de ses prérogatives de remettre des amendes ou toute autre pénalité.

A la page 208 de ce volume paraît la correspondance échangée avec le Conseil du Trésor sur la question d'assurances des automobiles. A la suite de ma lettre le Conseil du Trésor prit un arrêté, qui fut approuvé par le Gouverneur en son Conseil, confirmant que la décision déjà prise par le Gouvernement d'être son propre assureur devait s'étendre, sans distinction, à tous les automobiles lui appartenant.

Au sujet de la vérification des chèques de paiement d'intérêts sur les obligations nominatives du Dominion, et dont j'ai déjà parlé dans mes derniers rapports, le vérificateur de mon Bureau chargé de l'examen des comptes du Ministère

des Finances déclare: "La question de la mise à point de la vérification des paiements d'intérêts sur la dette publique a fait de tels progrès qu'on en est arrivé à une entente qui permettra de l'effectuer dans de meilleures conditions. Des états sont en voie de préparation au Ministère pour faciliter la vérification des comptes d'intérêts de 1927-28 et aussitôt reçus, des mesures seront prises pour appliquer un système plus effectif de vérification sur les paiements d'intérêts."

Mandats du Gouverneur général

A la dissolution du Parlement, le 2 juillet 1926, les sommes votées ne dépassaient pas le quart des crédits principaux et étaient à peine suffisantes pour faire face aux besoins des Ministères jusqu'au 30 juin. Afin de ne pas arrêter la marche normale des services publics jusqu'à l'époque où le nouveau Parlement se réunirait, il fallut pour se procurer les sommes nécessaires recourir à des mandats du Gouverneur Général. Entre la dissolution du Parlement, le 2 juillet, et la réunion de la nouvelle Chambre le 9 décembre, vingt-trois mandats (23) du Gouverneur Général pour un montant total de $80,671,982.82, furent émis. Sept de ces mandats s'élevant à $78,425,063.07 étaient pour les services généraux de tous les Ministères et les seize autres s'élevant à $2,246,-919.75, pourvoyaient à des services particuliers ou individuels. Sur le montant total autorisé, $79,758,098.74 furent appliqués aux services pour lesquels des provisions avaient été demandées dans les crédits principaux et $913,884.08 couvraient des dépenses non comprises dans ces crédits. Le détail en paraît dans les crédits revisés de 1926-27 présentés au Parlement, en décembre, dès qu'il se fut réuni.

Pendant cinq mois, de juin à novembre, on pourvut aux services généraux par mandats mensuels.

Le montant de ces mandats était fixé d'après des états établis par les Ministères, indiquant les sommes requises, et avant d'être émis, étaient revisés et approuvés par le Département des Finances.

Conformément aux instructions reçues, les Ministères ne devaient comprendre dans ces états que les montants dont ils avaient un besoin urgent et immédiat, pour assurer les services compris dans les crédits principaux, et pour des travaux non prévus ne pouvant être différés. Les Ministères avaient également été requis quand ils faisaient application à ce Bureau pour un crédit de faire figurer dans leur demande les noms des différents services et le montant nécessaire pour chacun d'eux. Bien que ce Bureau n'eut pas un contrôle direct sur les chèques émis par les différents Ministères, les états mensuels de ces chèques étaient vérifiés soigneusement pour s'assurer qu'aucun paiement n'était fait en faveur de services non prévus par les mandats ou dépassant les montants autorisés.

Aussitôt après que le Parlement se fut réuni, un Bill des Subsides fut présenté pour le solde des crédits principaux de 1926-27, déduction faite des montants précédemment votés et de ceux autorisés par mandats du Gouverneur Général. Il fut sanctionné le 15 décembre 1926.

L'état des dépenses engagées en vertu de mandats du Gouverneur Général, fut établi par l'Auditeur Général comme le demande la Loi du Revenu consolidé et de la Vérification, et présenté à la Chambre des communes le 14 décembre 1926.

Paiements non effectués pendant l'exercice financier

L'article 61, alinéa (*e*) de la Loi du Revenu consolidé et de la Vérification m'ordonne dans le rapport que je présente au Parlement sur les comptes de crédit, d'attirer son attention sur tous les paiements de comptes non effectués pendant l'année financière à laquelle ils se rapportent. Cet alinéa a été interprété comme m'obligeant de signaler tout cas où des réclamations datant d'une année financière précédente, ont été payées au cours de l'année suivante. Comme je l'ai déjà fait remarquer dans mes rapports, aussi longtemps que les modifications apportées en 1922 à l'article 50 de la Loi du Revenu consolidé et de la Vérification seront en vigueur, des paiements semblables auront lieu chaque année. Par suite de leur grand nombre, il serait trop long de les énumérer en détail, ils sont d'ailleurs compris dans le développement des dépenses de chacun des Ministères, volume II. Au cours de cette année le montant total de ces paiements a légèrement dépassé $2,000,000.

Paiements à tempérament

Les rapports précédents mentionnaient des versements sur les immeubles suivants achetés à tempérament par le Gouvernement, pour y installer des services:—

Garage Grant, Montréal, magasin militaire.

Edifice Lavut, Montréal, bureau de poste G.,

Edifice Daly, Ottawa, bureaux de Ministère,

Edifice "Ottawa Wine Vault", Ottawa, ateliers des Travaux publics,

Edifice Caswell, Saskatoon, salle militaire.

Après que les différents paiements échus au cours de l'année financière furent effectués, il restait, au 31 mars 1927, sur le prix convenu de $1,702,640.19, une balance impayée de $603,694.87. En plus des paiements réguliers faits sur ces immeubles le Ministère a versé $1,882.05, pour acquitter les intérêts sur des paiements échus.

En 1926-27, un contrat analogue fut passé avec la "Westmount Armoury Association". Cette société a construit à Westmount (Qué.), une salle d'armes au moyen de fonds provenant en partie de souscriptions privées et en partie d'une hypothèque de $140,000 payable en vingt ans. Cette salle d'armes fut louée au Ministère des Travaux publics qui s'engagea à faire pendant vingt ans des paiements semestriels de $6,312.15. A la fin de cette période, par suite de ces paiements, l'hypothèque se trouvera éteinte et le titre de propriété transféré au Gouvernement, sous réserve que cette salle soit toujours employée à des fins militaires.

Au cours de l'année financière, la somme de $12,624.30, prévue par le contrat, fut versée.

Demande à la banque d'un crédit supérieur au montant voté

Le Ministère du Rétablissement des Soldats dans la vie civile demanda qu'il lui soit ouvert à la Banque de Montréal un crédit supérieur à celui prévu par le Parlement. Un dépassement dans les dépenses avait été occasionné par le paiement de pensions accumulées après la prorogation du Parlement que, comme me le fit remarquer le Ministère, il n'était pas possible de prévoir quand les évaluations budgétaires de l'année furent préparées.

Des chèques, signés par les fonctionnaires compétents du Ministère, ayant déjà été remis aux retraités et tirés sur la banque, j'approuvai la demande et le remboursement du montant.

Le Ministère des Finances reconnût, comme moi, que par suite des circonstances exceptionnelles qui avaient nécessité ces dépassements, l'autorisation de crédit, bien qu'irrégulière en soi, ne pouvait être évitée.

Élections

Les dépenses occasionnées par les élections en 1926-27 se sont élevées à $1,844,479.31, dont $1,623,723.15 provenaient des comptes des élections générales du mois de septembre 1926. Mon Bureau reçoit également les dépôts des candidats et les leur reverse. A la suite des élections de 1926, une somme de $15,200, provenant des dépôts des candidats n'ayant pas obtenu le nombre de voix nécessaire, fut confisquée et versée au crédit du Receveur Général. La nature de ces comptes et les conditions dans lesquelles ils sont établis exigent une vérification minutieuse avant paiement. Son importance est démontrée par le nombre de comptes qui ont été rejetés ou dont le montant fut considérablement réduit.

Ayant pu agrandir mes bureaux, il me fut possible d'y employer un personnel plus nombreux et éviter ainsi les retards qui avaient eu lieu lors des élections précédentes. Il en résulta que 64,210 chèques furent émis dans les deux mois qui suivirent les élections de 1926, soit 30 pour 100 de plus que dans une même période pour les élections de 1925, et qu'au 30 novembre 1926, 82 pour 100 de la totalité des comptes de cette élection étaient réglés. Il eut été possible de faire mieux encore si les officiers rapporteurs des différentes circonscriptions électorales s'étaient conformés aux instructions du directeur général des élections et avaient transmis plus promptement leurs comptes.

On se fera une idée plus exacte de l'importance du travail nécessité par le règlement de ces comptes, si l'on considère qu'ils donnèrent lieu à un échange de 97,429 lettres, dont 66,578 furent écrites en octobre et novembre 1926.

En outre du personnel temporaire employé, et dont les salaires se sont élevés à $15,407.74, chargés directement aux dépenses électorales (voir volume II, page N-66), vingt-sept (27) employés permanents de mon Bureau y ont également été occupés pendant environ six mois, et leurs salaires se montant à $23,-325.85 sont compris dans les traitements du Gouvernement civil, paraissant à la partie BB. du volume II de ce rapport.

L'augmentation du montant des salaires provient de ce que le règlement des comptes d'élections de 1925 ne fut terminé qu'en 1926 et qu'il fallut mettre à jour la comptabilité des deux élections.

Achat et Frais d'entretien des automobiles

Durant l'année le total des dépenses pour achat d'automobiles neuves, réparations ou remises à neuf, etc., s'est élevé à $484,388.69, soit $140,959.91, ou environ 40 pour 100 de plus que l'année précédente (voir l'état paraissant aux pages 128 et 129 de ce volume). Le coût de l'essence et des lubrifiants n'est pas compris dans les chiffres donnés pour ces deux années.

Ce mode de locomotion se développe avec une telle rapidité que je dois répéter ce que je disais dans mon dernier rapport, qu'il est essentiel, dans un but d'économie, d'établir un contrôle plus effectif. Chaque Ministère devrait tenir

des comptes indiquant le nombre de milles parcourus par chaque voiture, le coût de l'essence, des réparations, des remises à neuf, etc. Je comprends que quelques Ministères tiennent de tels comptes et qu'il en résulte une économie appréciable.

Exposition de l'Empire britannique

Depuis la clôture des comptes de l'année financière 1925-26, une somme de $11,085.59 fut reversée au Ministère de l'Immigration et de la Colonisation sur les déboursés qu'il avait effectués pour l'exposition de l'Empire britannique à Wembley, et créditée au Revenu casuel. Ce montant provient de la vente de matériaux, de sommes non utilisées, etc., et le coût total net de l'exposition, donné à la page xlix de mon rapport de 1925-26 comme étant de $1,243,108.51, se trouve être réduit à $1,232,022.92. Les frais pour continuer de tenir ouvert le pavillon canadien pendant le seconde année (1925) ne sont pas compris dans le montant ci-dessus. Ils se sont élevés à £59,427-3-6 ($284,270.22) et, conformément à un arrangement spécial conclu entre le Gouvernement et la Corporation de l'Exposition de l'Empire britannique, Wembley (1925), furent soldés par cette dernière.

Les livres de comptes et les autres documents que, dans mon dernier rapport, je disais avoir reçus, ont été depuis vérifiés avec soin. On tenta aussi de vérifier l'inventaire de tous les objets restant à la fermeture de l'exposition et renvoyés au Canada, mais cela ne fut pas posssible. On recommanda au Ministère de contrôler avec soin ceux dont il disposerait d'une façon définitive, et d'en faire rapport.

Fermes expérimentales

Je mentionnais dans mon rapport de 1925-26 qu'un des employés de mon Bureau s'était rendu dans plusieurs fermes expérimentales de l'Est du Canada pour y inspecter les méthodes d'encaissement et de comptabilité. Les méthodes principales suivies dans ces fermes, auxquelles je m'objectai alors, étaient celles relatives aux "Comptes d'échange des produits agricoles" et aux "Recettes réemployées".

Il ressort d'une inspection faite récemment dans six de ces fermes que les comptes d'échange ont été discontinués.

Il n'a été toutefois constaté, aucune amélioration ni changement dans la tenue des écritures des recettes remployables, dont une partie considérable, au lieu d'être déposée comme revenus au crédit du Receveur Général, est remployée sans autorisation parlementaire. L'article 35 de la Loi du Revenu consolidé et de la Vérification interdit formellement cette pratique.

Sauf l'exception ci-dessus et les besoins d'améliorations dans les écritures relatives aux déboursés faits à même les avances du Ministère à ses employés, mes recommandations faites après la première inspection des fermes, ont été suivies.

Le coût net d'exploitation, de toutes les fermes durant l'année, tel qu'il ressort de l'excédent des dépenses sur les produits des ventes, a été $1,444,-286.50, soit une diminution de $7,012.39 sur l'année précédente.

Un sommaire des revenus et des dépenses des fermes expérimentales du Gouvernement se trouve à la page 186 de ce volume.

Chemin de fer de la Baie d'Hudson

Des levés furent commencés en 1908 pour une ligne de chemin de fer entre Le Pas et la Baie d'Hudson. Le premier contrat de construction fut accordé en 1911 à J. D. McArthur. Les travaux furent continués jusqu'en 1918, mais durent alors être abandonnés par suite des conditions résultant de la guerre.

En vertu d'un arrêté en Conseil (C.P. 115, en date du 20 janvier 1923) rendu conformément aux dispositions de l'article 11, de la Loi des Chemins de fer Nationaux du Canada, 1919, la direction et l'exploitation du chemin de fer de la Baie d'Hudson furent confiées à la compagnie du Chemin de fer National du Canada.

Un nouvel arrêté en Conseil (C.P. 974, en date du 25 juin 1926), stipule que:

(1) La direction et l'exploitation du chemin de fer de la Baie d'Hudson confiées à la compagnie du Chemin de fer National du Canada doivent prendre fin à dater du 1er avril 1926.

(2) Le Ministre des Chemins de fer et des Canaux est autorisé à passer un contrat avec les Chemins de fer nationaux du Canada, qui seront les représentants du Ministère pour l'exécution des travaux de construction et d'amélioration du Chemin de fer de la Baie d'Hudson.

En conséquence, un contrat fut passé avec la compagnie du Chemin de fer National du Canada pour effectuer ces travaux de construction et d'amélioration. La compagnie devant faire elle-même les paiements qui lui seraient remboursés par le Ministère, après vérification des comptes et des bordereaux de paye.

Par suite de certaines difficultés empêchant de produire à Ottawa les pièces justificatives des déboursés, j'envoyai à Winnipeg un de mes inspecteurs qui fît cette vérification dans les bureaux même du Chemin de fer National. Il devait également constater si la méthode adoptée par le Ministère permettait de s'assurer si tous les matériaux payés étaient livrés et employés dans les travaux en cours. Le rapport de cet inspecteur doit m'être remis prochainement, mais il m'a informé que la méthode adoptée par le Ministère pour le contrôle et la vérification des dépenses a été trouvée généralement satisfaisante et que ses instructions paraissent être observées fidèlement.

Au 31 mars 1926, la dépense totale en capital du chemin de fer de la Baie d'Hudson, (y compris les têtes de ligne) telle qu'indiquée dans les rapports de l'Auditeur Général de 1908-09 à 1925-26, était de $20,732,679.86 (voir Comptes publics, 1925-26—Appendice "F", chemin de fer de la Baie d'Hudson, $14.411,-954.86, tête de ligne de Port Nelson $6,320,725.00.) Au cours de l'année financière 1926-27 les travaux de construction et d'amélioration ont entraîné des dépenses s'élevant à $2,825,454.40, dont on trouvera le détail dans le volume II, partie W, Ministère des Chemins de fer et des Canaux, pages 54 à 56.

Commission impériale des Tombes militaires

Le montant de $799,767.24, indiqué à la page Q-64, volume II de ce rapport, représente les sommes dépensées par la Commission impériale des tombes militaires et comprend la quote-part et le règlement complet du Canada au 31 mars 1927, dans les travaux de construction et d'entretien des cimetières et des tombes militaires, dans les différentes parties du monde, et dans l'"Endowment Fund" de £5,000,000 créé pour couvrir à perpétuité les frais d'entretien.

Pour l'année courante, comme pour les trois ans et demi qui vont suivre, un crédit annuel de $573,580 représentant probablement les dernières contributions devant être fournie par le Canada sera encore nécessaire.

Imprimeur du Roi—Comptes d'avances

Dans mes rapports de 1924-25 et 1925-26, j'attirais l'attention sur la méthode suivie pour les écritures du compte d'avances de l'Imprimeur du Roi, qui, à mon avis, n'est pas conforme aux dispositions de la Loi sur l'Imprimerie et la Papeterie, tout particulièrement en ce qui concerne le montant des avances qui lui sont faites de temps à autre. Cette question fut officiellement soumise par moi au Conseil du Trésor, qui en référa au Ministère de la Justice. Le Sous-ministre de la Justice fut d'avis que ma façon de voir était fondée, mais son opinion fut connue trop tard pour permettre d'apporter à la Loi les modifications nécessaires au cours de la dernière session. Par suite et afin d'éviter une cessation possible du travail à l'Imprimerie, il fut convenu entre le Sous-ministre des Finances et moi que pour le moment, nous autoriserions sous notre responsabilité commune, des avances supérieures aux $200,000 prévus par la Loi, après qu'il eut été entendu que l'Imprimeur du Roi diminuat autant que possible le montant de ces avances. Comme résultat de cette entente, le total de ces avances qui était au 31 mars 1926 de $741,568.71 n'était plus à la fin de l'année financière actuelle que de $572,345.39. Bien que ce dernier montant accuse une diminution de $169,223.32, sur le précédent, il dépasse encore de $372,345.39 celui autorisé.

Les travaux d'imprimerie exécutés pour les différents Ministères et les articles de bureau, qu'au cours de l'année ils se sont procurés sans s'adresser au préalable à l'Imprimeur du Roi, ou sans son approbation, à part les cas ci-après, ont été de peu d'importance et nécessités par des besoins urgents et imprévus. On trouve aux pages 226 et 231 de ce volume la correspondance échangée avec ceux d'entre eux ayant négligé de se conformer à cette clause de la Loi. Les agences ou les bureaux des Ministères situés à l'étranger ont coutume d'acheter sur place les articles de bureau qui leur sont nécessaires sans en référer à l'Imprimeur du Roi, mais comme il n'existe dans la Loi de l'Imprimerie et de la Papeterie, aucune disposition prévoyant ces achats, j'estime que pour légaliser cette pratique cette loi devrait être modifiée. D'après la Loi sur les Elections, les listes d'électeurs, les proclamations, bulletins de votes, etc., sont commandés directement par les officiers reviseurs ou rapporteurs à des imprimeries locales; ces derniers comptes dont le montant total était en 1826-27 de $290,619.31 sont examinés et approuvés dans mon Bureau, et seules les réclamations douteuses sont soumises à l'Imprimeur du Roi.

L'Imprimeur du Roi a, au cours de l'année fait faire en dehors, des travaux d'imprimerie, et de lithographie, etc., se montant à $249,193.06, contre $252,576.91 l'année précédente.

Une inspection des stocks disponibles et des matières a été faite comme le demande la Loi de l'Imprimerie et de la Papeterie, et sauf certaines différences entre les grands livres des matières et le stock disponible, différences que recherche le Ministère, les résultats de cette inspection furent satisfaisants.

On trouvera aux pages 154 et 155 de ce volume, les états des comptes d'avances à l'Imprimeur du Roi pour les divisions de l'Imprimerie et de la Papeterie.

Frais judiciaires—Déboursés et frais taxés

Aux pages 169 à 175 de ce volume paraît l'état ordinaire des frais judiciaires, etc., payés au cours de l'année et indique le montant versé à chaque avocat ou société d'avocats, et celui des frais judiciaires payés par chaque Ministère. J'ai séparé cette année les déboursés et frais judiciaires des frais taxés contre l'Etat, ces montants s'établissent comme suit:—

Frais judiciaires et déboursés	$	373,707 18
Frais taxés		12,249 88
Total		385,957 06

Ce total est supérieur de $161,961.26 à celui de 1925-26. Les principales augmentations furent constatées dans les Ministères suivants:

Douanes et Accise (Revenu National)	$	23,760 18
Finances		59,295 21
Justice		31,652 47
Législation		21,284 80
Marine et Pêcheries		23,450 21
Chemins de fer et Canaux		16,856 16

Les augmentations dans les Douanes, les Finances et la Législation furent occasionnées pratiquement en totalité par l'enquête sur les Douanes. Celle du Ministère de la Justice est due à plusieurs causes spéciales, parmi lesquelles sont: le procès des Esquimaux meurtriers, la délimitation des frontières du Labrador, l'enquête sur l'élection de l'Athabasca, un appel au Conseil Privé de l'Empire relatif à la Loi de l'observance du Dimanche. L'augmentation constatée dans le Ministère de la Marine peut s'expliquer par des honoraires judiciaires votés spécialement pour certains cas, et celle du Ministère des Chemins de fer par les frais de deux appels au Conseil Privé.

Les réductions les plus importantes se produisirent au Département des Affaires indiennes et au Ministère du Commerce, la première étant de $7,243.99 et la seconde de $17,150.77.

Prêts, Subventions et Octrois—Allocations et Contributions

Comme dans mes rapports précédents, je suis toujours d'avis que les paiements d'octrois qui ne sont pas soumis à ma vérification devraient être autorisés par le Parlement. Je constate toutefois de grands progrès sur ce point, plusieurs crédits généraux votés depuis, contenant une clause autorisant à même ces crédits des paiements d'octrois pour une fin déterminée. Dans nombre de cas cependant on continue à faire de ces paiements à même des crédits généraux ne contenant aucune clause semblable.

Dans le relevé des prêts, subventions, etc., paraissant aux pages 167 à 169 de ce volume, j'indique dans chaque cas si le paiement est autorisé par un crédit spécial, ou s'il a été pris à même un crédit général sans clause l'autorisant.

Au cours de l'année le total de ces paiements a été pratiquement le même que celui de l'année précédente, si l'on fait exception d umontant des prêts consentis aux Commissions des ports du Canada qui a été moins élevé d'environ $8,100,000.

Secours aux déposants de la "Home Bank"

Conformément à la "Loi de secours aux déposants de la Home Bank", 1925, on continua au cours de l'année à payer les réclamations des déposants de cette banque. Les sommes imputées sur les $3,000,000 prévus par la Loi furent les suivantes:

Avances aux liquidateurs pour être déboursées par eux conformément aux dispositions de la Loi	$ 250,000 00
Avances à l'Hon A. K. MacLean, commissaire en vertu de la Loi, pour dépenses	5,000 00
Murphy et Donald, avocats, Toronto, honoraires	1,775 87
Total des déboursés pour l'année 1926-27	256,775 87

Des paiements semblables, effectués en vertu de cette Loi, paraissent à la page 1 de l'Introduction de mon rapport de 1925-26. Le sommaire suivant fait voir la situation de cette allocation depuis le jour où elle fut votée jusqu'au 31 mars 1927.

Total des avances autorisées par la Loi		$3,000,000 00
Déboursés:		
Aux liquidateurs, G. T. Clarkson et I. E. Weldon	$2,750,000 00	
A l'Hon. A. K. MacLean, commissaire en vertu de la Loi, pour dépenses	25,000 00	
A MM. Murphy et Donald, avocats, honoraires	2,858 50	2,777,858 50
Balance disponible		222,141 50

Les réclamations des créanciers sont partagées en deux groupes: (1) réclamations au-dessus de $500, (2) réclamations au-dessous de $500. Les deux groupes sont payés par les liquidateurs, mais la Loi exige que la Commission fasse une enquête avant de payer celles du premier groupe.

La vérification des paiements faits durant l'année par les liquidateurs, a eu lieu chaque fois que des états appuyés de pièces justificatives s'y rapportant m'ont été transmis, mais je n'ai encore reçu aucun état, ou pièce justificative pour les réclamations dépassant $500.

Les réclamations au-dessous de $500 vérifiées en 1926-27 par le Ministère des Finances et mon Bureau s'élevaient à $901,529.34, laissant sur les sommes versées aux liquidateurs une balance à justifier de $1,848,470.66.

Sur les $25,000 d'avances consenties au Commissaire, des pièces justificatives ont été produites et vérifiées pour un montant total de $14,258.96, et la balance restant à justifier s'élève à $10,741.04. Le détail de ces dépenses paraît au volume II de ce rapport, partie F, page 24.

Remise de droits d'accise sur les automobiles

Dans son budget, le Ministère des Douanes et de l'Accise avait prévu une somme de $1,690,000 (1926-27, crédit 348) pour le remboursement des taxes d'accise payées par les marchands sur les automobiles restant invendues au 18 décembre 1920, date à laquelle cette taxe fut supprimée par un arrêté en Conseil.

Les remboursements faits à même ce crédit se sont élevés au cours de cette année à $1,549,207.90, et comprennent les intérêts à 5% l'an pendant six ans sur les montants alloués aux réclamations originales. Ces reversements furent au préalable autorisés par le Gouverneur en son Conseil et se répartissent comme suit: aux fabricants, $482,923.19, aux marchands, $796,746.12, à J. R. Dixon,

d'Ottawa, $206,015.15, commission de 15 pour cent que s'étaient obligés de lui payer les fabricants et les marchands; au Receveur Général, pour arriérés de taxes sur bénéfices commerciaux et droits d'accise dus à la Couronne, $63,523.44.

Voulant être assurés que ces réclamations étaient bien conformes à l'arrêté en Conseil, des fonctionnaires de mon bureau en firent avant paiement une vérification minutieuse.

On trouvera le développement de ces paiements dans le volume II, partie D, page 123.

Service spécial de surveillance

Le budget du Ministère des Douanes et de l'Accise pour 1926-27 (crédit 349) prévoyait une somme de $350,000 devant être employée à faire une enquête sur des fraudes signalées dans la perception du revenu, à pourvoir à l'achat d'automobiles et à la location ou l'achat de bateaux pour la surveillance de la contrebande.

Au cours de l'année, les dépenses imputables sur ce crédit se sont élevées à $244,308.16. Elles paraissent en détail dans le volume II, partie D, pages 111 à 113, et se résument comme suit:—

Location et exploitation des bateaux patrouilleurs dans les Provinces Maritimes; achat et entretien d'automobiles, etc....$	121,945 74
Salaires et frais de voyages.....	98,077 47
Enquêtes	24,284 95
	244,308 16

Autrefois tous les chèques payés émis contre les avances faites au directeur du service de surveillance étaient conservés au Ministère, ils me sont maintenant transmis pour fins de vérification et de contrôle.

Le service de surveillance étant en grande partie secret les noms des fonctionnaires n'en sont pas donnés dans ce rapport.

Dépenses imprévues

Les dépenses effectuées à même le crédit de $60,000 voté pour "Dépenses imprévues" se sont élevées au cours de l'année à $24,605.31, soit une diminution de $6,086.55 sur l'année précédente. La nature très variable des dépenses comprises dans ce chapitre fait qu'il est très difficile, sinon impossible, de donner une explication satisfaisante des différences s'y produisant d'une année à l'autre. En 1926-27 la plus forte dépense engagée sur ce crédit s'est élevée à $14,055.42 et fut occasionnée par la visite au Canada des Premiers Ministres de la Nouvelle Zélande et de l'Australie. A la page 33 de ce volume paraissent les montants dépensés à même ce crédit et le détail en est donné dans le volume II, parmi les dépenses de chacun des Ministères. En conformité des termes de la Loi, ces dépenses avant d'être engagées furent approuvées par le Gouverneur en son Conseil.

Canal de navigation Welland

Les travaux de ce canal qui depuis les derniers mois de 1913 n'ont cessé de progresser, sont maintenant assez avancés. Des contrats ont été donnés pour toute la longueur du canal, et celui pour la dernière sous-section, connue sous le nom de section 4B et comprenant des travaux de creusement sur une longueur d'environ 1,300 pieds a été accordé le 28 juillet 1926 à Johnston P. Porter.

Le montant total dépensé pour la construction du canal, (déduction faite des $142,483.82 de remboursements de dépenses des années précédentes) a été, en 1926-27, de $13,846,477.92 payé à même les crédits 106 et 107. Le détail de ces dépenses pour 1926-27 paraît dans le volume II, Ministère des Chemins de fer et Canaux, partie W, pages 56 à 65 et 76.

Loi des Grandes routes du Canada

On trouvera dans le volume II, partie W, pages 22 à 25, Ministère des Chemins de fer et Canaux, le détail des sommes payées en vertu de la Loi des Grandes Routes du Canada. Le montant des subventions fédérales accordées aux provinces durant l'année financière 1926-27, a été de $346,496.52, accusant une diminution de $1,302,832.17, sur 1925-26.

Au 31 mars 1927, sur les $20,000,000 autorisés par la Loi, $18,775,604.25 avaient été versés aux différentes provinces. La balance restant encore à payer étant de $1,224,395.75 se repartit comme suit: Ontario, $53,269.37; Manitoba, $257,045.27; Saskatchewan, $121,860.93; Alberta, $792,220.18.

D'après la loi en vigueur, la période durant laquelle ces subventions peuvent être payées aux provinces, expire le 31 mars 1928.

Commissaire des Indiens—Compte d'accroissement de production

Dans l'Introduction de mon rapport 1925-26, au chapitre intitulé "Diversion du Revenu" je mentionnai le "Compte du projet d'accroissement de production" du Commissaire des Indiens de Regina. Un fonctionnaire de mon service en fit la vérification durant l'été de 1926.

On trouve à la page 227 de ce volume un résumé des recommandations que je fis à la suite de cette inspection pour qu'on établisse un meilleur système de comptabilité dans ce bureau.

Ce projet, autorisé par un arrêté en Conseil en date du 16 février 1918, et en vertu de la Loi sur les mesures de guerre, fut entrepris au printemps de 1918. Il avait en vue l'exploitation des terres appartenant aux Indiens dans les provinces du Manitoba, de la Saskatchewan et de l'Alberta, dans le but d'accroître la production du grain et d'augmenter le nombre de têtes de bétail. Un Commissaire fut désigné pour sa mise à exécution auquel on avait assigné certains devoirs et conféré certains pouvoirs. Pour faire face aux dépenses qu'il entraînait, des avances se montant à $362,000 furent faites à même les crédits de guerre. Elles devaient être remboursées sur les produits de l'exploitation au fur et à mesure des rentrées. Au mois de janvier 1922 un nouvel arrêté en Conseil abrogeait celui du 16 février 1918.

Dans les premiers mois de 1918, des travaux agricoles furent entrepris dans plusieurs réserves indiennes. Ils furent continués pendant plusieurs années, mais le nombre des fermes exploitées alla graduellement en diminuant, et depuis 1922, ce projet n'est plus poursuivi que sur une seule ferme de la réserve de Muscowpetung, dans l'agence de Qu'Appelle.

Les écritures des transactions se rapportant à ce projet paraissent à un compte fiduciaire spécial de l'agence de Regina. Tous les argents reçus sont placés au crédit de ce compte et toutes les dépenses y imputées. En 1922-23 une somme de $200,000 fut remboursée sur l'avance primitive de $362,000 et une autre de $150,000 le fut en 1923-24. En outre, il a été versé en 1924, une somme de $57,329.03, représentant les profits accumulés jusqu'au 31 décembre

1923, qui dans la suite, en vertu d'une autorisation parlementaire, fut portée au crédit d'un compte spécial pour être employée dans l'intérêt des Indiens suivant les directions du Conseil du Trésor.

On trouve à la page 142 de ce volume un état des transactions faites à même ce compte en 1926-27.

Les transactions résultant de ce projet depuis le début, en 1918, jusqu'au 31 mars 1927, peuvent se résumer comme suit:—

RECETTES —		
Avances à même les crédits de guerre	$ 362,000 00	
Vente de grains, de matériel, d'équipement, etc.	1,117,527 41	
Intérêts sur les dépôts en banque	20,024 70	
		$1,499,552 11
DÉBOURSÉS —		
Frais d'exploitation	996,543 75	
Frais de bureau et frais généraux	52,620 11	
Maison du Commissaire	19,446 11	
Remboursement aux crédits de guerre	350,000 00	
Profits au 31 décembre 1923, versés	57,329 03	
		1,475,939 00
Balance disponible au 31 mars 1927		23,613 11

Les profits provenant de l'exploitation pour les neuf années terminées le 31 mars 1927, se sont élevés à $95,423.99. Ils se répartissent comme suit:

Profits au 31 décembre 1923, versés	$	57,329 03
Solde disponible le 31 mars 1927		23,613 11
Produits de la récolte de 1926 (vendue en juin 1927)		26 481 85
		107,423 99
A déduire — Solde des avances sur crédits de guerre (remboursé en juin 1927		12,000 00
		95,423 99

Aux chiffres ci-dessus il faudrait ajouter: la valeur du matériel et de l'équipement existant, la somme de $12,500 payée en 1918-19 pour l'achat de la maison du Commissaire à Regina, les $6,946.11 de frais et de réparations nécessités depuis par cette maison et une grande partie des frais de bureau du Commissaire qui auraient dû être payés à même le crédit du Département des Affaires indiennes et non imputés à ce compte. En 1926-27, un faible montant seulement fut débité à ce compte au lieu de l'être sur les crédits du Département.

L'arrêté en Conseil autorisant ce projet ayant été abrogé il y a quelques années, on peut mettre en doute la légalité de poursuivre cette exploitation sans une autorisation parlementaire formelle.

SUBVENTIONS AUX PROVINCES

En autant qu'il m'ait été possible de m'en assurer, aucune mesure n'a été prise jusqu'à aujourd'hui pour obtenir de la province d'Alberta le remboursement de la somme de $468,750 qui, il y a quelques années, lui fut versée en trop à titre de subvention. Dans l'Introduction à mon rapport de 1924-25 (page xxxii) j'avais attiré l'attention sur ce paiement en trop et dans le volume II du rapport de la même année (partie F, pages 71 à 73) je reproduisais la correspondance échangée à ce sujet, en même temps que je donnais l'opinion du Ministère de la Justice sur ce versement.

Loi des accidents du travail

En 1926-27, le total des dépenses engagées en vertu des dispositions de cette Loi, s'est élevé à $331,141.57, soit une diminution de $28,922.14 sur les dépenses de 1925-26. Le développement en paraît dans le volume II, partie W, pages 16 à 21, Ministère des Chemins de fer et Canaux.

Dans les provinces où existent des Commissions des accidents du travail, ces déboursés se font sous leur surveillance; dans les autres, les indemnités sont déterminées par tel tribunal, commission, fonctionnaires ou toute autre personne qu'il plaît au Gouverneur en son Conseil de nommer de temps à autre.

Comptes du Territoire du Yukon

Au cours de l'été de 1927, je fis faire une vérification des comptes du territoire du Yukon, y compris ceux de l'Administrateur public. Cette vérification s'étendait sur une période de deux ans finissant au 31 mars 1927. Bien que tous les comptes y aient été soumis, ceux des liqueurs furent examinés encore plus en détail.

Comme je le mentionnais dans mon dernier rapport, le Gouvernement du Yukon continue encore de pourvoir au paiement des achats de liqueurs au moyen de découverts dans une banque à Dawson. Au 31 mars 1927, le montant de ce découvert, moins l'argent en mains ou en route, était de $110,200.28 contre $56,791.97 au 31 mars précédent. L'intérêt payé fut, en 1926-27, de $6,639.14, accusant une augmentation de $3,154.46, sur celui de 1925-26. Par ailleurs, le stock de liqueurs que le Gouvernement du territoire avait en magasin à cette date était évalué à $114,371.15, soit une augmentation de $43,786.50 sur le stock au 31 mars 1926.

Un découvert de même nature, mais pour un montant moindre, fut aussi constaté, dans le compte général du Gouvernement du Yukon, et sa vérification fit ressortir qu'une somme d'intérêts de $1,412.14 avait été payée au cours de l'année.

A la demande du Commissaire de l'Or, qui est d'office maire de Dawson, les comptes de cette ville furent également vérifiés et reconnus exacts.

Des états comparatifs détaillés des comptes du Gouvernement du Yukon paraissent aux pages 192 à 195 de ce volume.

Les résultats de cette vérification seront communiqués prochainement au Ministère de l'Intérieur.

DÉPENSES EN CAPITAL

Au cours de l'année les dépenses en capital se sont élevées à $20,056,953.99, soit une augmentation de $2,988,244.33 sur 1925-26.

Les remarques que je faisais sur ces dépenses dans mes rapports précédents sont toujours valables et je veux les signaler encore à l'attention de la Chambre.

Dans mon dernier rapport, je mentionnai plusieurs item de l'actif figurant au Bilan du Dominion pour un chiffre supérieur à leur coût réel, et ce contrairement à une règle adoptée en 1882 par la Chambre des communes qui me semble être basée sur un principe juste et ne paraît pas avoir été modifiée depuis. En attendant qu'une décision soit prise à ce sujet la vérification des diverses dépenses en capital se continue.

En outre des édifices et des entreprises de l'Etat dont la valeur paraît à des chapitres du Bilan, il existe un grand nombre de propriétés appartenant à la Couronne et ressortissant de la juridiction des différents Ministères. Tout en ne recommandant pas maintenant de faire figurer leur valeur au Bilan, bien qu'elles fassent réellement partie de l'actif du Dominion, je suis d'avis qu'un état de ces propriétés devrait être de temps à autre fourni au Parlement. Je rappellerai à ce propos une des recommandations faites en 1908 par un sous-comité de la Chambre:—

> "Que les différents services publics soient requis à fournir un état et une évaluation de la totalité des propriétés appartenant à la Couronne et ressortissant de la juridiction de chaque Ministère, et que le dit état soit présenté au Parlement dans les quinze jours qui suivront l'ouverture de sa prochaine session, et que dans la suite un tel état soit présenté au Parlement tous les cinq ans, dans les quinze jours qui suivront l'ouverture de la session."

Je ne sais s'il fut donné suite à cette recommandation, mais à ma connaissance, un tel état n'a pas été présenté au Parlement en ces dernières années.

VÉRIFICATION DES COMPTES MATIÈRES

D'après les rapports annuels reçus des différents Départements, au 31 mars 1927, la valeur des matières inventoriées, non comprises celles de la Défense nationale, était de $6,012,593.19. Elle se répartissait comme suit:

Affaires indiennes	$ 59,160 45
Intérieur (Parcs Nationaux)	43,504 85
Marine et Pêcheries	1,124,113 32
Mines	75,443 06
Service des pénitenciers	1,648,726 04
Postes	1,237,626 26
Imprimerie et Papeterie	507,921 30
Travaux publics	145,411 82
Chemins de fer et Canaux	464,999 67
Gendarmerie royale à cheval	367,184 52
Rétablissement des soldats dans la vie civile	338,501 90

Le Ministère de la Défense nationale m'a communiqué des états certifiés indiquant la valeur des matières de l'arsenal du Dominion, des services de la marine et de l'aéronautique militaire, mais pour des motifs que j'ai déjà exposés dans mes rapports antérieurs, les inventaires des magasins militaires qui m'ont été transmis n'indiquaient aucune valeur.

J'ai la satisfaction de signaler une amélioration constante dans la forme des inventaires produits et dans les méthodes de comptabilité-matières de plusieurs Ministères. Le Ministère des Postes, en particulier, à la suite des inspections faites par mes fonctionnaires, a entrepris avec d'heureux résultats la réorganisation de ses dépôts de Winnipeg, Regina, Edmonton et Vancouver.

Plusieurs autres entrepôts de matières, administrés par différents Ministères, ont été inspectés depuis mon dernier rapport. Certains d'entre eux furent trouvés en très bon ordre et les écritures en règle. Dans d'autres cependant il fut constaté qu'il n'existait aucune méthode de contrôle tant pour les achats que pour la réception ou les livraisons de matières, et qu'aucune comptabilité régulière n'y était tenue. Dans un entrepôt, en particulier, où se trouvent des matières variées pour une valeur de plus de $400,000, il existe une insuffisance de comptabilité ne permettant d'effectuer aucun contrôle, les matières y étant portées à des prix majorés, ou des montants annulés sans autorisation des fonctionnaires responsables. Mon Bureau continue à s'occuper de la situation de ce dépôt, et le Ministère est prévenu des résultats de l'inspection de mes vérificateurs.

Bien que dans quelques-uns des dépôts visités dernièrement les conditions aient été trouvées très peu satisfaisantes, mes recommandations pour mettre fin à des méthodes sans suite et apporter des améliorations dans la comptabilité ont été généralement acceptées et mises en pratique. C'est un des résultats très encourageants des inspections et des vérifications faites par mon Bureau, car grâce à cette coopération des fonctionnaires des Ministères les méthodes d'administration des matières seront améliorées et il en résultera une économie notable des deniers publics.

Dans le but d'améliorer encore sa méthode de comptabilité-matières, un des plus importants Départements prit une initiative très à recommander, en convoquant, les garde-magasins et les comptables des différents dépôts à une conférence qui se tint au Ministère, et à laquelle mes inspecteurs furent invités à prendre part. Cette conférence avait en vue la discussion de la comptabilité-matières du Ministère et des procédés à adopter pour la perfectionner. D'autres Ministères, quand il sera possible, pourraient avec avantage convoquer de semblables conférences, car c'est un des meilleurs moyens de faire naître l'esprit de coopération, d'encourager l'efficacité et d'en arriver à l'uniformité.

Conformément à la Loi de l'Imprimerie et de la Papeterie publiques, la vérification annuelle des matières et des écritures de l'Imprimerie du Roi eut lieu le 31 mars 1927, et fait l'objet d'un chapitre spécial de ce rapport.

Les inspections bisannuelles du numéraire et des lingots de la succursale de l'Hôtel Royal des Monnaies ont eu lieu comme l'exigent les dispositions d'une Proclamation Royale en date du 2 novembre 1907. Elles furent faites conjointement par des fonctionnaires du Ministère des Finances et de mon Bureau.

En vertu de l'arrêté en Conseil N° 1632, en date du 17 août 1923, des surplus de matières ayant une valeur marchande de $45,298.37, ont été transférés des autres Ministères au Département des Affaires Indiennes, et entreposés à Regina. Ils sont compris dans le sommaire des matières donné ci-dessus. Au cours de l'année les ventes faites à l'entrepôt de Regina se sont élevées à $1,653.25; elles sont détaillées dans le volume II, partie I, page 2.

D'après les rapports mensuels et les minutes reçus, les ventes de surplus et de matières de rebut s'élevèrent au cours de l'année à $190,586.34, et se décomposent comme suit:

Transférées à d'autres Ministères	$ 79,096 39
Vendues au public	111,489 95

Je suis informé que les différents Départements sont, mieux disposés, que par le passé, à faire rapport de leurs matières en surplus ou de rebut. Il ressort cependant d'inspections récentes, que des quantités importantes de ces matières n'ont pas été signalées, les fonctionnaires locaux étant apparemment sous l'impression qu'elles n'ont pas de valeur vénale. Les Ministères en donnant leur attention à cette question pourraient ainsi prévenir des pertes.

COMPTES SPÉCIAUX

Sommes dues au Gouvernement fédéral

La vérification des Comptes publics établissant les sommes dues au Gouvernement fédéral a fait de nouveaux progrès. Plusieurs montants cependant y figurent depuis de si nombreuses années qu'il est difficile de se procurer des renseignements exacts à leur sujet. On trouvera dans les chapitres suivants des remarques sur ceux de ces comptes qui méritent le plus de retenir l'attention.

A ces sommes paraissant au Bilan, il faut ajouter celles portées comme arriérées dans les livres des différents Ministères, et dont ils fournissent un état annuel. Elles sont données dans le premier volume de mes rapports annuels sous la rubrique "Etats divers". Les Ministères furent requis en fournissant ces états d'indiquer quels étaient les montants qu'ils estimaient recouvrables, mais leurs renseignements furent en général vagues et de peu d'utilité. Il est évident, toutefois, qu'un grand nombre de ces arriérés sont irrécouvrables, mais je comprends qu'ils ne peuvent être rayés des sommes dues à la Couronne sans une autorisation de la Chambre des communes, et aussi longtemps qu'elle n'aura pas été obtenue ils devront figurer dans les livres des Ministères.

Avances au Gouvernement impérial et aux Gouvernements étrangers

Les sommes dues le 31 mars 1927 par le Gouvernement impérial et par les différents Etats européens paraissent à l'appendice "B" du Bilan des Comptes publics de 1926-27. Je n'ai que peu à ajouter aux remarques que je faisais sur ces avances dans l'Introduction à mon rapport de 1925-26 (page lvi). La balance du compte du Gouvernement impérial ne rapporte par d'intérêt et est forcément variable, car elle dépend des déboursés faits par le Gouvernement canadien pour ce Gouvernement et des remboursements faits de temps à autre par ce dernier. L'avance de $230,000 consentie au Gouvernement français a été remboursée en totalité le 30 juin, date de son échéance. Conformément à un accord conclu auparavant avec le Gouvernement grec, celui-ci a, au cours de l'année, réduit sa dette de $185,000. Le montant des avances consenties à la Belgique et à la Roumanie n'a pas varié. Sauf sur les sommes dues par la Russie et l'Italie qui n'ont jusqu'à aujourd'hui payé aucun intérêt, le Gouvernement du Dominion a régulièrement touché les intérêts sur toutes les autres sommes qui lui étaient dues par les Etats étrangers.

Bassin de radoub d'Halifax

Il ne s'est produit aucune modification dans la tenue des écritures des fonds provenant de la vente du bassin de radoub d'Halifax à la "Halifax Shipyards, Limited", que je mentionnais dans l'Introduction à mon rapport de 1925-26, (page li). Le paiement annuel de $50,000, dû le 31 décembre 1926, fut reçu, et comme les années précédentes, crédité au Revenu casuel du Ministère des Travaux publics, portant à $200,000 la somme totale ainsi créditée à ce revenu sur le prix de vente de $1,250,000. Cependant le montant du prix initial de revient, soit $1,552,827.43, continue d'être porté à l'actif dans le Bilan du Dominion, voir Appendice "G". Je maintiens l'opinion exprimée dans mon rapport de l'année dernière sur cette irrégularité, et recommande toujours l'adoption d'une des deux méthodes que je proposais.

Plans de colonisation

Les différentes ententes conclues entre le Gouvernement impérial et celui du Dominion à la suite de la Loi d'Etablissement impérial, 1922, sont résumées à la page xlvi de l'Introduction à mon rapport de 1925-26, et les sommaires des transactions de 1926-27 pour chacun des comptes se rapportant au "Projet d'Etablissement impérial" paraissent aux pages 140 et 161 à 163 de ce volume.

Secours pour frais de passage.—La vérification des écritures du Ministère de l'Immigration et de la Colonisation se rapportant aux secours accordés aux immigrants sous forme de frais de passage, a été continuée et complétée jusqu'au 31 mars 1926, et mon rapport à ce sujet fut transmis au Secrétaire d'Etat de Sa Majesté. J'eus occasion de renouveler mes recommandations au Ministère relativement à ses méthodes de faire rapport et de tenir sa comptabilité, et il m'assura que des améliorations seraient apportées avant que l'on ne procédât à une nouvelle vérification.

Plan des 3,000 familles.—Les livres tenus par la Commission d'établissement des soldats pour l'installation de colons britanniques sur des fermes, et connue sous le nom de "Plan d'Etablissement des 3,000 familles", furent vérifiés jusqu'au 31 mars 1927. Mon rapport sur cette vérification fut également transmis au Secrétaire d'Etat de Sa Majesté.

En vertu de ce projet le montant dû par les immigrants au 31 mars 1927, paraît sous la rubrique "Etablissement impérial, Compte des transferts de fermes". Il s'élève à $3,843,733.47, contre $1,167,537.25 au 31 mars 1926, soit une augmentation de $2,676,196.22. La plus grande partie de cette augmentation provient d'un virement de $2,640,553.42 du "Compte des prêts aux colons militaires", et représente la totalité du prix auquel des terres possédées autrefois par des soldats colons furent transférées à des immigrants en conformité de ce Plan. Une faible partie de ce montant provient d'avances en argent, la presque totalité en étant représenté par la valeur attribuée aux terres vendues sous forme de prêts aux immigrants par la Commission d'établissement des soldats. Le montant dû se répartit comme suit:—

Valeur des terres autrefois possédées par les soldats colons et transférées aux immigrants	$ 3,790,996 90	
Valeur des terres achetées et vendues sous forme de prêts aux immigrants	59,951 83	
Avances spéciales en argent	7,575 94	
		3,858,524 67
A déduire — Remboursements aux immigrants		14,791 20
		3,843,733 47

On trouve à la page 189 de ce volume le bilan de ce Plan d'établissement et un sommaire du compte de caisse au 31 mars 1927.

Compte d'établissement des soldats.—Conformément au chapitre 53 des Statuts de 1925, on effectua au cours de l'année des réductions sur la valeur du bétail fourni aux soldats colons antérieurement au 1er octobre 1921. Chacun des comptes des colons fut crédité du montant lui revenant sur cette réduction dont le total est $2,921,062.91. Elle fut imputée au Fonds du Revenu consolidé et créditée aux "Prêts aux soldats colons". En autant qu'il fut possible, on s'assura de l'exactitude de ce montant en vérifiant les livres du bureau chef de la Commission d'établissement des soldats, et un de mes inspecteurs fit des vérifications partielles d'un certain nombre de comptes individuels dans plusieurs bureaux régionaux. Il fut constaté que, en faisant ces réductions l'on s'était efforcé de se conformer aux intentions du Parlement, cependant il semble y avoir eu quelquefois une tendance à donner aux colons le bénéfice du doute. Le montant total des prêts aux soldats colons a été au cours de l'année de $1,990,571.33.

La somme totale reçue des soldats colons en 1926-27 a été de $4,341,159.06, sur laquelle $1,885,953.89 représentaient les intérêts sur avances, laissant comme remboursement de capital une somme de $2,455,205.17.

Le total en capital dû par les colons, par suite de prêts s'élevait au 31 mars 1927 à $80,760,189.59 contre $86,786,439.76 au 31 mars 1926, soit une diminution de $6,026,250.17, laquelle s'établit comme suit:—

Réductions sur les montants débités aux colons pour achat de bétail	$ 2,921,062 91
Réévaluation des terres transférées aux immigrants conformément au "Plan des 3,000 familles"	2,640,553 42
Excédent des remboursements de capital sur les montants des prêts	464,633 84
	6,026,250 17

Le solde dû, outre les prêts, comprend les montants déboursés par la Commission en réparations et améliorations sur les fermes abandonnées, pour permettre leur revente aux colons britanniques. La Commission fait retomber ces dépenses sur les anciens propriétaires comme faisant partie des frais de reprise et de revente des propriétés.

Après déduction des reversements du Gouvernement impérial, les dépenses totales incombant au Canada en 1926-27, par suite des "Plans de colonisation", s'établissent comme suit:—

IMMIGRATION ET COLONISATION:		
Etablissement impérial, Secours pour frais de passage:		
Administration	$ 34,389 02	
Subventions	452,981 72	
Prêts	31,024 36	
Remises et déportations	1,117 76	
		$ 519,512 86
COMMISSION D'ÉTABLISSEMENT DES SOLDATS:		
Colonisation en général, y compris la Loi d'établissement des soldats et le Plan des 3,000 familles:		
Administration	1,250,787 45	
Prêts aux colons et frais généraux de colonisation	1,996,006 71	
Achat de terres, etc	8,190 45	
		3,254,984 61
Total		3,774,497 47

Les dépenses de la Commission d'établissement des soldats, telles que données ci-dessus, comprennent les frais d'administration de la Loi d'établissement des soldats et du Plan d'établissement des 3,000 familles, mais un seul crédit ayant été voté il n'a pas été possible d'établir deux comptes distincts.

On trouvera aux pages 161 à 163 de ce volume, des états de ces comptes de colonisation ou autres s'y rattachant, mais d'importance moindre, qui autant que possible ont été établis pour qu'ils s'expliquent d'eux-mêmes.

PRÊTS AUX COMMISSIONS DES PORTS

L'état suivant indique les sommes avancées durant l'année aux Commissions des ports du Canada ainsi que le montant total de ces avances au 31 mars 1927:—

	Avances au cours de l'année	Avances totales au 31 mars 1927
Montréal	$1,035,000 00	$ 46,875,000 00
Québec	680,000 00	13,771,995 68
Vancouver	887,000 00	14,300,900 00
	$2,602,000 00	$ 74,947,895 68

Ces avances furent faites en vertu de lois du Parlement, votées à différentes époques et autorisant le Gouverneur en son Conseil de prêter de temps à autre aux Commissions des différents ports, certaines sommes devant être employées à des travaux de construction et d'amélioration dans les ports. Tout montant prêté doit être représenté par des obligations au pair, portant intérêt, qui sont déposées entre les mains du Ministre des Finances et Receveur Général.

Les intérêts sur les sommes avancées aux Commissions des ports de Montréal et de Vancouver, ont été payés, mais ceux dus par la Commission de Québec s'élèvent à des sommes considérables.

Durant l'année je fis faire sur place une vérification partielle des écritures de la Commission du port de Vancouver, et d'une manière générale, les méthodes d'encaissement et de comptabilité des revenus et de contrôle des dépenses furent trouvées satisfaisantes.

Il fut constaté d'après les écritures, qu'au 31 décembre 1925 sur un total de dépenses en capital de $17,248,990.93, une somme de $1,825,546.23 avait été payée à même des surplus de revenu. Toutes les informations nécessaires furent fournies à la satisfaction de mes vérificateurs, et leurs recommandations adoptées. Le résultat de cette inspection fut communiqué aux Ministères des Finances et de la Marine et des Pêcheries.

En vertu des lois votées en 1885 et les années précédentes, un montant de $81,760.97 a été avancé à la Commission du port des Trois-Rivières. Aucune partie de cette dette n'a encore été remboursée bien que les obligations en soient échues depuis plusieurs années. Le chapitre 71 des Statuts de 1923 autorisait le port des Trois-Rivières à emprunter sur la garantie d'obligations, les sommes qui lui étaient nécessaires pour (1) acquitter et racheter le capital des obligations détenues par le Ministre des Finances en vertu de la Loi de 1885; (2) acquitter et racheter le montant des obligations émises dans le public en vertu de la Loi de 1892 et (3) construire, réparer et améliorer les quais ou autres ouvrages. Aucuns des fonds que l'on a pu se procurer en vertu de cette autorisation n'ont été appliqués au rachat des obligations détenues par le Ministère des Finances, et le montant plus haut cité figure au Bilan dans l'Appendice "L" des Comptes publics sous la rubrique "Miscellaneous Investments, (inactifs)". Contre cette dette peut figurer un montant de $2,308.41 porté au crédit du fonds d'amortissement créé par la Loi de 1885.

Les intérêts sur les avances consenties à la Commission du port des Trois-Rivières furent payés jusqu'au 30 juin 1887, mais depuis cette date le seul montant reçu à titre d'intérêts fut une somme de $15,000 versée en 1895, laissant encore impayée $338,590.90.

Avances pour grains de semence et secours

A la page xxxviii de l'Introduction à mon rapport de 1924-25, comme à la page lvii de celle de 1925-26, j'appelais l'attention sur la différence existant entre les écritures des Comptes publics et celles du Ministère de l'Intérieur sur les sommes dues par les colons à titre d'avances pour grains de semence ou de secours. J'ai fait faire récemment une vérification de ce compte allant de 1876 au 31 mars 1927. Un rapport très complet et détaillé m'en a été transmis et des copies envoyées aux Ministères des Finances et de l'Intérieur.

Au 31 mars 1927, la balance restant due sur ces avances était donnée dans les Comptes publics comme étant de $5,070,322.29. D'après les chiffres fournis par le Ministère de l'Intérieur, le montant total dû à cette date, tel que ressortant des comptes individuels des colons, était de $4,324,826.06, soit une différence en moins de $745,496.23. Le but de la vérification était de déterminer d'où provenaient les différences entre le total des balances individuelles et celui paraissant aux Comptes publics, afin d'établir, aussi exactement que possible, le montant d'arriérés en capital, et de suggérer des entrées d'ajustement pour établir la concordance entre les comptes des deux Ministères.

La non-concordance entre les deux totaux provient de plusieurs causes, dont la principale est que jusqu'à ces dernières années, outre le montant réel des avances, les frais d'administration étaient débités au compte spécial du Ministère des Finances, mais ne l'étaient pas dans les livres du Ministère de l'Intérieur.

Le montant total perçu en capital et intérêts pendant une période de cinquante et une années a été de $14,215,886.63, et les déboursés de $17,855,880.38. Le Ministère de l'Intérieur rapporte qu'au 31 mars 1927 il était dû, en plus des $4,324,826.06 de capital, des intérêts s'élevant à $1,997,174.15. Ces intérêts ne figurent pas dans le compte spécial du Ministère des Finances.

J'ai été informé que ces dernières années, le Ministère de l'Intérieur avait fait une revision complète des comptes de chaque colon et les avait fait concorder avec leurs dossiers individuels, et l'on peut estimer que le montant, tel que donné par le Ministère de l'Intérieur, représente la dette réelle, aussi exactement qu'il est possible de l'établir.

Il n'a pas été procédé à la vérification de la valeur réalisable des balances impayées dues au Gouvernement et garanties par des hypothèques sur les terres vendues. Les fonctionnaires du Ministère de l'Intérieur sont toutefois d'avis que les dispositions du chapitre 51 des Statuts de 1927 favoriseront les recouvrements.

Le Gouvernement de la Saskatchewan versa pendant l'année la somme de $1,893.36, en acompte sur le montant qu'il devait pour la distribution des grains de semence de 1908. Ce paiement ramène la balance de capital due au Dominion par ce Gouvernement à $95,136.83. D'après le Ministère des Finances, le montant des intérêts dus par cette province était, au 1er janvier 1927, de $203,366.70

Des états des deux comptes ci-dessus mentionnés paraissent aux pages 138 et 146 de ce volume.

Comptes provisoires

Au nombre des "Comptes spéciaux" paraissant dans les livres du Ministère des Finances et dans ceux de ce Bureau, figure un compte auquel sont portées les différentes sommes qui ne peuvent être appliquées immédiatement à la fin pour laquelle elles furent reçues, ou dont la destination n'est pas déterminée au moment de l'encaissement. Les sommes reçues de temps à autre et devant être aussitôt déboursées sont aussi, pour mémoire, inscrites à ce compte, qui paraît à l'Appendice "P" des Comptes publics sous le titre de "Contingent Accounts".

Les déboursés à même ce compte sont soumis à une vérification préalable pour s'assurer si des argents y ont été déposés et, s'il en a été déposés, s'ils l'ont été véritablement pour le paiement proposé.

On trouvera ci-après un état sommaire de ce compte pour l'année terminée le 31 mars 1927; il est suivi d'explications sur les différents item le composant:—

Commission canadienne du blé. Réserve.—La Commission canadienne du blé cessa ses opérations dans les premiers jours de 1921 et déposa au crédit du Receveur Général, pour être versée à un compte provisoire, une somme de $175,000 qui servirait à payer les certificats de participation émis par cette Commission et non encore remboursés. Cette somme était intacte au 31 mars 1927, une autre somme laissée aux mains du Secrétaire de la Commission ayant été suffisante pour faire face à toutes les réclamations présentées à cette date. Elle sera très probablement rayée du compte au cours de cette année, un arrêté en Conseil du 15 mars 1927 ayant décrété qu'aucun certificat de participation présenté le, ou après le 1er septembre ne serait payé, et que tous les argents possédés à cette date par la Commission du blé seraient déclarés propriété de la Couronne.

Surplus de grains dans les élévateurs des terminus.—Le 10 septembre 1921 les Commissaires des grains versaient une somme de $82,246.43, dont $81,330.74 provenaient de la vente des surplus de grains dans les différents élévateurs publics des terminus, et $915.69, des intérêts de cette somme. Les sociétés des élévateurs de grains avaient payé ce montant, sous protêt, et porté le cas devant les tribunaux qui rendirent un jugement en leur faveur pour la somme de $81,330.74. Le montant de ce remboursement fut voté pendant la dernière session, mais cette somme ayant été portée au crédit du compte provisoire le reversement fut débité à ce compte au lieu d'être imputé au crédit voté qui par suite ne fut pas employé, et les intérêts, soit $915.69, virés comme Revenu casuel au Fonds du Revenu consolidé.

Biens de G. A. Montgomery tombés en déshérence.—La somme de $25,391.22 représentant le reliquat de la succession de feu G. A. Montgomery, de Regina, figurant depuis de nombreuses années au compte provisoire, fut déclarée tombée en déshérence et versée à la Couronne. Depuis la clôture de l'année financière, elle a été virée au Revenu casuel, Fonds du Revenu consolidé.

Vente de farine jetée par-dessus bord et recueillie.—En novembre 1924, le receveur des épaves vendit une certaine quantité de farine recueillie après qu'elle eut été jetée par-dessus bord d'un navire inconnu. Cette vente produisit une somme nette de $2,473.73, et d'après le "Canada Shipping Act", aucune réclamation n'ayant été présentée dans les douze mois, elle revenait à la Couronne; Depuis la clôture de l'année financière elle fut virée au Revenu casuel, Fonds du Revenu consolidé.

Sommes diverses au débit, $4,453.70.—Quatre de ces item s'élevant à $2,874,84 détenus temporairement en attendant que certaines conditions soient remplies, furent versés pendant l'année aux ayants droit. La balance, soit $1,578.86, comprend divers item, sur lesquels il n'a pas été possible d'avoir de renseignements ou de trouver les ayants droit.

Perte sur l'exploitation de la ligne des Antilles.—Pour couvrir les pertes résultant de l'exploitation de la ligne des Antilles en 1925, des sommes formant un total de $34,239.84 furent versées par les Gouvernements des Iles Lucayes, du Honduras et de la Jamaïque. Ce service étant assuré par la Marine marchande du Gouvernement canadien, cette somme lui fut versée.

Pertes par suite de feu.—L'"Ottawa Electric Building", et le "Bangs Building" expropriés par le Gouvernement ayant été endommagés par le feu, en décembre 1926, les compagnies d'assurance versèrent une somme de $5,568.31, qui fut déposée au compte provisoire en attendant que les procédures d'expropriation soient terminées.

Sommes diverses reçues pendant l'année, créditées à ce compte $8,569.69.—Neuf de ces sommes formant un total de $8,209.14 furent appliquées durant l'année aux fins pour lesquelles elles avaient été reçues, ou reversées aux déposants. Les quatre sommes restant s'élevant à $360.55, sont comprises dans le solde de fin d'année.

Compte des dividendes non réclamés

Le compte des dividendes non réclamés aux liquidateurs d'après la "Loi de Faillite" est un compte analogue à celui dont nous venons de parler. En vertu des articles 136 et 137 de la Loi des Liquidations (chapitre 144, des Statuts revisés) et de l'article 37 (8) de la Loi de Faillite (1919), les liquidateurs, ou les fidéicommissaires des successions en liquidation sont requis après un temps déterminé de remettre au Ministre des Finances, tous les dividendes qui n'ont pas été distribués aux créanciers, leur résidence n'ayant pu être connue. Les réclamations des créanciers, après avoir été vérifiées, sont payées à même ce compte dont la balance était au 31 mars 1927 de $16,642.72.

FONDS FIDUCIAIRES

Au cours de l'année on a constaté un progrès dans les informations obtenues des différents Ministères, tant dans les cas où des argents perçus et gérés par des fonctionnaires sont portés à un compte fiduciaire en leur nom que dans ceux où ces argents sont gérés directement par les Ministères eux-mêmes. Au nombre de ces comptes sont les suivants dont on trouve les états parmi les "Comptes spéciaux et fiduciaires" paraissant aux pages 130 à 163 de ce volume.

Agents d'Immigration, Comptes fiduciaires.
Commissaire des Indiens, Compte d'accroissement de production.
Commission d'utilisation du lignite.

Excepté le compte du Fonds de prévoyance des chemineaux des réseaux de l'Intercolonial et de l'Ile du Prince-Edouard, qui est compris dans les comptes fiduciaires, mais est balancé chaque mois, les comptes paraissant à l'état ci-dessus sont les mêmes que ceux de l'an dernier.

Il n'a été apporté aucun changement dans le mode de perception des argents, ou la garde des propriétés du séquestre des biens de l'ennemi, et ce Bureau ne fait aucune vérification des valeurs relatives à ces Fonds fiduciaires ou autres, détenues par le Ministère des Finances.

Fonds de cantine de l'armée canadienne

Conformément à la Loi des Fonds de cantine, 1925, la distribution des argents de ce Fonds commencée en 1925-26, fut terminée en 1926-27. Au 31 mars 1927 le montant restant était de $20,000 qui, d'après les dispositions de la Loi, devait être retenu par le Receveur Général pour le paiement des réclamations ou des comptes encore dus.

Un montant de $258,885.21, intérêts courus et échus sur le montant au crédit de ce Fonds au 31 décembre 1925, lui fut crédité au cours de l'année et débité à l'intérêt de la dette publique. Cette somme ajoutée aux $7,078.85 de profit provenant de la vente d'obligations, a porté à $265,964.06 la somme totale disponible pour la seconde distribution qui fut faite aux fidéicommissaires des différentes provinces et à ceux de la Société de la Croix Rouge Américaine, comme déterminé par la Loi. Un état des sommes distribuées en 1926-27 paraît à la page 152 de ce volume. Les allocations de la distribution provisoire qui n'avaient pas été versées aux provinces de l'Ile du Prince-Edouard, de Québec et de l'Ontario, le furent pendant l'année, après que ces provinces eurent nommé leurs fidéicommissaires.

L'arrêté en Conseil autorisant le paiement de ces allocations à la province de l'Ontario prévoyait également celui des intérêts sur ces montants jusqu'au 31 décembre 1926. La somme nécessaire, soit $28,154.41, fut imputée sur l'intérêt de la Dette publique, créditée au Fonds de cantine et dans la suite versée aux fidéicommissaires de cette province.

Fonds de prévoyance des employés de chemins de fer de l'Intercolonial et de l'Île du Prince-Édouard

Dans mon dernier rapport je signalais l'insuffisance des contributions autorisées par la Loi 6-7 Edouard VII, chap. 22, 1907, créant un Fonds pour servir des allocations à vie aux employés retraités et aux chemineaux des réseaux des chemins de fer de l'Intercolonial et de l'Ile du Prince-Edouard.

Je faisais également remarquer que si les Chemins de fer Nationaux du Canada n'avaient pas versé des contributions de beaucoup supérieures à celles stipulées d'après cette Loi, la Commission administrant le Fonds n'aurait pas été en état de payer un certain nombre d'allocations à vie.

La situation est restée inchangée depuis la publication de mon dernier rapport.

On trouvera à la page 156 de ce volume un état de ce compte, donnant en même temps que la provenance des différentes sommes versées au Fonds, un résumé des déboursés.

Fonds des terres d'écoles

Dans les provinces du Manitoba, de la Saskatchewan et de l'Alberta, les terres désignées par la "Loi des terres du Dominion" sous le nom de terres d'écoles sont administrées au nom de ces provinces par le Ministère de l'Intérieur. Tous les argents encaissés sont versés au Receveur Général, et les comptes fiduciaires de chaque province paraissant au Grand Livre du Dominion crédités des montants encaissés, et débités des dépenses d'administration. Le capital provenant de la vente de l'une quelconque de ces terres est placé semestriellement en obligations 5% du Gouvernement. Les autres recettes résultant soit de loyers, soit de droits de coupes de bois, d'intérêts, etc., sont tous les ans versées aux Trésoriers de ces trois provinces, les frais d'administration une fois prélevés.

Les états de comptes de chacune de ces provinces pour l'année financière 1926-27, paraissent à la page 145 de ce rapport, et ci-dessous se trouve un sommaire des transactions des comptes réunis des trois provinces:

CAPITAL PROVENANT DES TERRES:		
Balance disponible le 1er avril 1926	$	1,511 09
Reçu au cours de l'année		827,147 49
		828,658 58
Placements en obligations 5%		827,000 00
Balance disponible le 31 mars 1927		1,658 58
INTÉRÊTS, LOYERS, ETC.:		
Intérêts encaissés sur ventes de terres		481,166 96
Loyers, Droits de coupes, etc		244,162 26
Intérêts sur obligations		1,385,475 00
Intérêts alloués sur les balances mensuelles		21,907 81
		2,132,712 03
A déduire, Frais d'administration		77,206 93
Balance versée aux Trésoriers provinciaux		2,055,505 10

Sans tenir compte des intérêts provenant des obligations et de ceux alloués sur les balances mensuelles qui relèvent du Ministère des Finances, le montant encaissé par le Ministère de l'Intérieur s'est élevé à $1,552,476.71, et les frais d'administration, à $77,206.93, soit 5.04 pour cent des encaissements. En 1925-26 les sommes perçues par ce Ministère furent de $2,042,270.27 et les frais d'administration de $79,561.20, soit seulement un pourcentage de 3.90.

Au 31 mars 1927, le montant total placé en obligations était de $28,433,000.00, et paraît au Bilan des Comptes publics, Appendice "T", sous la rubrique "Dette Consolidée".

RÉTABLISSEMENT DES SOLDATS DANS LA VIE CIVILE, FONDS N° 3

Dans mon rapport de 1925-26, page lxii, je donnais un bref aperçu de ce Fonds et faisais remarquer que bien qu'il fut originellement établi dans le but d'assurer la gestion de certains fonds de pension, on versait aussi à son crédit le montant des retenues de cinq pour cent faites sur les salaires des employés permanents du Ministère du Rétablissement des soldats dans la vie civile. Ma recommandation de créditer ces retenues à un compte séparé n'a pas été suivie et des argents encaissés et déboursés dans deux buts absolument différents, continuent à être portés à l'unique compte de ce Fonds.

L'état de ce Fonds paraît à la page 161 de ce volume. Il en ressort qu'au cours de l'année il fut encaissé une somme de $70,846.16 provenant de retenues sur les salaires des employés; sur cette somme un montant de $4,294.90 fut remboursé aux contributaires, et un autre de $1,368.00, représentant les retenues sur les salaires des employés bénéficiant de la Loi des pensions fut viré au Fonds de pension, N° 5. La balance de $551,319.13 restant à ce Fonds au 31 mars 1927, comprend $111,546.34 de retenues sur les salaires des employés et $439,772.79 détenus au bénéfice des retraités.

Je suis encore d'avis que ces retenues devraient faire l'objet d'un compte séparé.

Comptes des fonds fiduciaires des Indiens

Les comptes des différentes tribus indiennes connus comme "Fonds des Indiens", figurent parmi les comptes que, conformément à l'article 63 de la Loi du Revenu consolidé et de la Vérification, le Ministre des Finances a requis l'Auditeur Général d'examiner et de vérifier, et depuis nombre d'années, les états suivants sont publiés par lui dans son rapport annuel:

(1) Un état sommaire , sous forme de compte de grand livre, des transactions totales de l'année en conformité avec les Comptes publics.

(2) Un tableau indiquant les balances au crédit de chaque bande, ainsi que les débits et les crédits de l'année courante.

(3) Des états séparés sous forme de grand livre, de chacun des comptes de la bande, tels qu'ils figurent dans les livres du Département des Affaires indiennes, et indiquant en détail les recettes et les déboursés de l'année.

Il existe environ 450 de ces comptes de bandes dont la plupart sont divisés en deux parties, l'une pour le capital, et l'autre pour les intérêts. Leur publication occupe environ 100 pages dans la partie I du volume II, espace trop considérable pour des comptes intéressant principalement les Indiens, et prenant à mon personnel pour les établir une trop grande partie de son temps.

J'ai l'intention de ne publier à l'avenir que les deux premiers états cités ci-dessus. Les Indiens ont sans doute droit à des états périodiques de leurs comptes, mais ils devraient leur être fournis par le Département des Affaires indiennes et non par mon Bureau. J'ai fait part au Surintendant Général adjoint de ce Département de mes intentions à ce sujet.

Il n'est pas toutefois dans mes intentions d'exercer sur ces comptes une moins grande surveillance que par le passé, et si la Chambre des communes désire des renseignements sur l'un quelconque d'entre eux, je pourrai toujours les lui donner.

Pensions et retraites civiles et militaires

On trouvera à la page 188 de ce volume un état des recettes et des déboursés relatif aux retraites, allocations et pensions civiles et militaires. En outre des mouvements d'argent ayant eu lieu au cours de l'année, cet état établit une comparaison entre les balances au crédit des fonds de pension à la clôture des années financières 1926-27 et 1925-26. Les dépenses totales pour 1926-27 se sont élevées à $39,633,747.15, contre $38,880,471.58 en 1925-26, soit une augmentation de $753,275.57 pour cette année.

A la page lxii de mon rapport précédent, j'attirais l'attention sur certaines difficultés qui s'étaient présentées dans l'application de la Loi des Pensions, 1924, et dont il était désirable qu'on tint compte au cas où des modifications à la Loi seraient présentées à la Chambre; celles apportées par le Parlement au cours de sa dernière session ont fait disparaître la plupart des difficultés que j'avais déjà signalées.

Fonds des rentes viagères de l'État

L'état ci-après du passif du Fonds des rentes viagères du Ministère du Travail, a été reçu trop tard pour le faire figurer parmi les "Comptes spéciaux et fiduciaires", page 148 de ce volume.

Valeur nette des contrats en cours:

Rentes viagères immédiates	$	5,186,619 00
Rentes viagères immédiates garanties		1,506,296 00
Rentes viagères immédiates dernier survivant		1,512,116 00
Rentes viagères différées		3,187,949 13
		11,392,980 13
Surplus au 31 mars 1927		53,139 35
Total au crédit du Fonds le 31 mars 1927		11,446,119 48

ÉTATS DIVERS

Des états divers se rapportant à certaines des activités du Gouvernement paraissent aux pages 164 à 195 de ce volume, et sauf les suivants, sur lesquels les Ministères ne m'ont pas encore transmis de rapports vérifiés, sont analogues à ceux de mon dernier rapport:

Elévateurs canadiens de grain, Bilans et Compte de pertes et profits.
Commission du Câble du Pacifique, Etat des recettes et des déboursés.

On trouvera ci-après, comme dans d'autres chapitres de ce rapport, des notes explicatives sur ces différents états.

Arriérés

Les états des arriérés dus au Gouvernement fédéral sont présentés sous la même forme que dans mon dernier rapport et paraissent aux pages 164 à 166 de ce volume. Ils ne contiennent aucun des montants figurant à l'actif du Bilan du Dominion. Ces états ont été établis d'après les rapports fournis par les différents Ministères, qui sont responsables de leur exactitude. Je mentionne aussi ces arrérages, dans une de mes remarques intitulée "Montants dus au Gouvernement".

Arriérés en général—Le montant des arriérés dû le 31 mars 1927, était de $11,304,075.29, soit une diminution de $284,711.99 sur celui dû au 31 mars 1926. Le Domaine de l'Etat accuse la diminution la plus forte, soit $1,369,777.25 (voir chapitre suivant "Domaine de l'Etat"). Les autres diminutions considérables de l'année ont été constatées au Ministère de l'Intérieur, Pétrole et gaz naturel, $33,067.76; et à celui de la Défense nationale, Marine, $35,250.78. Les principales augmentations durant l'année furent:—

Immigration et Colonisation	$	101,819 72
Rétablissement des soldats dans la vie civile		807,167 82
Intérieur, Grains de semences, Intérêts		89,789 68
Intérieur, Droits sur coupes de bois		103,600 59

Les fortes augmentations paraissant aux Ministères de l'Immigration et de la Colonisation et du Rétablissement des soldats sont dues à ce que ces Ministères, ont fait des rapports plus complets; une faible augmentation seulement provient d'arriérés de l'année courante.

Intérêts courus sur prêts et avances aux Chemins de fer, à la Marine marchande du Gouvernement, et aux Commissions des ports, etc. Le montant des intérêts courus pendant l'année sur ces prêts et avances, et dont la plupart paraissent comme valeurs inactives aux Appendices "K" et "L" du Bilan du Dominion, est donné dans cet état comme étant de $19,118,840.84, soit une diminution de $18,007,281.14 sur le montant de 1925-26. Cette diminution apparente provient de ce que dans l'état des arriérés d'intérêts de 1926-27 qui m'a été fourni par le Ministère des Finances, les intérêts courus ne sont donnés que jusqu'au 1er janvier 1927, au lieu de l'être, comme l'année précédente, jusqu'au 1er juillet 1926. Le montant des intérêts dus par la Commission du Port de Montréal ne comprend que la période de six mois, allant du 1er juillet au 31 décembre 1926, et ne fut payé qu'en septembre 1927. Ceux du "Montreal Turnpike Trust" sont des intérêts en retard sur les avances consenties à l'ancienne société de fiducie; sous les conditions présentes l'intérêt est régulièrement payé par les Municipalités.

Fonds fiduciaire des Indiens—Vente de terres, Capital impayé—Ce tableau indique le capital provenant de la vente des terres des Indiens et restant dû le 31 mars 1927. Le Département des Affaires indiennes ne m'a communiqué aucun état des intérêts impayés ou des arrérages de loyer des terres des Indiens. Le montant du capital impayé était au 31 mars 1927, de $1,643,078.75, au lieu de $1,704,666.02 dû le 31 mars 1926, soit une diminution de $61,587.27.

Le tableau ci-après est un sommaire des trois états d'arriérés:—

	1926-27	1925-26	Augmentation	Diminution
Arriérés en général	$ 11,304,075 29	$ 11,588,787 28		$ 284,711 99
Intérêts sur prêts et avances	247,630,090 76	228,511,249 92	$ 19,118,840 84	
Terres des Indiens	1,643,078 75	1,704,666 02		61,587 27
	260,577,244 80	241,804,703 22	18,772,541 58	

Domaine de l'Etat—Le tableau comparatif ci-dessous montre les recettes et les déboursés afférents au Domaine de l'Etat pour les années 1925-26 et 1926-27.

	1926-27	1925-26	Augmentation *Diminution
RECETTES —			
Division de l'enregistrement des terres	$ 635,001 28	$ 542,938 02	$ 92,063 25
Bois et pacages	1,193,905 20	1,079,808 40	114,096 80
Terrains houillers	972,728 51	686,670 59	286,057 92
	2,801,634 99	2,309,417 02	492,217 97
DÉBOURSÉS —			
Salaires et dépenses contingentes, service extérieur	678,813 38	603,096 35	75,717 30
Levés	380,361 08	398,973 21	*18,612 13
	1,059,174 46	1,002,069 56	57,104 90
Excédent des recettes sur les déboursés	1,742,460 53	1,307,347 46	435,113 07

Les arriérés dus le 31 mars 1927, du fait du Domaine du Gouvernement, tels que communiqués par le Ministère de l'Intérieur, s'élevaient à $5,880,761.46 contre $7,250,538.71 au 31 mars 1926, soit une réduction dans le montant total dû de $1,369,777.25, ou environ 19 pour cent. Cette réduction peut être attribuée aux deux mêmes causes que l'année dernière, à savoir: (1) une augmentation dans les encaissements, et (2) la résiliation de ventes, et d'après les dispositions du "Dominion Lands Act", il est stipulé que les terres dont la vente a ainsi été cancellée redeviennent la propriété du Gouvernement et que la dette est annulée.

Je mentionnais dans mon dernier rapport mon intention de faire un examen des méthodes suivies par le Ministère de l'Intérieur pour la vente des terres, mais il ne m'a pas encore été possible de faire de grands progrès en ce sens, l'été dernier cependant les comptes de l'un des bureaux les plus importants du Domaine, furent examinés par un de mes vérificateurs, et j'espère, l'année prochaine, pouvoir poursuivre plus à fond ces inspections.

Travaux publics—Bassin de radoub—Revenus et Dépenses

En 1926-27 les revenus des bassins de radoub et des cales-sèches se sont élevés à $125,305.58, soit une augmentation de $35,194.93 sur l'année 1925-26. Les docks de Québec firent voir une augmentation de $24,345.60, et le vieux dock d'Esquimalt de $6,668.41. Les revenus du nouveau dock Songhees, à Esquimalt, dont l'exploitation fut commencée dans le courant de l'année, furent de $3,342.42.

Les docks de Québec accusent un surplus des revenus sur les dépenses de $22,296.85, et la cale de réparation de Selkirk, de $563.04.

Le total des frais d'exploitation de ces bassins s'élève à $148,756.10, soit une augmentation de $25,719.09 sur 1925-26.

En 1926-27 les frais nets d'exploitation des docks s'élevèrent à $23,450.52, contre $32,926.54 en 1925-26.

Un état comparatif des revenus et des dépenses des trois dernières années paraît à la page 187 de ce volume.

Travaux publics—Télégraphes—Revenus et dépenses

Les revenus des réseaux télégraphiques et téléphoniques du Gouvernement se sont élevés en 1926-27 à $296,413.75, faisant voir une augmentation de $8,694.17 sur l'année financière précédente. Cette augmentation provient des réseaux suivants: réseaux de l'Est, $3,392.35; réseau de l'île de Vancouver, $3,330.29; réseau du Yukon (y compris les lignes du Nord de la Colombie anglaise), $7,399.69. Par contre, les trois réseaux suivants accusaient des diminutions de recettes: celui de la Saskatchewan, de $154.05; celui de l'Alberta, $1,272.55, et celui de la Colombie anglaise, $4,001.56.

Les frais entraînés par l'exploitation de ces réseaux ont été de $724,019.66, soit une diminution de $43,331.42 sur l'année financière précédente.

Un état comparatif des revenus et des dépenses des trois dernières années paraît à la page 187 de ce volume.

Câble du Pacifique

Le compte rendu annuel de la Commission ne m'est pas encore parvenu, et je ne suis pas en position de faire paraître l'état de ses revenus et dépenses pour le dernier exercice. Je comprends cependant que les revenus ont été supérieurs aux dépenses ordinaires, et que le Canada ne sera tenu à aucun versement pour les frais d'exploitation en 1926-27. Je n'ai reçu aucune autre communication officielle sur les questions ayant motivé la correspondance publiée dans mon rapport de 1924-25, partie S, pages 192 à 197.

Au cours de sa dernière session, le Parlement Impérial votait une loi (Pacific Cable Act, 1927), sanctionnée le 29 juin 1927, codifiant et modifiant les lois antérieures. L'article 4 de cette loi prescrit comment seront employées les sommes portées au crédit du Fonds de réserve. L'alinéa 2 de l'article 3 ordonne que la totalité du surplus de l'exercice financier, terminé le 31 mars

1927, soit versé au Fonds de réserve et l'alinéa 4 du même article que les années suivantes une somme de £10,000, ou un dixième du surplus, quel que soit celui de ces deux montants qui soit le plus élevé y soit versé, mais que la totalité devrait être versée au cas où le surplus serait inférieur à £10,000. Des dispositions prévoient également la répartition du surplus entre les Etats associés.

Vérification du Fonds patriotique

En conformité de la Loi du Fonds patriotique canadien, 1924, 5 George V, chapitre 8, article 10, les comptes de ce Fonds pour l'année financière terminée le 31 mars 1927 furent examinés et j'adressai le 3 septembre 1927 un rapport au Trésorier honoraire du Fonds. La diminution de $353,902 est due à ce que les sommes payées durant l'année, pour secours et frais d'administration du Fonds, ont dépassé les recettes en contributions et intérêts, nécessitant la vente d'une partie des valeurs en mains.

Au 31 mars 1927 le montant total au crédit du Fonds était de $2,185,081.51, contre $2,538,983.51, au 31 mars 1926.

APPLICATION DE LA LOI DU SERVICE CIVIL

Sous ce titre, je mentionnerai à l'avenir, dans chacun de mes rapports, toute infraction ou dérogation à la Loi du Service Civil qui m'aura été signalée ou aura été constatée au cours de la vérification des comptes de l'année.

D'après la Loi du Revenu consolidé et de la Vérification, je suis requis de porter à la connaissance du Conseil du Trésor tout déboursé fait par un comptable sans autorisation parlementaire. Aux pages 203 à 209 de ce volume, paraît la correspondance que j'échangeai avec le Conseil du Trésor, lui signalant des paiements effectués par des Ministères à certains de leurs employés, contrairement aux dispositions de la Loi du Service Civil, et par suite, sans l'autorité nécessaire. Je n'ai pas été informé des dispositions qu'avait pu prendre le Conseil à ce sujet.

D'après l'article 38 de la Loi du Service Civil, tel que modifié, la Commission du Service Civil, après en avoir obtenu l'approbation du Gouverneur en son Conseil, était autorisée d'excepter en totalité ou en partie certaines positions des dispositions de cette Loi et d'établir des règlements indiquant la procédure à suivre. En vertu de ces pouvoirs, les règlements qui furent approuvés exceptaient certaines positions, et stipulaient que si (à quelques exceptions près) elles devaient se continuer pendant une durée de plus de six mois, le Ministère devrait faire connaître à la Commission quels en étaient les devoirs, pour qu'elles puissent être classifiées. Afin de m'assurer si ces règlements étaient observés, je demandai aux Ministères de me communiquer une liste de ces positions sous leur contrôle, et, en outre, de me faire savoir si cette classification avait été faite. Par la suite, plusieurs des Ministères se sont conformés à cette règle.

Il est requis par la Loi du Service Civil que toute personne nommée à une position permanente dans le Service Civil prête serment de fidélité avant de retirer son traitement. Afin que les traitements des employés permanents soient payés comme le stipule cette clause, une circulaire la leur signalant fut envoyée à tous les Ministères pour qu'ils fissent le nécessaire afin que tous ceux de leurs employés n'ayant pas encore prêté serment le fassent aussitôt.

Au cours d'une inspection dans certains bureaux du Gouvernement situés en dehors d'Ottawa, il fut constaté que les règlements de la Commission du Service Civil concernant la présence des employés n'étaient pas toujours observés, or ces règlements sont formels, non seulement quant à la tenue du livre de présence, mais aussi quant aux signatures que doit y apposer l'employé et qu'il doit faire suivre des heures d'arrivée et de départ. Les Ministères dont dépendent ces bureaux paraissent ne pas leur avoir communiqué des ordres précis pour l'observance de ce règlement. Quand ces lacunes furent signalées aux fonctionnaires en charge, ils exprimèrent leur intention d'y remédier. Jusqu'à ce jour, un certain nombre seulement de bureaux ont été visités et il se peut qu'il en existe d'autres où ces règlements ne soient pas strictement observés. Les Ministères devraient, à mon avis, adresser des circulaires à tous leurs bureaux, leur rappelant les dispositions de la Loi sur ce point.

On trouvera, pages 224 et suivantes de ce volume, un précis de la correspondance échangée avec différents Ministères au sujet de cas où des fonctionnaires sont considérés comme étant employés contrairement aux dispositions de cette Loi. Ce sont: Service Civil, page 224; Bureau de l'impôt sur le revenu, page 227; Immigration et Colonisation, page 227; Législation—Chambre des communes, et Sénat page 230; Défense nationale, page 231.

BUREAU DE L'AUDITEUR GÉNÉRAL

Sans tenir compte du personnel supplémentaire nécessité par le paiement des comptes d'élection, le nombre moyen des employés de mon Bureau a été cette année de 197 contre 196 en 1925-26. Ce nombre, bien que n'ayant cessé de varier d'un mois à l'autre, s'est trouvé être le même aux mois de mars 1926 et 1927, à savoir: 192, dont 81 hommes.

Les absences pour cause de maladie ont été légèrement supérieures à celles de l'année précédente, la plus grande partie étant due aux maladies graves de plusieurs employés comptant de nombreuses années de service et ayant droit de par les règlements aux congés qui leur furent accordés. Une des employées se voyant dans l'impossibilité de reprendre son travail a demandé à faire valoir ses droits à la retraite, et l'on accéda à sa demande. Je compte donner dans mon prochain rapport des détails intéressants sur les absences en général.

Afin d'encourager les membres de mon personnel à perfectionner leurs connaissances de la comptabilité et de la vérification des comptes, j'ai créé une bibliothèque comprenant les derniers ouvrages publiés et qui font autorité sur ces matières. Elle renferme également les rapports annuels des Contrôleurs et Auditeurs Généraux de Grande-Bretagne, des Dominions de l'Empire et des Etats-Unis; les principales revues de comptabilité publiées dans ces pays, ainsi que nombre d'autres publications se rapportant à la finance et à la comptabilité publique. J'ai la satisfaction de constater que la plupart de mes employés prennent avantage des facilités ainsi mises à leur disposition pour augmenter leur compétence et par là même se rendre plus utiles dans les situations qu'ils occupent.

Les observations que je faisais dans mes rapports précédents sur mon personnel, les bureaux qui lui sont affectés et les dépôts des archives financières, sont toujours valables.

REMARQUES GÉNÉRALES

Nonobstant certaines conditions, que j'ai déjà expliquées plus en détail dans mes rapports précédents, et que je considère comme un obstacle vers un progrès plus marqué dans l'application de méthodes améliorées de comptabilité, de contrôle et de vérification, je peux quand même signaler de nouvelles améliorations sur les points suivants: —

(*a*) Dans l'organisation et la direction intérieure de ce Bureau;

(*b*) Dans la forme de mon rapport annuel et dans le nombre et l'importance des questions qui y sont soumises à la Chambre;

(*c*) Dans l'application plus générale de la vérification *pari passu* aux déboursés des différents Ministères, qui fut rendue possible du fait que le travail de compilation des détails des revenus et des dépenses, etc., paraissant dans ce rapport, ayant été terminé avec deux mois d'avance sur les années précédentes, mon personnel put commencer d'autant plus tôt la vérification des transactions de l'année.

(*d*) En contribuant, dans certains cas, grâce à une coopération plus étroite avec les fonctionnaires des Ministères, à l'introduction de meilleures méthodes de contrôle des dépenses, et dans quelques départements, à une vérification plus étendue et plus efficace des revenus et des matières en magasin.

Bien que des améliorations semblent avoir été effectuées et qu'une plus grande attention soit donnée aux méthodes d'inspection des bureaux situés à distance, je recommande encore fortement que les Ministères d'Ottawa dont ils dépendent en fassent faire de fréquentes et méthodiques inspections. Quant à leur administration intérieure, comme d'ailleurs dans celle de tous les services du Gouvernement, il est un principe bien connu de bonne administration dont l'observance assurerait une meilleure sauvegarde des deniers publics, et d'après lequel un fonctionnaire ne doit recevoir, débourser des argents, émettre des chèques et, en même temps, faire les écritures comptables.

En ce qui concerne mon projet d'effectuer dans l'avenir la vérification des comptes dans les livres d'entrées et les documents originaux de chacun des Ministères, j'espère, dès l'an prochain, pouvoir le réaliser en partie en appliquant cette vérification dans au moins un des plus importants dont les hauts fonctionnaires verraient ce changement avec satisfaction. Toutefois, comme je l'exposais dans mes rapports précédents, cette modification ne peut être opérée que graduellement et qu'en autant que le personnel de mon Bureau le permettra.

Si la compilation des chiffres et des divers éléments nécessaires à mon rapport fut terminée beaucoup plus tôt cette année, le résultat en est dû non seulement à une amélioration dans les méthodes suivies, mais aussi à la coopération zélée de mes chefs de service, et au travail assidu fourni par les membres de mon personnel, dont plusieurs ne prirent leurs vacances annuelles qu'après avoir achevé la tâche leur incombant.

AUDIT NOTES—

Vote 300.—The issue of a cheque in payment for house furnishings was withheld until authorized by Order-in-Council as it was not clear that Parliament intended the appropriation to include expenditure of this nature.

Vote 300.—An application to debit this vote and credit the 1927–28 appropriation with $144.17 was refused as the account was not submitted for payment prior to March 31, 1927.

Maintenance of automobile, Commissioner General, Paris, France—Acting on my suggestion and pending action by Parliament, the department obtained an Order-in Council (P.C. 40/289, dated 5th May, 1927) authorizing the $3,000 annual grant (see correspondence 1925–26, Vol. I, Page 237).

Purchase of "North American Indian"—The Dominion Archivist attributes to the magnitude and elaborate preparation of the work—the fact that 7 of the 20 volumes paid for are yet undelivered. (See correspondence 1925–26, Vol. I, Page 235).

NOTES DE VÉRIFICATION—

Crédit 300.—Un chèque émis en paiement de meubles, fut retenu tant que ce paiement n'eut pas été autorisé par un arrêté en conseil, comme il ne ressortait pas clairement des crédits votés par le Parlement qu'ils pûssent être appliqués à des dépenses de cette nature.

Crédit 300.—Une demande de débiter ce crédit et de créditer l'appropriation de 1927–28 de $147.28 fut refusée, le compte n'ayant pas été présenté pour paiement antérieurement au 31 mars 1927.

Entretien de l'automobile du Commissaire général à Paris, France.—Sur ma demande et en attendant une décision du Parlement, le Ministère obtint un arrêté en conseil, (C.P. 40–289, daté du 5 mai 1927) autorisant une subvention annuelle de $3,000.

(Voir précis de la correspondance de 1925–26—Page 249).

Achat de l'ouvrage "North American Indian",—D'après l'archiviste du Gouvernement, l'importance de cet ouvrage et les travaux considérables qu'il nécessite seraient cause que sur les 20 volumes payés, 7 n'ont pas encore été livrés.

(Voir précis de la correspondance 1925–26—Page 247).

EXPLANATIONS OF GRANTS NOT USED, AND GRANTS EXCEEDED.—*a* Purchase of small parcels of land, rights of way, etc., not effected. *b* Change in treatment of monies deposited by gentlemen cadets for personal expenses. *c* In previous years, the cost of maps supplied for training purposes, etc. was credited to this vote, irrespective of the date of supply of the material; this practice was stopped when it was too late to make provision to offset the loss to the vote. *d* This slight excess occurred during the final adjustment notwithstanding the close control exercised over the many sub-disbursing agencies. *e* Contract for this work could not be arranged until too late in the season to admit of much progress being made.

REMARQUES SUR LES CRÉDITS NON EMPLOYÉS OU DÉPASSÉS.—*a* Des achats de petites parcelles de terre, de droits de passage etc. n'ont pas été effectués; *b* Changements dans la méthode de gestion des sommes déposées par les cadets pour leurs dépenses personnelles. *c* Les années précédentes le coût des cartes pour l'entraînement etc., était porté en déduction de ce crédit à quelque époque qu'elles eussent été fournies, cette pratique fut discontinuée trôp tard pour pouvoir couvrir la diminution du montant dans ce crédit. *d* Ce léger dépassement s'est produit durant l'ajustement final, malgré le contrôle étroit qui fut exercé dans les nombreux bureaux payeurs. *e* Le contrat de ces travaux donné trop tard dans la saison pour que les travaux aient pu être très avancés.

EXPLANATIONS OF GRANTS NOT USED, AND GRANTS EXCEEDED.—*a* Reduction of staff, and replacements at lower salaries. *b* Works not proceeded with. *c* Work did not progress as rapidly as had been expected when the Estimate was being prepared. *d* Owing to the rigid restriction imposed by the Dept. of Finance upon funds covered by G. G. Warrant of Aug. 26, 1926, the De ›t. was able only to use a small part of the sum provided for this work, and consequently was obliged to delay payment and obtain an additional grant in a subsequent G. G. Warrant. *e* One or more items were dispensed with, or held over for further consideration, thus reducing the cost of the work. *f* Unavoidable inaccuracies in preparing the Estimates. *g* A contribution of $46,000 was received from the Hammermill Paper Company. *h* Through a clerical error, $301.99 was charged to Chicoutimi Basin, Wharf repairs, properly chargeable to Chicoutimi Basin, New slip.

REMARQUES SUR LES CRÉDITS NON EMPLOYÉS OU DÉPASSÉS.—*a* Personnel réduit et employés remplacés par d'autres à salaires moins élevés. *b* Travaux non exécutés. *c* Les travaux n'ont pas été exécutés aussi rapidement que l'on pensait quand les prévisions budgétaires furent établies. *d* Due aux restrictions imposées par le Ministère des Finances sur les fonds autorisés par mandat du Gouverneur Général en date du 26 août 1926, le Ministère ne put employer qu'une faible partie de la somme prévue pour ces travaux et fut en conséquence obligé de retarder les paiements et d'obtenir dans la suite un crédit additionnel par mandat du Gouverneur Général. *e* Un ou plusieurs travaux abandonnés ou suspendus pour une nouvelle étude réduisant ainsi le coût des travaux. *f* Inexactitudes inévitables en établissant les prévisions budgétaires. *g* Contribution de $46,000 reçue de la "Hammermill Paper Co.". *h* Par suite d'une erreur dans les écritures une somme de $301.99 fut portée au compte des réparations du quai de Chicoutimi Basin qui aurait dû être chargée au nouveau glissoir de ce port.

AUDIT NOTE—

Terms of contract with the Minas Basin Dredging Co., for dredging the harbour, were waived by Order-in-Council and the contractors were paid for the work done at actual cost, plus ten per cent for overhead expenses.

NOTE DE VÉRIFICATION—

Le contrat passé avec la "Minas Basin Dredging Co." pour le dragage du port fut annulé par un arrêté en conseil. Prix de revient plus dix pour cent pour dépenses indirectes d'administration payés aux entrepreneurs pour les travaux exécutés.

AUDIT NOTES—

Under the present methods the classification of "Sight Entries" in the revenue of the Customs and Excise is not obtainable and the system of taking deposits on these entries was questioned with a view of possible loss of revenue in cases of insufficiency of deposit and inability of recovering the full amount of the duty. (*See* précis of correspondence, page 214).

An account of $915.69 for interest earned on monies collected for grain overages for 1925-1926 was deposited to Casual Revenue.

An under collection of $100 for Steamship Inspection fees in 1925-26 is still outstanding. (*See* précis of correspondence, page 220).

The refund of $5,100 from Fines and Forfeitures of the Fisheries Department was to cover an expenditure of $3,302.79 *re* seizure of United States fishing vessel "*Judique*" and the balance was remitted to the owners of the vessel.

An amount of $173,206.69 has been collected on account of grain overages at Public Terminal Elevators and has been deposited to the credit of the Board of Grain Commissioners in the Canadian Bank of Commerce at Fort William pending an Order in Council directing the manner in which it is to be applied. (*See* précis of correspondence, page 223).

NOTES DE VÉRIFICATION—

D'après les méthodes actuellement suivies par le Ministère du Revenu National il n'est pas possible d'établir une classification distincte des recettes de dépôts pour "entrée à vue." Objection fut faite à cette méthode par suite de pertes possibles en cas d'insuffisance de dépôt ou d'inhabilité à recouvrer le plein montant des droits. (*Voir* précis de la Correspondance, page 225.)

Un montant de $915.69 représentant les intérêts acquis sur les sommes provenant des ventes de surplus de grains en 1925-26 fut versé au Revenu Casuel.

Un déficit de $100 sur les droits d'inspection des navires à vapeur en 1925-26 n'a pas été payé. (*Voir* précis de la correspondance, page 231).

Le remboursement de $5,100 à même les revenus provenant d'amendes et confiscations du Ministère des Pêcheries était pour couvrir une dépense de $3,302.79, occasionnée par la saisie du bateau de pêche des Etats-Unis le "*Judique*." La balance de $1,797.21 fut versée aux propriétaires du bateau.

Un montant de $173,206.69, a été perçu sur la vente du surplus de grains dans les élévateurs publics des terminus. Cette somme a été déposée à la Banque Canadienne de Commerce de Fort William, et portée au crédit des Commissaires des grains, en attendant qu'un arrêté en conseil ait décidé de son emploi. (*Voir* précis de la correspondance, page 234).

NOTES—

(*a*) The large amount of refunds of Revenue shown against Customs Duties, Excise Duties and Excise Taxes is due mainly to drawbacks and refunds of duty paid in accordance with the provisions of the Customs and Excise Act and Section 92 of the Audit Act, details of these payments will be found in Volume II of this report, Part " D,".

(*b*) See note (d) on page 74.

(*c*) Details of the refunds from the gross amount of Casual Revenue are shown in Volume II, as follows:—Civil Service Commission, Part " C," page 2—$355; Customs and Excise, Part " D," page 10—$2,924.49; Interior, Part " K," pages 9 and 10—$229.59; Labour Part " M," page 2—40c.; Legislation, Part " N," page 2—$12,388.63

(*d*) Details of the refunds from Fines and Forfeitures are shown in Volume II as follows:—Customs, Part " D," page 8—$423,740.67; Immigration and Colonization, Part " H," page 3—$1,250; Interior, Part " K," page 10—$120; Justice, Part " L," page 3—$310; Fisheries, Part " O," page 5—$5,100.

(*e*) The large amount of refunds of Revenue shown against War Tax-Income and Business Profits is due to the revision downwards to date of rates for Income from April 1st, 1926. The Act authorizing this revision assented to only on June 15th, 1926, a large number in the meantime had paid their taxes based on the old rates, and adjustments were made after the passing of the Act. This revision also accounts for the large decrease in the total revenue received from this Tax.

REMARQUES—

(*a*) Les montants élevés des remboursements des revenus imputables sur les droits de douanes, et les droits et taxes d'accise, proviennent surtout du fait que des paiements de drawbacks et des remises de droits ont été faits conformément aux dispositions de la Loi des douanes et de l'accise et de l'article 92 de la Loi de Vérification. Les états de ces paiements figurent dans le Volume II de ce rapport, partie D.

(*b*) Voir la remarque (d), page 74.

(*c*) Les détails de remboursements sur le montant brut du revenu casuel sont donnés dans le Volume II. Ce sont: Partie C, page 2—Commission du Service Civil, $355; partie D, page 10—Douanes et Accise, $2,924.49; partie K, pages 9 et 10—Intérieur, $229.59; partie M, page 2—Travail, 40c.; partie N, page 2—Législation, $12,388.63.

(*d*) On trouvera dans le Volume II le détail des remboursements d'amendes et de confiscations. Ce sont: partie D, page 8—Douanes, $423,740.67; partie H, page 3—Immigration et Colonization, $1,250; partie K, page 10,—Intérieur, $120; partie L, page 3—Justice, $310; partie O, page 5—Pêcheries, $5,100.

(*e*) Le montant élevé des remboursements de revenu imputables sur les produits de la taxe de guerre et des bénéfices commerciaux est dû à une revision abaissant, à dater du 1er avril 1926, les taux de l'impôt sur le revenu, et du fait que la Loi autorisant cette revision ne fut sanctionnée que le 15 juin, alors qu'un grand nombre de contribuables avaient déjà payé leurs impôts d'après l'ancien taux. Des ajustements eurent lieu après le vote de la Loi. La forte diminution dans le revenu total de ce Département est également due à cette revision.

NOTES—

(a) Disbursements are charged and contributions credited directly to Consolidated Revenue Fund. Disbursements are greatly in excess of contributions chiefly for the reason that this is the oldest Superannuation Fund, being superseded in 1893 by Fund No. 2. Most of those who were still contributing in 1924 transferred to Fund No. 5. *(b)* Treated as an open account. Receipts for Fund No. 2 include $101,415.34 charged to Interest on Public Debt. *(c)* This is covered by a vote in the Supply Bill each year. No contributions were made by the employees retired under the Order in Council. *(d)* No contributions were received under this Act. Payments thereunder were charged to Consolidated Revenue Fund. *(e)* Treated as an open account. Receipts for Fund No. 5 include $1,099,673.23 as the Government's contribution, $479,443.08 charged to Interest on Public Debt, and $2,255,203.83 transferred from Retirement Fund. *(f)* Statutory; no contributions. *(g)* No contributions; covered by Votes in the Supply Bill with the exception of $10,499.92 which is statutory. *(h)* Contributions credited to the Consolidated Revenue Fund. Of the disbursements $141,296.86 is authorized by statute and the remainder is charged to votes under the Supply Bill. *(i)* This amount is covered by votes in the Supply Bill. *(j)* Disbursements are charged and contributions credited directly to Consolidated Revenue Fund.

REMARQUES—

(a) Les déboursés sont débités et les contributions directement créditées au Fonds du Revenu consolidé. Les déboursés dépassent considérablement les contributions, principalement du fait que ce fonds de pension est le plus ancien, ayant été remplacé en 1893 par le Fonds No. 2. En 1924 la plupart de ceux qui y contribuaient encore furent transférés au Fonds No. 5. *(b)* Considéré comme un compte spécial. Les recettes du Fonds No. 2 comprennent une somme de $101,415.34 débitée à l'intérêt de la dette publique. *(c)* Il y est pourvu chaque année par un crédit dans le Bill des Subsides. Aucune contribution n'a été versée par les employés ayant pris leur retraite en vertu d'un arrêté en conseil. *(d)* Aucune contribution perçue en vertu de cette Loi. Les paiements ont été imputés sur le Fonds du Revenu consolidé. *(e)* Considéré comme un compte spécial. Les recettes du Fonds No. 5 comprennent: quote-part de l'État, $1,099,673.23; paiements imputables sur l'intérêt de la dette publique, $479,443.08; virements du fonds de retraite, $2,255,203.83. *(j)* En vertu d'une Loi spéciale. Il n'est percu aucune contribution. *(g)* Il n'est percu aucune contribution, un crédit du Bill des Subsides y pourvoyant, sauf pour une somme de $10,499.92 qui est statutaire. *(h)* Contributions créditées au Fonds du Revenu consolidé. Sur les déboursés, $141,296.86 sont autorisés par une Loi spéciale, la balance étant imputée sur des crédits du Bill des Subsides. *(i)* Couvert par les crédits du Bill des Subsides. *(j)* Les déboursés sont débités et les contributions directement créditées au Fonds du Revenu consolidé.

TREASURY BOARD CORRESPONDENCE

Payments to Permanent Officials of House of Commons for Extra Services During the Session in Connection With Committees of Senate and House of Commons

AUDIT OFFICE, April 22, 1927.

DEAR SIR,—I enclose copies of correspondence with the Senate and House of Commons relative to payments, additional to regular salary, made to Messrs. R. C. Sturgeon and W. W. Buskard, permanent employees of the House of Commons. As shown in the correspondence, Mr. Sturgeon received additional remuneration from both the Senate and House of Commons—Mr. Buskard's extra pay was received from the Senate.

Subsection 2 of section 41 of the Consolidated Revenue and Audit Act calls for a report by me to the Treasury Board of any case in which a sub-accountant has expended money out of the proceeds of any accountable credit for any purpose for which there is no legislative authority. Not only is there no legislative authority covering these payments but they were made in contravention of sections 22 and 34 of the Civil Service Act, these employees having been paid amounts additional to their ordinary salaries for extra services during the session. Section 22 of that Act definitely states that such payments should not be made in the absence of special authority of Parliament. No such authority was obtained.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary of the Treasury Board.

(Note)—I have not been informed whether any action has been taken upon this letter.

AUDIT OFFICE, July 16, 1926.

DEAR SIR,—Under the Estimates of the Sergeant-at-Arms, I find that by cheque No. 1543, issued in May, 1926, Mr. R. C. Sturgeon, assistant parliamentary reporter, received the sum of $67.10 for reporting and transcribing evidence of the Protective Staff.

In view of the provisions of sections 22 and 34, chapter 12 of the Civil Service Act, 1918, kindly inform me as to the authority on which this payment was made.

Yours truly,

GEO. GONTHIER, *A.G.*

The Clerk of the House of Commons.

AUDIT OFFICE, September 13, 1926.

DEAR SIR,—On July 16th last, I wrote you with reference to a payment of $67.10 made to Mr. R. C. Sturgeon, assistant parliamentary reporter.

An early reply to my letter would be appreciated.

Yours truly,

WM. KEARNS, for *A.G.*

The Clerk of the House of Commons.

AUDIT OFFICE, April 22, 1927.

DEAR SIR,—On July 16th and again on September 13th, 1926, I wrote you with reference to a payment made to Mr. R. C. Sturgeon. As I have had no replies to my letters I am to-day referring the matter to the Treasury Board.

Yours truly,

GEO. GONTHIER, *A.G.*

The Clerk of the House of Commons.

AUDIT OFFICE, Oct. 8, 1926.

DEAR SIR,—Included in the expenditure made from Salaries and Contingencies vote in August, 1926, I find the following payments:—

June 15, 1926, Cheque No. 4449 R. C. Sturgeon, transcribing, etc., $62.60
June 15, 1926, Cheque No. 4454 W. W. Buskard, reporting, $56.90.

Being permanent employees performing these special services during the Parliamentary session, it would appear that under Section 22 of the Civil Service Act, 1918, neither Mr. Sturgeon nor Mr. Buskard was eligible for any remuneration additional to his salary.

Please inform me as to your authority for making these payments.

Yours truly,

WM. KEARNS, *for A.G.*

The Clerk of the Senate.

THE SENATE, October 14, 1926.

DEAR SIR,—I am in receipt of your letter of the 8th inst., relative to certain payments to R. C. Sturgeon and W. W. Buskard for reporting, etc.—Senate Committee work.

Owing to the unusual number of Committees at the time and the consequent urgency of the work, it was necessary to secure additional qualified assistance. The officials referred to were the only available competent persons and were thus engaged.

Yours truly,

A. E. BLOUNT, *Clerk.*

The Auditor General.

AUDIT OFFICE, October 28, 1926.

DEAR SIR,—I have your letter of the 14th inst. in explanation of the payment to two permanent employees of the House of Commons of remuneration in addition to their statutory salaries for emergency work in the Senate during the session of Parliament.

As pointed out in my letter of the 8th inst., payment of extra remuneration to the two permanent employees in question was made in contravention of the provisions in that regard of the Civil Service Act and therefore the amounts so paid should be refunded.

Yours truly,

GEO. GONTHIER, *A.G.*

The Clerk of the Senate.

AUDIT OFFICE, December 30, 1926.

DEAR SIR,—In my letter of October 28th, 1926, referring to payments of $62.60 and $56.90 made respectively to Messrs. R. C. Sturgeon and W. W. Buskard, I pointed out that these amounts (being paid in contravention of the provisions of the Civil Service Act) should be refunded.

Please inform me if their recovery has yet been effected.

Yours truly,

WM. KEARNS, *for A.G.*

The Clerk of the Senate.

THE SENATE, January 3, 1927.

DEAR SIR,—I am in receipt of your letter of the 30th ult., relative to certain payments to Messrs. R. C. Sturgeon and W. W. Buskard, and in reply beg to state that the amounts referred to have not been refunded.

Yours truly,

A. E. BLOUNT, *Clerk.*

The Auditor General.

AUDIT OFFICE, April 21, 1927.

DEAR SIR,—Relative to our correspondence, between October 14th, 1926, and January 3rd, 1927, with reference to payments additional to salary made to Messrs. R. C. Sturgeon and W. W. Buskard, I beg to inform you that I am to-day submitting the matter to the Treasury Board for decision.

Yours truly,

GEO. GONTHIER, *A.G.*

The Clerk of the Senate.

Payment to Permanent Official of House of Commons for Extra Services During the Session in Connection With the Customs Investigating Committee

OTTAWA, May 11, 1927.

DEAR SIR,—I enclose herewith copies of correspondence with the Clerk of the House of Commons relative to a payment, additional to his regular salary, made to Mr. J. C. Beauchamp, a permanent employee of the House of Commons.

As shown in the correspondence, Mr. Beauchamp, in addition to his regular salary, was paid the sum of $1,000 for services as interpreter at the Customs Investigating Committee. This extra payment was made on the authority of a resolution of the Commission of Internal Economy of the House of Commons, but as Parliament had not made the necessary provision for payment thereof, I am of opinion the amount was paid without proper authority and for this reason I desire to have the matter referred to the Treasury Board in accordance with subsection 2 of section 41 of the Consolidated Revenue and Audit Act.

Yours truly,

WM. KEARNS, *for A.G.*

The Secretary of the Treasury Board.

(Note)—I have not been informed whether any action has been taken upon this letter.

AUDIT OFFICE, February 2, 1927.

DEAR SIR,—By cheque No. 5242, issued in the fiscal year 1926-27, Mr. J. C. Beauchamp received, through the Customs Investigating Committee, the sum of $1,000 for his services as interpreter, February 10th to June 11th, 1926. Throughout this period, Mr. Beauchamp was in receipt of his full salary as a parliamentary translator in the permanent service.

In view of the provision in section 22 of the Civil Service Act, being chapter 12 of 1918, I shall be obliged if you will let me know if special parliamentary authority was obtained for this additional payment to Mr. J. C. Beauchamp.

Yours truly,

WM. KEARNS, *for A.G.*

The Clerk of the House of Commons.

THE HOUSE OF COMMONS, February 4, 1927.

DEAR SIR,—In reply to your letter of the 2nd instant, relative to payment of $1,000 to Mr. J. C. Beauchamp, who acted as interpreter before the Customs Investigation Committee which sat in the session of 1926, I beg to say that Mr. Beauchamp's services were retained by a special order of a Committee which had been appointed by the House of Commons.

Enclosed please find a letter from Mr. Walter Todd, Chief Clerk of Committee, setting forth the manner in which Mr. Beauchamp was employed.

This matter came up before the Commission of Internal Economy of the House at its meeting of December 14th last, when it was shown that Mr. Beauchamp was appointed by resolution of the Committee on the 9th of February, 1926, and attended every day and night sitting from February 10th, 1926, to June 11th, 1926, inclusive, interpreting evidence both French to English and English to French.

The Commission resolved to pay Mr. Beauchamp's account out of the Committee expenses.

Yours very truly,

ARTHUR BEAUCHESNE, *Clerk.*

The Auditor General.

HOUSE OF COMMONS, December 13, 1926.

DEAR SIR,—I have the honour to state for your information that on the 9th day of February, 1926, the Special Committee appointed during the last session of Parliament to investigate the administration of the Department of Customs and Excise, passed the following resolution, viz:—

"The question of obtaining the services of a French interpreter and a French stenographer having been discussed,

"Mr. Bennett moved:

"That the Clerk be authorized to obtain the services of a competent French interpreter and also a competent French stenographer, which was agreed to." (See No. 1 of the Committee's proceedings, p. V.)"

and that on the 25th day of February, 1926, it is recorded in the Minutes of Evidence taken by the said Committee (see proceedings, p. 318), that the examination of the witness, Ralph Garceau, was "conducted in French and interpreted by Mr. Beauchamp, official interpreter, sworn to act as such."

I may add that Mr. Beauchamp was in attendance regularly before the Committee until the investigation was closed on June 11, 1926 (see proceedings, p. 3059).

I am, Sir, Your obedient servant,

WALTER TODD, *Clerk of Committee.*

The Clerk of the House of Commons.

OTTAWA, May 11, 1927.

DEAR SIR,—In my letter of February 2, 1927, I inquired if, in view of the provisions of Section 22, Chapter 12 of the Civil Service Act, 1918, special authority was obtained for the additional payment of $1,000 made to Mr. J. C. Beauchamp, a permanent employee of the House of Commons. In your reply of February 4th, you informed me that "this matter came up before the Commission of Internal Economy of the House at its meeting of December 14th last, when it was shown that Mr. Beauchamp was appointed by resolution of the Committee on the 9th of February, 1926"—and that "the Commission resolved to pay Mr. Beauchamp's account out of the Committee expenses."

As this payment was made "in the absence of special authority of Parliament", I am referring the matter to the Treasury Board.

Yours truly,

WM. KEARNS, *for A.G.*

The Clerk of the House of Commons.

Insurance on Motor Cars

AUDIT OFFICE, April 28, 1927.

DEAR MR. SAUNDERS,—Cases have been brought to my attention in which insurance has been effected on government owned motor cars. As a large number of motor cars and trucks, widely distributed throughout Canada, are at present the property of the government and as that number is constantly increasing, I consider it advisable that some general executive regulation be made with regard

to placing insurance on such cars and trucks, especially as if it becomes generally known that insurance has been placed on some cars pressure will probably be brought to bear by the insurance agents to have all government cars insured.

An Order in Council of July 5, 1881, which is still in force, sets forth that "in view of the large amount, varied character and widely separated position of the property of the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property" and directs that "all existing policies (if any such exist) be suffered to lapse and no new ones effected." As the above Order was passed when the question of insuring Government property against fire was under consideration, I consider it questionable if it could be regarded as applicable to the question of insurance on motor cars, especially as the automobile policies cover several other risks than loss by fire.

I shall, accordingly, be glad to be informed if in the opinion of the Treasury Board, the Order in Council referred to above is to be interpreted as prohibiting the placing of insurance of any kind on motor cars or if it is the intention of the Board to pass a minute dealing with this matter.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary to the Treasury Board.

(Note)—On June 16th last, a minute of the Treasury Board was approved by Council whereby the policy of the Government to underwrite its own risks on movable and immovable property was extended to include insurance on all classes of Government owned automobiles.

Employment of Official Without Approval of Civil Service Commission

(For previous Correspondence see Auditor General's Report 1925-26, Vol. I, page 211)

AUDIT OFFICE, OCTOBER 21, 1927.

DEAR SIR,—On November 26, 1926 I wrote you calling attention to our previous correspondence regarding the employment of Mr. Kendall Turner as a messenger clerk in the Department of Marine and Fisheries, and in which I pointed out that his employment was contrary to the provisions of the Civil Service Act.

No reply was received to that letter and apparently no instructions were issued by the Treasury Board as I find that Mr. Turner is still being employed and paid by that Department without the required statutory authority.

As his employment is a direct contravention of a Parliamentary Statute I consider it my duty to report such contravention for each year he is so employed. Section 41 of the Consolidated Revenue and Audit Act calls for such action on my part in order that the necessary steps may be taken by the Treasury Board to stop such illegal payment.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary of the Treasury Board.

Paiement à des fonctionnaires permanents de la Chambre des communes pour travaux supplémentaires dans les comités du Sénat et de la Chambre des communes pendant la session

BUREAU DE L'AUDITEUR GÉNÉRAL,
22 avril 1927.

CHER MONSIEUR,—Je vous envoie ci-joint copie de la correspondance échangée avec le Sénat et la Chambre des communes relativement à des paiements additionnels consentis à MM. R. C. Sturgeon et W. W. Buskard, fonctionnaires permanents de la Chambre des communes. Il ressort de ces lettres que M. Sturgeon reçut une rémunération additionnelle qui lui fut versée par la Chambre et le Sénat, et que celle de M. Buskard lui fut versée par le Sénat seul. Le paragraphe 2, de l'article 41 de la Loi du Revenu consolidé et de la Vérification m'ordonne de porter à la connaissance du Conseil du Trésor, tout cas où un sous-comptable a dépensé des argents provenant de crédits dont il doit être rendu compte, s'il n'y a pas d'autorisation législative et quelle qu'en soit la raison. Non seulement il n'existe dans ce cas aucune autorisation pour effectuer ces paiements, mais de plus ils furent faits en violation des dispositions des articles 22 et 34 de la Loi du Service Civil, ces employés ayant touché une rémunération additionnelle à leur salaire régulier pour travaux supplémentaires pendant la session. L'article 22 de cette Loi déclare formellement que ces paiements ne doivent pas être faits en l'absence d'une autorisation spéciale du Parlement, et cette autorisation ne fut pas obtenue.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

Remarque: Je n'ai pas été prévenu si une action fut prise à la suite de cette lettre.

BUREAU DE L'AUDITEUR GÉNÉRAL, 16 juillet 1926.

CHER MONSIEUR,—Dans le budget du Sergent d'armes, je remarque qu'au mois de mai 1926, un chèque N° 1543 au montant de $67.10 a été émis en faveur de M. R. C. Sturgeon, sténographe parlementaire-adjoint, pour prendre et transcrire les témoignages du personnel du service de surveillance. Veuillez m'informer sur quelle autorité vous vous êtes appuyé pour faire ce paiement qui va à l'encontre des dispositions des articles 22 et 34, chapitre 12, de la Loi du Service Civil, 1918.

Votre tout dévoué,

GEO. GONTHIER, *A.G.*

Le Greffier de la Chambre des communes.

BUREAU DE L'AUDITEUR GÉNÉRAL, 13 septembre 1926.

CHER MONSIEUR,—Je vous ai déjà écrit le 16 juillet dernier au sujet d'un paiement de $67.10 consenti à M. R. C. Sturgeon, sténographe parlementaire-adjoint.

Il me serait agréable d'avoir une réponse au plus tôt.

Votre dévoué,

WM. KEARNS, *pour l'A.G.*

Le Greffier de la Chambre des communes.

BUREAU DE L'AUDITEUR GÉNÉRAL, 22 avril 1927.

CHER MONSIEUR,—Le 16 juillet, comme aussi le 13 septembre 1926, je vous écrivis relativement à un paiement fait à M. R. C. Sturgeon. Mes lettres étant restées sans réponse, je porte aujourd'hui cette affaire à la connaissance du Conseil du Trésor.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Greffier de la Chambre des communes.

BUREAU DE L'AUDITEUR GÉNÉRAL, 8 octobre 1926.

CHER MONSIEUR,—Au mois d'août 1926, je trouve parmi les dépenses imputées au crédit pour traitements et dépenses contingentes, les paiements suivants:

1926

15 juin, chèque N° 4449, R. C. Sturgeon, pour travaux de copies, etc. $62 60

15 juin, chèque N° 4454, W. W. Buskard, pour comptes-rendus, etc. $56 90

Il résulterait qu'en vertu de l'article 22 de la Loi du Service Civil, 1918, MM. Sturgeon et Buskard, faisant partie du personnel permanent, n'avaient droit pendant la session à aucune rémunération supplémentaire à leur salaire régulier.

Je vous serais obligé de me faire savoir sur quelle autorité vous vous êtes appuyé pour faire ces paiements.

Votre tout dévoué,

WM. KEARNS, *pour l'A.G.*

Le Greffier du Sénat.

LE SÉNAT, 14 octobre 1926.

CHER MONSIEUR,—J'ai reçu votre lettre du 8 du courant relative à certains paiements consentis à MM. R. C. Sturgeon et W. W. Buskard pour recevoir les témoignages, etc., du comité du Sénat. Par suite du nombre inaccoutumé des séances du Sénat à cette époque, il en est résulté des travaux imprévus et urgents nécessitant l'emploi de surnuméraires expérimentés. Les fonctionnaires en question étant les seuls compétents auxquels l'on pût avoir recours, leurs services furent retenus.

Votre tout dévoué,

A. E. BLOUNT, *Greffier.*

L'Auditeur Général.

BUREAU DE L'AUDITEUR GÉNÉRAL, 28 octobre 1926.

CHER MONSIEUR, — J'ai reçu votre lettre du 14 du courant m'expliquant que les paiements additionnels, consentis à deux employés permanents de la Chambre des communes en plus de leur salaire, avaient été nécessités par des travaux imprévus et urgents du Sénat au cours de la session du Parlement.

Comme je vous le faisais remarquer dans ma lettre du 8 du courant, ces paiements ont été faits contrairement aux dispositions de la Loi du Service Civil sur ce point, et par suite les montants ainsi payés doivent être reversés.

Votre tout dévoué,

GEO. GONTHIER, *A.G.*

Le Greffier du Sénat.

BUREAU DE L'AUDITEUR GÉNÉRAL, 30 décembre 1926.

CHER MONSIEUR, — Dans ma lettre du 28 octobre 1926 relative à des paiements de $62.60 et $56.90 faits respectivement à MM. R. C. Sturgeon et W. W. Buskard, je vous faisais remarquer que ces paiements faits contrairement aux dispositions de la Loi du Service Civil devaient être reversés.

Je vous serais obligé de me faire savoir si ces reversements ont été effectués.

Votre tout dévoué,

WM. KEARNS, *pour l'A.G.*

Le Greffier du Sénat.

LE SÉNAT, 3 janvier 1927.

CHER MONSIEUR, — J'ai reçu votre lettre du 30 du mois dernier relative à certains paiements consentis à MM. R. C. Sturgeon et W. W. Buskard, et en réponse je dois vous faire savoir que ces paiements n'ont pas été reversés.

Votre tout dévoué,

A. E. BLOUNT, *Greffier.*

L'Auditeur Général.

BUBEAU DE L'AUDITEUR GÉNÉRAL, 21 avril 1927.

CHER MONSIEUR, — Comme suite à notre correspondance échangée entre le 14 octobre 1926 et le 3 janvier 1927 relative à des paiements additionnels à leurs salaires faits à MM. R. C. Sturgeon et W. W. Buskard, je dois vous prévenir que je porte aujourd'hui cette affaire à la connaissance du Conseil du Trésor pour qu'il prenne une décision.

Paiement à un fonctionnaire permanent de la Chambre des communes pour travaux supplémentaires pendant la session au comité d'enquête sur les douanes

BUREAU DE L'AUDITEUR GÉNÉRAL, 11 mai 1927.

CHER MONSIEUR, — Je vous envoie ci-inclus copie de la correspondance échangée avec le Greffier de la Chambre des communes et relative à un paiement que M. J. C. Beauchamp, employé permanent de la Chambre des communes, a touché en plus de son traitement régulier. Il ressort de ces lettres que M. Beauchamp reçût $1,000 pour avoir rempli les fonctions d'interprète auprès de la Commission d'enquête sur les douanes. Ce paiement fut fait conformément à une résolution de la Commission de régie intérieure de la Chambre des communes mais le Parlement n'ayant pas voté de fonds à cette fin, je suis d'avis que ce paiement a été fait sans l'autorisation nécessaire, et par suite, je désire qu'en conformité du paragraphe 2 de l'article 41 de la Loi du Revenu consolidé et de la Vérification, ce cas soit soumis au Conseil du Trésor.

Votre dévoué,

WM. KEARNS, *pour l'A.G.*

Le Secrétaire du Conseil du Trésor.

Remarque: Je n'ai pas été prévenu si une action fut prise à la suite de cette lettre.

BUREAU DE L'AUDITEUR GÉNÉRAL, 2 février 1927.

CHER MONSIEUR, — Au cours de l'année financière 1926-27, M. J. C. Beauchamp reçut de la Commission d'enquête sur les douanes un chèque n° 5242, au montant de $1,000 pour ses services comme interprète auprès de cette Commission, du 10 février au 11 juin 1926. Pendant cette même période, M. Beauchamp, qui fait partie du personnel permanent, a touché son plein salaire comme traducteur parlementaire.

Par suite des dispositions de l'article 22 de la Loi du Service Civil, chapitre 12, 1918, je vous serais obligé si vous vouliez me faire savoir s'il a été obtenu une autorisation spéciale du Parlement pour ce paiement additionnel à M. J. C. Beauchamp.

Votre dévoué,

WM. KEARNS, *pour l'A.G.*

Le Greffier de la Chambre des communes.

CHAMBRE DES COMMUNES, 4 février 1927.

CHER MONSIEUR, — En réponse à votre lettre du 2 du courant relative à un paiement de $1,000 à M. Beauchamp qui, au cours de la session de 1926 remplit les fonctions d'interprète auprès de la Commission d'enquête sur les douanes, je me permettrai de vous faire remarquer que les services de M. Beauchamp furent requis par ordre spécial d'un comité nommé par la Chambre des communes.

Vous trouverez ci-joint une lettre de M. Walter Todd, Greffier en chef de la Commission, qui vous fera voir en quelle qualité fut employé M. Beauchamp.

Cette question fut soumise à la Commission de régie intérieure de la Chambre à sa réunion du 14 décembre dernier quand il fut établi que M. Beauchamp avait été nommé le 9 février 1926 conformément à une résolution du comité, et que du 10 février 1926 au 11 juin de la même année, inclusivement, il avait assisté à toutes les séances de jour et de nuit du comité, interprétant les témoignages français en anglais, et anglais en français.

La Commission décida de payer M. Beauchamp à même la somme mise à la disposition du Comité.

Votre dévoué,

ARTHUR BEAUCHESNE, *greffier.*

L'Auditeur Général.

CHAMBRE DES COMMUNES, 13 décembre 1926.

CHER MONSIEUR, — J'ai l'honneur de vous faire savoir que le 9 février 1926 le Comité spécial nommé pendant la dernière session du Parlement pour faire une enquête sur l'administration du Ministère des Douanes et de l'Accise, passa la résolution suivante:

> " La question de retenir les services d'un interprète français et d'un sténographe français ayant été discutée, M. Bennett proposa:
>
> Que le greffier soit autorisé à retenir les services d'un interprète compétent de langue française et aussi d'un sténographe compétent de langue française. Cette proposition est adoptée." (Voir n° 1 des procès verbaux du Comité, page V.)

et à la date du 25 février 1926 il est consigné dans les procès verbaux des dépositions faites devant ledit Comité (voir procès verbaux, page 318) que l'interrogatoire du témoin Ralph Garceau a été fait en français par M. Beauchamp, interprète officiel, ayant prêté serment comme tel.

Je puis ajouter que M. Beauchamp a assisté régulièrement à toutes les réunions du Comité jusqu'au 11 juin 1926, époque où l'enquête prit fin. (Voir procès verbaux, page 3059.)

Je suis, Monsieur, votre obéissant serviteur,

WALTER TODD, *greffier du Comité.*

Le Greffier de la Chambre des communes.

BUREAU DE L'AUDITEUR GÉNÉRAL, 11 mai 1927.

CHER MONSIEUR, — Dans ma lettre du 2 février 1927 je vous demandais si conformément aux dispositions de l'article 22 de la Loi du Service Civil, 1918, l'autorisation spéciale nécessaire avait été obtenue pour le paiement additionnel de $1,000 consenti à M. J. C. Beauchamp, employé permanent de la Chambre des communes.

Dans votre réponse en date du 4 février dernier, vous m'avisiez que " ce cas avait été soumis à la Commission de régie intérieure de la Chambre lors de sa réunion du 14 décembre dernier, quand il fut établi que M. Beauchamp avait

été nommé en vertu d'une résolution du Comité en date du 9 février 1926 " et que " la Commission décida de payer la note de M. Beauchamp à même le compte des dépenses du Comité ".

Ce paiement ayant été fait " sans une autorisation spéciale du Parlement " je le porte à la connaissance du Conseil du Trésor.

Votre dévoué,

WM. KEARNS, *pour l'A.G.*

Le Greffier de la Chambre des communes.

Assurance des voitures-automobiles

BUREAU DE L'AUDITEUR GÉNÉRAL, 28 avril 1927.

CHER MONSIEUR SAUNDERS,—On a attiré mon attention sur le fait que des voitures automobiles appartenant au Gouvernement auraient été assurées. Le Gouvernement possédant actuellement un grand nombre de voitures et de camions automobiles dans les différentes régions du Canada, et ce nombre allant tous les jours en augmentant, je serais d'avis que l'on adoptât une règle générale en ce qui concerne l'assurance de ces voitures et camions. En effet, s'il est connu que le Gouvernement assure une partie de ses voitures, les agents des compagnies d'assurances pourraient exercer une pression pour les lui faire toutes assurer.

Un arrêté en conseil en date du 5 juillet 1881, encore en vigueur aujourd'hui, stipule que " par suite du grand nombre de propriétés du Dominion appartenant à la Couronne, de leur nature variée et de leur situation éloignée les unes des autres, il serait d'une bonne économie pour le gouvernement d'être son propre assureur aussi bien pour les biens mobiliers que pour les biens immobiliers ", et que " toutes les polices en cours (au cas où il en existerait) soient continuées jusqu'à expiration, mais qu'aucune nouvelle ne soit souscrite." Cet arrêté date de l'époque où l'on discutait de l'opportunité d'assurer contre l'incendie les propriétés du gouvernement. Il est permis de douter que l'on puisse le considérer comme s'appliquant aux assurances des automobiles qui couvrent d'autres risques que ceux d'incendie.

Je serai par suite heureux de connaître si le Conseil du Trésor est d'opinion que l'arrêté en conseil ci-dessus doit s'interpréter comme interdisant d'assurer pour quelque risque que ce soit les automobiles, ou s'il a l'intention d'établir un règlement sur ce point.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

Remarque. — Le 16 juin dernier le Conseil du Trésor passait un arrêté, approuvé par le Cabinet, en vertu duquel la décision du Gouvernement d'être son propre assureur pour tous ses biens meubles ou immeubles, devait aussi s'appliquer à tous les genres d'automobiles possédés par le Gouvernement.

Fonctionnaire employé sans l'approbation de la Commission du Service Civil

(Voir correspondance antérieure, rapport de l'Auditeur Général 1925-26, Volume I — page 225.)

BUREAU DE L'AUDITEUR GÉNÉRAL, 21 octobre 1927.

CHER MONSIEUR, — Dans ma lettre en date du 26 novembre dernier, j'attirais votre attention sur notre correspondance antérieure relative à monsieur Kendall Turner, employé comme messager par le Ministère de la Marine et des Pêcheries, contrairement aux dispositions de la Loi du Service Civil.

Cette lettre est restée sans réponse, et il ne semble pas que le Conseil du Trésor ait donné des instructions à ce sujet, car je remarque que M. Turner est à nouveau, en contravention de la loi, employé et payé par ce Ministère.

J'estime qu'il est de mon devoir de signaler cette violation de la Loi chaque année où elle se reproduira. L'article 41 de la Loi du Revenu consolidé et de la Vérification m'oblige en effet à porter à la connaissance du Conseil du Trésor de telles infractions, afin que ce Conseil puisse prendre les mesures nécessaires pour faire cesser ces paiements illégaux.

Votre dévoué,

GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

PRECIS OF CORRESPONDENCE

This precis sets out clearly all observations and objections made by this office in the course of the examination of the accounts of the various Departments during the fiscal year 1926-27, and to which their attention was called.

DEPARTMENT OF AGRICULTURE

Value of Living and Residential Allowances

Under the Superannuation Act, 1924, Section 2(K) the salary of a contributor is defined as the regular salary paid together with the value of living and residential allowances. In the Regulations under this Act as approved by the Governor in Council it is provided that the value of living and residential allowances shall be determined by the Governor in Council upon the joint recommendation of the Civil Service Commission and the Deputy Head of the Department concerned. Final action as indicated has not been taken in regard to all the officials of this Department who are in receipt of such allowances with the result that deductions are not being made on the proper amount of " salary " in such cases.

CIVIL SERVICE COMMISSION

Personnel—Estimates Exceeded

In an examination of the paylists it was found that the number of employees in a certain grade exceeded the number provided for in the estimates. After calling the attention of the Commission thereto action was taken by them to have the estimates correspond with the establishment.

CUSTOMS AND EXCISE DEPARTMENT

(National Revenue)

Bonds of Indemnity to be approved by Justice Department

Bonds of indemnity were received from the Income Tax Branch with regard to lost cheques which had been issued in favour of two employees of that Branch. The bonds bore no evidence of having been submitted to the Department of Justice for approval as to their sufficiency to protect the Government against loss as required by the Treasury Board regulations, and were in consequence returned to the Commissioner of Taxation in order that the regulations might be complied with. The necessary approval of the Justice Department has been obtained in one case and I have been informed that there has been some unavoidable delay in the second case owing to the remoteness of the district in which the official is employed.

Classification of Revenue Receipts

In my report for 1925-26 (Vol. 1, page 237) I stated that the attention of the Department of Customs and Excise had been called to the method followed in dealing with the revenue derived from Sight Entries, which resulted in an imperfect classification of revenue receipts, and that the Department had agreed to make the necessary adjustments monthly. It was subsequently suggested by the Acting Deputy Minister, after further consideration, that no action in the matter be taken until the Department had established such procedure as would result in accurate information being furnished this office.

In this connection I made inquiry as to whether the Department had any means of recovering the full amount of duties due on importations by Sight Entries in cases where the deposit accepted by the Collector was insufficient to cover the duties thereon. The Acting Deputy Minister informed me that the matter had been under consideration and as a result an amendment to the Customs Act was passed at the last Session of Parliament with respect to the perfecting of Sight Entries whereby greater protection against loss of revenue in such cases is now provided.

Income Tax Appeal

An appeal was made by John B. McLeod, Executor, against an assessment for Income Tax, in connection with which costs in the Supreme Court were taxed against the government to the amount of $200. The appellant subsequently petitioned for leave to appeal to the Privy Council, but the petition was dismissed with cost taxed in favour of the government to the amount of $272.12. An amount of $400 as a guarantee for the payment of costs had been deposited previously by the appellant and placed to the credit of the Income Tax Appeals Suspense Account.

The Income Tax Branch applied for a payment to the appellant from the Income Tax Appeals Suspense Account of $327.88 made up as follows:—

Deposit held in Suspense Account.....	$400 00
Supreme Court Costs awarded appellant.....	200 00
	600 00
Less—Privy Council Costs awarded government.....	272 12
	$327 88

I objected to the proposed payment on the grounds that the appeal to the Supreme Court and the reference to the Privy Council should be considered separately and that distinct settlements should be made of the costs awarded in each case and suggested that the claim should be settled (1) by the payment of $200 to the appellant from the Income Tax Appropriation, in settlement of the Supreme Court costs and (2) by retaining out of the appellant's deposit of $400 the amount of $272.12 taxed against him and the repayment to him of the balance on deposit, amounting to $127.88. The settlement was ultimately made in accordance with my suggestion.

Purchase of Stationery Supplies

I drew the attention of the Commissioner of Taxation to the fact that in some cases stationery supplies were purchased locally by the Inspectors of Taxation instead of being obtained through the Government Stationery Office at Ottawa in accordance with the Public Printing and Stationery Act. The Commissioner informed me that all Inspectors had been instructed by circular letter issued in October, 1926, to cease making any further direct purchases of stationery without special authority; and further that these instructions would be strictly enforced.

Refund of Duty to Manitoba Refinery Co., Ltd.

An Order in Council was passed on March 31, 1927, authorizing the refund to the Manitoba Refinery Company, Limited, of the sum of $377 representing Customs Duty paid on 27.70 proof gallons of imported spirits which were lost by accident in the distillery while being taken for blending purposes, the outlet at the bottom of the blending tank having been inadvertently left open. I questioned the proposed refund on the ground that under Section 92 of the Consolidated Revenue and Audit Act "No duties of Customs or Excise, paid to His Majesty on any goods, shall be remitted or refunded on account of such goods having, after the payment of such duties, been lost or destroyed by fire or other unavoidable accident."

While the Commissioner of Excise was disposed to agree with me that so far as a strictly legal interpretation of the clause was concerned the payment of the refund was open to serious question he felt satisfied that such a case was not contemplated when the above clause was enacted. He was also of opinion that the loss was not the result of an unavoidable accident.

No further action has been taken.

Refund of Income Tax

An application was received from the Income Tax Branch for the payment of $27,582.68 to a certain tax payer, being a refund of Income Taxes paid for the years 1923 and 1924 on the grounds that the tax payer was non-resident in Canada.

In reply to a request for fuller information with regard to this case I was informed that Income Taxes were paid for the year 1923 in the amount of $27,429.52 and for the year 1924 in the amount of $153.16 by an agent in Montreal of the tax payer; but that, under Section 4 (1) of the Income Tax Act, as amended by Chapter 49 of the Statutes of 1920 the tax payer was not liable to tax, as not residing or ordinarily resident in Canada, employed in Canada, or carrying on business in Canada, nor in any way receiving income for services rendered in Canada.

On receipt of this information I did not make any further criticism.

Remission and Cancellation of Taxes

Authority was given by an Order in Council, dated April 28, 1927, for the remission and cancellation of the several sums payable by five specified taxpayers amounting to $68,498.77. In reply to my request for information as to

the circumstances under which such remission and cancellation became a legal obligation I was informed that the tax payers were shareholders in a Liverpool firm that in 1921 declared a stock dividend out of surplus accrued prior to December 31, 1916. The amounts of such dividends were included under protest in the 1921 Income Tax Returns, but after proof that the dividend was actually satisfied from a surplus that had accrued before the Income Tax law became effective the remission in question was recommended to Council by the Minister of Customs and Excise.

I did not make any further objection.

Salary Increases to Employees of the Income Tax Branch

In my annual report for 1925-26 I called attention to the fact that the necessary approval of the Governor in Council had not been obtained for certain salary increases granted to employees of the Income Tax Branch. The approval of the Governor in Council in this regard was subsequently obtained.

IMMIGRATION AND COLONIZATION DEPARTMENT

Employment of Temporary Stenographer Without Civil Service Certificate

A temporary clerk employed at Toronto was paid $967.50, under the Department's Letter of Credit, at an hourly rate from May 24th, 1926, to March 31st, 1927.

The certificate of the Civil Service Commission was not obtained for his appointment. I called the Department's attention to this omission but have not received a reply.

According to information furnished me the services of this clerk have been continued into the fiscal year 1927-28.

INDIAN AFFAIRS DEPARTMENT

Indian Commissioner's Office, Regina

The attention of the Department of Indian Affairs was drawn to the inadequacy of the existing accounting system at the Indian Commissioner's Office at Regina, which does not readily permit of a comprehensive statement of affairs being prepared at frequent intervals for the information of the Commissioner and of the Indian Department.

Several recommendations were made by me, the adoption of which would, in my opinion, provide a more satisfactory system of control and the Deputy Superintendent General in acknowledging receipt of my letter, stated that my suggestions would be given careful attention. However, so far as I am aware, none of my recommendations have as yet been adopted.

Payment of Mortgage of W. E. Gallienne

A payment of $497 was made to W. E. Gallienne for goods supplied to Jos. Crépeau, an Indian, in August, 1919. As the claim was long overdue and was not certified by the Indian Agent, I asked for an explanation.

The Department explained that it was found necessary in 1924 to remove some fifteen houses to Seven Islands Indian Reserve from land adjacent thereto for the reason that these houses were on lands owned by the Government of the Province of Quebec which had been sold to white settlers. One of the houses so moved was occupied by an Indian named Thomas Vallant, but the house belonged to Joseph Crépeau who died about two years before the sale took place.

After the building had been moved, Mr. Gallienne, a merchant of Moisie, entered a claim against the Department on the ground that he held a mortgage on the building executed by Mr. Crépeau for $497 as security for an unpaid grocery account of $497.

The Department considered that the best and most economical course to take was to pay the amount of the mortgage to Mr. Gallienne which was done on the advice of the Departmental Solicitor.

Purchase of Hay charged to Capital Funds of Indians

The Governor in Council, with the consent of the Fort Alexander Band of Indians, authorized the purchase of hay to the amount of $1,000, to be charged to Capital Funds of the Band.

I pointed out that under Section 90 of the Indian Act expenditures from Capital are limited (1) to such purposes or on such works as will be of permanent value to the Band or will properly represent Capital, (2) to making loans to members of the Band to promote progress.

Unless the amount authorized was to be treated as a loan it seems to me that any expenditure for cattle feed was not a proper charge on Capital within the meaning of the statute.

I was informed that the points raised in my letter had been taken into consideration but an emergency had arisen and in order to save the Indians' cattle the supply of hay was absolutely necessary and the Capital Funds were alone available to meet the emergency.

The transaction will not establish a precedent.

INTERIOR DEPARTMENT

Payment of Compensation to Employee Injured While on Duty

The Compensation Act of 1918, (Chap. 15) as amended by Chapter 14 of 1919 and Chapter 37 of 1925 makes provision for the payment of compensation to employees in the service of his Majesty who may be injured while on duty. The claim of a labourer who sustained serious injuries on a Geodetic Survey was dealt with by the Ontario Workmen's Compensation Board and the compensation payable under the Act was determined by that body and paid. It was

found subsequently that the amount so determined was not sufficient to meet the total expenses for medical services and other necessary outlay incurred by the claimant and an Order in Council was obtained authorizing the payment of the balance ($759.31) for which certified accounts had been rendered.

The Department informed me, in reply to my request for an explanation of the proposed payment in addition to the amount allowed by the Workmen's Compensation Board that, the injuries sustained were of a very serious nature and called for special and prolonged medical attention. The Compensation Board did not take these special conditions into consideration and allowed only an amount based on the ordinary tariff of fees. The Board did not regard the allowances so made as final and saw no objection to payment of amounts disallowed or not taken into consideration if the Department desired to do so. Further, the Department informed me that the Department of Justice was of opinion the extra payments were legal provided there was a Parliamentary Vote applicable to such expenditure.

In view of this statement of the circumstances in connection with the claim in question and the opinion of the Department of Justice I did not offer further objection.

JUSTICE DEPARTMENT

Accountable Advances to Officers of the Penitentiaries Branch

A statement was submitted to the Deputy Minister of Justice showing the advances made during the year to certain officers of the Penitentiaries Branch for travelling expenses and the expenditure incurred thereunder. According to the statement the original advances were apparently greatly in excess of immediate requirements and further additional advances were made before the original advances had been accounted for.

The Deputy Minister of Justice agreed with me that the advances seemed excessive but it was difficult to anticipate emergencies which might occur at the penitentiaries and the Superintendent was of opinion that he should have at his disposal sufficient funds to meet such emergencies. The Deputy Minister informed me that in future all advances to Penitentiary officials would be approved by him and accounts for travelling expenses rendered within one month after the return from each trip.

LEGISLATION—HOUSE OF COMMONS

Apparent Overpayment to Hon. Mr. Duff for Services as Deputy Speaker

I brought to the notice of the Clerk of the House of Commons what appeared to me to be an overpayment of some $1,193.54 to Hon. Mr. Duff for his services as Deputy Speaker of the House of Commons.

Hon. Mr. Duff was paid as Deputy Speaker to March 31, 1927 notwithstanding that he ceased to have the powers of Deputy Speaker on December 13,

1926 when his successor—Hon. Mr. Johnston—was elected and paid at the rate of $4,000 per annum from December 14 to March 31, 1927, resulting in both Hon. Mr. Duff and Hon. Mr. Johnston being paid as Deputy Speakers for this latter period.

The Clerk of the House of Commons in explanation of this duplicate payment informed me that the Hon. Mr. Duff's salary for the full year was paid in accordance with a resolution passed at a meeting of the Board of Internal Economy of the House of Commons held on March 19, 1927.

This resolution purports to be based on an opinion given by the Deputy Minister of Justice, but I find on reference to his letter addressed to Mr. Saunders, Deputy Minister of Finance, under date January 21, 1927, that the opinion referred to was concerned only with the Deputy Speaker's salary during the period between dissolution of Parliament and the following Session.

The item in the Estimates of the fiscal year 1927-28 under Vote 452 "to provide for the salary of the Deputy Speaker from December 14, 1926 to March 31, 1927 inclusive" does not provide Parliamentary authority for the payment of Hon. Mr. Duff's salary as Deputy Speaker for any period after his successor had been elected by the House of Commons.

LEGISLATION—SENATE

Increase of Salary cancelled

Payment was made to an employee of the permanent staff at a salary greater than he was entitled to under the Civil Service Act. Objection having been taken the increase in salary was cancelled.

MARINE AND FISHERIES DEPARTMENT

Crews of St. Lawrence Dredging Fleet Paid in Cash

I called the Department's attention to the system of paying the salaries of the crews of the St. Lawrence dredging plant in cash instead of by cheque made payable to order.

Payment by cheque made to order has been the accepted form in Federal affairs for many years and is considered much safer and more satisfactory than cash payments. The paid cheques, which are forwarded to this Office are, in themselves proofs of payment.

The Department, however, explains that payment by cheque in the case of the crews in the St. Lawrence Dredging Fleet is not practicable as the dredges are scattered on the river from Montreal to a point forty-five miles below Quebec and in many instances at places where there are no banking facilities.

The paymaster, who is under bond travels on a government vessel to the several points where the dredges are at work and pays the members of the crew in cash once a month. Each member of the crew signs a pay-list for the amount received.

No change has been made in the mode of payment.

Full Amount of Steamship Inspection Fees Not Collected

In my report for 1925-26 I called attention to a shortage in the collection of steamship inspection fees at Vancouver.

Under the regulations governing the inspection of steamships the total amount should have been collected on three passenger steamers at that port was $1,710 instead of $1,560, the amount brought to account.

There was subsequently received from the owners of one of the steamers $50, leaving $100 still outstanding.

The Department informed me that, since the three steamers in question were inspected in 1925, arrangements have been made to give them clearance on certificates issued by the Hong Kong Government.

So far as I have been informed the balance of the shortage ($100) has not been collected—the Department being of opinion that no further action should be taken in the matter as the ships have never come regularly under Canadian inspection.

DEPARTMENT OF NATIONAL DEFENCE

Payment of Arrears of Salary

Pay-lists covering arrears of salary for certain members of the staff were received in this Office. Payment was objected to for the reason that special provision for these arrears was not made in the Supply Bill. As no provision was made at the subsequent session of Parliament these arrears still remain unpaid.

POST OFFICE DEPARTMENT

Commission on Sale of Land

A payment of $80 was made to Bessey & Bagley, being commission for sale of land.

The Department explained that a mortgage had been secured on land owned by a Postmistress in Alberta to make good a shortage in her accounts, and the Department of Justice had allowed the agents this amount for making the sale.

The proceeds from the sale of land were applied against the amount due the Department from the ex-Postmistress.

Payment for Printing to a Winnipeg Firm

An amount of $302 was paid to the Douglass-McIntyre Printing and Binding Company, Winnipeg, for printing route lists.

I called the Department's attention to the statutory provision that all printing, etc. required by the several departments of the Government shall be executed by the King's Printer.

The Department explained that it was to make available at an earlier date the route lists for Winnipeg and west but advised me that steps were being taken to avoid a similar condition in the future.

Obsolete Three Cent Stamps Destroyed

Owing to the adoption of the two cent letter rate of postage on July 1, 1927, the Department had in stock a large supply of three cent stamps that would not be required.

These stamps were sent to the Printing Bureau to be overprinted so as to represent a two cent rate, but when returned to the Post Office the work was so unsatisfactory that it was found necessary to destroy a large number of them. The destruction was carried out under the supervision of an officer of my Department and an officer of the Post Office Department.

Some 10,100 of the stamps sent to the Bureau were mislaid or lost there, but the Post Office Department has informed me that part of the lost stamps has been recovered and notwithstanding enquiry made by the Royal Canadian Mounted Police, some 3,565 stamps are still missing.

PUBLIC WORKS DEPARTMENT

Extension of Contract for Dredging at Malagash, N.S.

I called the attention of the Department to the enlargement of the contract with the Halifax Dredging Co. so as to include dredging requested by the Malagash Salt Products Co. over an area not included in the approved scheme.

I pointed out to the Department that as the contract had been authorized by the Governor in Council a like authority should have been obtained for any enlargement of it.

The Department, I was informed, profited by the enlargement, as heavy expenditures for wharf extension were thereby avoided and as clause 9 of the Specifications allowed a range of one-third either way a second Order in Council was not considered necessary and none has been received.

Guarantee for Paving St. Patrick St., Ottawa

The contract with the Standard Paving Co., for paving St. Patrick St., opposite Government property, called for a guarantee for a period of five years equal to ten per cent of the contract price.

When application was made to pay the contractors the full amount of their contract, the Department informed me that the security deposit, made at the commencement of the work, was held to cover this guarantee.

Water Rates, Motor Building, Ottawa

The lease for the Motor Building at Ottawa calls for the payment of water rates by the Lessor. The attention of the Department was called to the payment of accounts for the excess of the metered water rate over the assessed rate. The Department replied that, as the Photographic Staff in this building required more than the ordinary supply of water, the Department considered it only fair to the owners that the excess supply should be paid by the Government.

I did not make any further objection.

ROYAL CANADIAN MOUNTED POLICE

Grant to "Fine Fund"

I had occasion to question the payment of an amount of $1,150 from the Police appropriation for Subsistence, etc., as a grant to be placed to the credit of the "Fine Fund," being proceeds of fines, etc. imposed by the Commissioner to provide recreation, reading matter and rewards for meritorious service for members of the force. I pointed out to the Department the vote was not intended to provide for a grant of this nature, and if such a grant was deemed necessary it should be authorized by a special Parliamentary appropriation. The Commissioner informed me that in making this grant he had been following former precedent and departmental practice but that if occasion should arise for such a grant in the future proper Parliamentary sanction would be obtained.

DEPARTMENT OF SECRETARY OF STATE

Refunds of Fines Imposed Under Animal Contagious Diseases Act

The Department of Agriculture made application for a refund of fines imposed and collected under the provisions of the Animal Contagious Diseases Act. On application for a copy of the Order in Council authorizing the refunds asked for I was informed by the Under Secretary of State that the refunds were authorized by the Governor General, on a report from the Department of Justice, as part of the Royal Prerogative.

On reference of the question to the Department of Justice the Deputy Minister replied "that the instructions to the Governor General authorize and empower him to remit any fines, penalties or forfeitures which may become due and payable to His Majesty. There appears to be no limitation and therefore I think that the authority of the Governor extends to remission of fines and penalties imposed under statutes. The prerogative conferred on the Governor General cannot be taken away except by express statute and I am not aware that there is any such. It follows from the above that the pardoning power conferred on the Governor General under the Royal Prerogative applies as well to remissions provided for by statute as to any others."

In view of this opinion, I certified to the issue of cheques in payment of the refunds in question.

TRADE AND COMMERCE DEPARTMENT

Construction of Drier at Calgary

In connection with the construction of a new drier building at the government elevator at Calgary I called the Department's attention to the cost of small tools being included as part of construction expenses. The engineer in charge explained that this was the usual practice for work on a cost plus basis but an adjustment would be made upon completion of the work. According to the vouchers submitted for audit on completion of the drier the necessary deductions were made.

Disposal of Surplus Grain

Subsection 4 of Section 87 of the Canada Grain Act, 1925, directs that—

> (4) In each year between the first day of July and the last day of August, stock shall be taken of the quantity of each grade of grain in the public terminal elevators; if in any year after the crop year ending after the thirty-first day of August, 1919, the total surplus of grain is found in excess of one quarter of one per cent of the gross amount of the grain received in the elevator during the crop year, such excess surplus shall be sold annually by the Board of Grain Commissioners and the proceeds thereof paid to the said Board. Such proceeds shall be applied towards the cost of the administration of The Canada Grain Act, in such manner as the Governor in Council may direct.

The Department has informed me that collections to the amount of $173,206.69 have been received as the Government's share of the surpluses of the crop year 1925-26 and deposited to the credit of the Board of Grain Commissioners in the Canadian Bank of Commerce at Fort William awaiting the directions of the Governor in Council as to the manner in which these surpluses are to be applied to the administration of The Canada Grain Act in accordance with the provisions of the Act in question.

Payments to Indian Agents

Certain Indian agents who were in receipt of classified salaries under the Civil Service Act were employed and paid as enumerators in the taking of the quinquennial census in June, 1926, in Manitoba, Saskatchewan and Alberta. As the additional payment for their services in this regard was contrary to the Civil Service Act I called the Department's attention to the matter and the Dominion Statistician informed me that the necessary Parliamentary authority would be obtained for future similar payments.

Prince Rupert Elevator

A payment of $14,000 was made to Carter Halls Aldinger Company, contractors for the construction of a grain elevator at Prince Rupert, being the difference in cost of Canadian cement which was used in the construction, and foreign cement which the contractor stated was the basis upon which the amount of his tender for the work was calculated.

The Minister, under a provision to that effect in the contract, directed the contractor to use Canadian cement. The Department furnished details of the difference in cost of Canadian cement over foreign cement and the amount so arrived at ($14,000) was paid under authority of an Order in Council (P.C. 310-2017).

PRÉCIS DE LA CORRESPONDANCE ÉCHANGÉE AVEC LES MINISTÈRES

Ce précis fait ressortir clairement toutes les observations et objections faites et signalées aux Ministères au cours de la vérification de leurs comptes de l'année financière 1926-27

MINISTÈRE DE L'AGRICULTURE

Estimation du montant des indemnités de logement et de vivres

En vertu de l'article 2 (K) de la Loi des Pensions, 1924, le salaire d'un employé contribuant au fonds de pension comprend en même temps que le salaire proprement dit un montant équivalent à la valeur des indemnités de logement et de subsistance qui lui sont accordées. D'après les règlements institués par cette Loi, et approuvés par le Gouverneur en son Conseil, il est stipulé que le montant de ces indemnités doit être fixé par le Gouverneur en son Conseil sur la commune recommandation de la Commission du Service Civil et du Sous-ministre du service intéressé. Tous les employés de ce Ministère visés par les règlements ci-dessus mentionnés, n'ont pas été requis de satisfaire à ces conditions, il s'ensuit que les retenues devant être faites pour leur contribution au fonds de pension ne l'ont pas été sur le montant exact de leur "salaire", comme l'exigent ces règlements.

COMMISSION DU SERVICE CIVIL

Personnel—Dépassement de crédits

La vérification des bordereaux de paie de la Commission du Service Civil a montré que le nombre d'employés d'une certaine classe, était supérieur à celui prévu par les crédits. Après avoir attiré l'attention de la Commission du Service Civil sur ce point, elle prit aussitôt des mesures pour ramener le nombre de ces employés à celui prévu.

MINISTÈRE DES DOUANES ET DE L'ACCISE

Cautions devant être approuvées par le Ministère de la Justice

Des cautions furent présentées par le Bureau de l'Impôt sur le revenu, au sujet de chèques perdus émis en faveur de deux employés de ce bureau. Ces cautions ne portaient aucune indication qu'elles avaient été soumises au Ministère de la Justice qui devait les reconnaître comme suffisantes pour protéger le Gouvernement contre toute perte, comme l'exigent les règlements du Conseil du Trésor. Elles furent en conséquence renvoyées au commissaire de l'Impôt pour qu'il se conformât à ces règlements. L'approbation nécessaire du Ministère de la Justice fut obtenue dans un cas et j'ai été prévenu que pour le second cas il se produisait un retard forcé par suite de l'éloignement de la région où réside le fonctionnaire.

Classification des recettes en revenus

Dans mon rapport de 1925-26, (Vol. 1, page 249) je mentionnais avoir attiré l'attention du Ministère des Douanes et de l'Accise sur la méthode suivie à l'égard des recettes provenant " d'entrées à vue " (sight entries), méthode aboutissant à une classification défectueuse de ces recettes, et j'ajoutais que le Ministère avait consenti à faire, tous les mois, les ajustements nécessaires. Dans la suite, le Sous-ministre intérimaire après reconsidération de cette question, demanda que l'on ne prît aucune décision à ce sujet avant que le Ministère ait établi une méthode permettant de donner des renseignements plus exacts, au bureau de l'Auditeur Général.

Je me renseignai à ce propos, pour savoir si ce Ministère avait les moyens de recouvrer le plein montant dû sur les importations sur entrées à vue, au cas où le dépôt accepté par le receveur des douanes serait insuffisant. Le Sous-ministre intérimaire me répondit que cette question avait été prise en considération et qu'au cours de la dernière session du Parlement, la Loi des Douanes avait été modifiée, et donnait une plus grande protection contre des possibilités de pertes de revenu dans les cas d'entrées à vue.

Appel contre une évaluation d'Impôt sur le revenu

Un appel fut intenté devant la Cour Suprême, par John B. McLeod, exécuteur testamentaire, contre une évaluation d'impôt sur le revenu et le Gouvernement fut condamné aux dépens s'élevant à $200. Le demandeur sollicita, dans la suite l'autorisation d'en appeler au Conseil Privé, mais sa requête fut rejetée et les frais, qu'il fut condamné à payer au Gouvernement, s'élevèrent à $272.12. Un dépôt de $400 avait été fait au préalable, à titre de garantie, et versé au crédit du compte provisoire pour appel de décisions relatives à l'impôt sur le revenu.

Le Bureau de l'impôt sur le revenu, demanda l'autorisation de payer au demandeur, à même ce compte, une somme de $327.88, qui s'établissait comme suit:

Dépôt versé au compte en suspens.....	$ 400 00	
Somme accordée au demandeur par la Cour Suprême	200 00	$ 600 00
A déduire: Frais accordés au Gouvernement par le Conseil Privé.....		272 12
		$ 327 88

Je m'opposai au paiement tel qu'il était proposé, faisant remarquer que l'appel à la Cour Suprême et la requête au Conseil Privé devaient être regardés comme deux affaires absolument distinctes, et donner lieu à un règlement séparé. Je proposai, (1) qu'une somme de $200, montant des dépens accordé au demandeur par la Cour Suprême, lui fut versée à même les crédits de l'impôt sur le revenu; (2) qu'une retenue de $272.12, montant des frais qu'il devait verser au Gouvernement, fut faite sur sa garantie et qu'on lui en remboursât la balance, soit $127.88. Le règlement se fit comme je le proposais.

Achat d'articles de bureau

J'attirai l'attention du Commissaire de l'Impôt sur ce qu'en plusieurs occasions les inspecteurs de l'impôt avaient acheté sur place des articles de bureau, au lieu de se les procurer de l'Imprimeur du Roi à Ottawa, comme le veut la Loi sur l'Imprimerie et la Papeterie. Le Commissaire m'informa qu'au mois d'octobre 1926, tous les inspecteurs avaient reçu ordre par circulaire de ne plus faire d'achats sur place, à moins d'une autorisation spéciale, et que ces instructions seraient strictement observées à l'avenir.

Remboursement de droits à la "Manitoba Refinery Co. Ltd."

Un arrêté en Conseil en date du 31 mars 1927, autorisait le remboursement d'une somme de $377 à la " Manitoba Refinery Company, Limited ". Cette somme représentait les droits de douane payés sur 27 gallons 70 d'alcool importé, pesant 50° qui furent perdus accidentellement dans la distillerie au cours d'un mélange, le robinet d'écoulement de la cuve étant resté ouvert par mégarde. Je mis en doute la régularité de ce remboursement. L'article 92 de la Loi du Revenu consolidé et de la Vérification spécifiant que: "Aucuns droits de douane ou d'accise, payés à Sa Majesté sur des marchandises, ne seront remis ou remboursés, du fait qu'après paiement lesdites marchandises ont été perdues ou détruites par suite de feu, ou par tout autre cas de force majeure ". Bien que le commissaire de l'accise convint avec moi qu'au point de vue de l'interprétation stricte de cette clause, la légalité du remboursement pût être mise en doute, il était cependant persuadé que la Loi lorsqu'elle avait été votée n'avait pas prévu un tel cas. Il était également d'avis que la perte ne résultait pas d'un accident inévitable.

La question en est restée là.

Remboursement d'impôt sur le revenu

Le Bureau de l'impôt sur le revenu demanda l'autorisation de rembourser à un contribuable une somme de $27,582.68 que ledit contribuable, ne résidant pas au Canada, n'aurait pas dû verser comme impôt sur le revenu en 1923 et 1924.

Ayant demandé des renseignements complémentaires, il me fut répondu que le représentant, à Montréal, de ce contribuable avait versé en 1923, $27,429.52, et en 1924, $153.16, comme montant de l'impôt sur le revenu, mais qu'en vertu de l'article 4, (1), de la Loi de l'impôt sur le revenu, telle que modifiée par le chapitre 49 des Statuts de 1920, ce contribuable n'était pas soumis à cet impôt puisqu'il n'était pas résidant, ou habituellement résidant au Canada, n'y était pas employé, n'y exploitait pas un commerce ou n'y touchait pas un revenu pour services rendus.

Au reçu de ces informations, je ne m'opposai plus à ce remboursement.

Remise et Annulation d'impôts

Un arrêté en Conseil, en date du 28 avril 1927, autorisait l'annulation et la remise de plusieurs sommes s'élevant à $68,498.77 et que cinq contribuables spécialement désignés devaient payer. En réponse à une demande de renseignements sur les circonstances faisant que cette annulation et remise soient une obligation

légale, il me fut répondu que ces contribuables étaient actionnaires dans une société de Liverpool qui, en 1921, avait déclaré un dividende sur des bénéfices accumulés antérieurement au 31 décembre 1916. Le montant de ces dividendes avait été inclus, sous protêt, dans le rapport du revenu soumis à l'impôt en 1921, mais après qu'il eut été prouvé que le dividende payé provenait réellement d'un surplus datant d'une époque antérieure à celle ou la Loi entrait en vigueur, cette remise fut recommandée au Conseil par le Ministre des Douanes et de l'Accise, et je n'y fis plus objection.

Augmentation de salaire à des employés du Bureau de l'Impôt sur le revenu

J'attirais l'attention, dans mon rapport annuel de 1925-26, sur le fait que des augmentations de salaire consenties à certains employés du Bureau de l'impôt sur le revenu n'avaient pas, comme elles eussent dû l'être, été approuvées par le Gouverneur en son Conseil.

Elles furent approuvées dans la suite.

MINISTÈRE DE L'IMMIGRATION ET DE LA COLONISATION

Emploi d'un sténographe temporaire sans certificat de la Commission du Service Civil

Un commis temporaire aux écritures fut employé à Toronto, à tant de l'heure, du 24 mai 1926 au 31 mars 1927 et reçut sur le crédit du Ministère une somme de $957.50.

Aucun certificat n'avait été obtenu du Service Civil pour sa nomination. Je fis remarquer au Ministère que cette formalité avait été omise, mais ne reçus aucune réponse.

D'après des renseignements qui m'ont été communiqués, cet employé continue d'occuper cette situation en 1927-1928.

DÉPARTEMENT DES AFFAIRES INDIENNES

Bureau du Commissaire des Indiens de Regina

On attira l'attention du Département des Affaires Indiennes sur l'insuffisance des méthodes actuelles de comptabilité du Bureau du Commissaire des Affaires Indiennes de Regina, ne permettant pas d'établir un état compréhensif de ses affaires et de renseigner en tout temps le Commissaire et le Département.

Plusieurs recommandations furent faites qui, si elles étaient adoptées, permettraient, à mon avis, d'établir un contrôle plus satisfaisant. En m'accusant réception de ma lettre le Surintendant général adjoint m'assurait que ces recommandations seraient examinées avec le plus grand soin, mais jusqu'à ce jour, en autant qu'il m'ait été possible de m'en assurer, aucune n'a encore été mise en pratique.

Paiement de l'hypothèque de W. E. Gallienne

Un paiement de $497.00 fut fait à W. E. Gallienne pour des marchandises qu'il avait fournies en août 1919 à un Indien du nom de Jos. Crépeau. Ce compte étant dû depuis longtemps et n'ayant pas été certifié par l'agent des Indiens, je demandai des explications.

Le Département m'expliqua qu'en 1924, le Gouvernement de Québec ayant vendu à des colons des terres lui appartenant on avait été dans la nécessité de transporter dans la réserve indienne des Sept Iles, une quinzaine de maisons se trouvant sur les terrains ainsi vendus. L'une des maisons ainsi transportée était habitée par un Indien du nom de Thomas Vallant, mais appartenait à Joseph Crépeau, décédé environ deux ans avant que la vente n'ait eu lieu.

Après que la maison eut été transportée, M. Gallienne, marchand de Moisie, adressa une réclamation au Département déclarant qu'il avait une hypothèque de $497 sur la maison construite par Crépeau en garantie d'un compte impayé d'épicerie de ce montant.

Sur les conseils de son avocat le Ministère estima plus avantageux de payer l'hypothèque Gallienne.

Achat de fourrage chargé au Capital des Indiens

Le Gouverneur en son Conseil, avec le consentement de la Bande des Indiens de Fort Alexandre, autorisa un achat de fourrage s'élevant à $1,000 et devant être chargé au Capital de cette Bande.

Je fis remarquer que d'après l'article 90 de la Loi des Indiens, les dépenses en capital devaient se borner, (1) à des fins ou à des travaux de nature permanente ou ayant une valeur égale au capital; (2) à des prêts aux membres de la Bande pour aider à sa prospérité.

A moins que la dépense autorisée ne soit regardée comme un prêt, il me semble que si l'on s'en tient à la lettre de la Loi, aucune dépense pour l'alimentation du bétail ne peut être chargée au capital.

J'ai été prévenu que les objections soulevées dans ma lettre avaient été prises en considération, mais que l'on s'était trouvé en face de circonstances de force majeure, cet achat de fourrage étant indispensable pour sauver les bestiaux des Indiens et que seul le Fonds Capital était disponible pour permettre de faire face à la situation.

Il fut convenu que cette transaction n'établirait pas un précédent.

Estimation du montant des indemnités de logement et de vivres

MINISTÈRE DE L'INTÉRIEUR

Indemnité à un employé blessé en service

La Loi des accidents du travail de 1918 (chapitre 15) telle que modifiée par le chapitre 14 de la Loi de 1919 et le chapitre 37 de la Loi de 1925, prévoit le paiement d'indemnités aux employés de Sa Majesté qui ont été blessés pendant leur service. Au cours de levés géodésiques un ouvrier fut gravement blessé. Son cas fut soumis à la Commission des accidents du travail de l'Ontario qui fixa et paya l'indemnité à laquelle cet ouvrier avait droit en vertu de cette Loi. Dans la suite l'on reconnut que le montant ainsi attribué n'était pas suffisant pour payer les frais de médecin et les autres dépenses nécessaires, qu'avait été obligé de faire le plaignant. Un arrêté en Conseil autorisa le paiement de la balance de cette dépense ($759.31) pour laquelle des comptes certifiés avaient été produits.

En réponse à ma demande de renseignement, le Ministère m'expliqua que ce paiement supplémentaire à celui déjà consenti par la Commission des accidents du travail avait été nécessité par la gravité de l'accident qui avait demandé des soins médicaux spéciaux et prolongés.

La Commission des accidents du travail n'avait pas tenu compte de ces conditions spéciales en fixant l'indemnité qu'elle avait accordée et ne s'était basée que sur le taux ordinaire. La Commission ne considérait pas cette indemnité comme définitive, et ne faisait aucune objection à un paiement qu'elle avait d'abord refusé ou qu'elle n'avait pas pris en considération, si telle était l'opinion du Ministère. J'étais de plus, prévenu par le Ministère de la Justice que d'après lui des paiements additionnels étaient légaux, s'il existait des crédits parlementaires dans ce but.

Après que l'on m'eut exposé les circonstances donnant lieu à cette réclamation et que je connus l'opinion du Ministère de la Justice, je ne fis plus d'objection à ce paiement.

MINISTÈRE DE LA JUSTICE

Avances dont sont comptables les fonctionnaires des pénitenciers

On a soumis au Sous-ministre de la Justice un état des avances consenties au cours de l'année à divers fonctionnaires du service des pénitenciers pour frais de voyages et dépenses en résultant. Il ressortait de cet état que les premières avances étaient de beaucoup supérieures à ce qu'elles eussent dû être et que de de nouvelles avances avaient même encore été consenties avant que les premières n'aient été justifiées.

Le Sous-ministre de la Justice convint que les avances paraissaient exagérées, mais qu'il était difficile dans les pénitenciers de prévoir les événements pouvant se produire et le surintendant voulait avoir à sa disposition des fonds suffisants pour lui permettre d'y faire face. Le Sous-ministre m'informa qu'à l'avenir toutes les avances consenties aux fonctionnaires des pénitenciers, seraient approuvées par lui, et que dans le mois suivant le retour de chaque déplacement, il rendrait compte des sommes dépensées.

LÉGISLATION—SÉNAT ET CHAMBRE DES COMMUNES

Surpaye à l'Hon. Duff en sa qualité de vice-président de la Chambre des communes

J'attirai l'attention du Greffier de la Chambre des communes sur ce que, l'honorable Duff, ancien vice-président de la Chambre des communes, avait touché en cette qualité environ $1,193.54 de plus que la somme à laquelle il avait droit.

L'honorable Duff reçut son traitement de vice-président de la Chambre jusqu'au 31 mars 1927, bien qu'il n'occupât plus cette situation à partir du 13 décembre 1926, date où il fut remplacé par l'honorable M. Johnston qui, de son côté, fut payé sur le taux de $4,000 par an du 14 décembre au 31 mars 1927. Pendant cette période M. Duff et M. Johnston touchèrent tous deux les émoluments de vice-président.

Pour expliquer ce double paiement le Greffier de la Chambre des communes me dit que le traitement de l'honorable Duff lui avait été payé pour l'année entière conformément à une résolution adoptée le 19 mars 1927 par la Commission de régie intérieure de la Chambre des communes.

Cette résolution s'appuierait sur une opinion du Sous-ministre de la Justice. Cependant si je m'en rapporte à une lettre en date du 21 janvier 1927, adressée par ce dernier à M. Saunders, Sous-ministre des Finances, je constate que cette opinion ne se rapporte qu'aux émoluments du vice-président pour la période allant de la dissolution du Parlement à la session suivante.

Dans le budget de l'année financière 1927-28, le crédit 452 voté " pour pourvoir aux émoluments du vice-président de la Chambre des communes du 14 décembre 1926 au 31 mars 1927 inclus ", ne prévoit le paiement des émoluments de l'honorable Duff, comme vice-président de la Chambre des communes, pour aucune période après l'élection de son successeur par la Chambre.

Augmentation de salaire annulée

Un employé du personnel permanent ayant retiré un salaire plus élevé que celui auquel il avait droit en vertu de la Loi du Service Civil, je m'opposai à cette augmentation de salaire qui fut annulée.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES

Equipages des dragues du St. Laurent payés en argent

J'attirai l'attention du Ministère sur ce que les équipages des dragues du Saint-Laurent étaient payés en argent au lieu de l'être par chèques à ordre.

Depuis de nombreuses années ce dernier mode de paiement a été adopté par le Gouvernement fédéral comme étant le plus sûr et le plus satisfaisant, les chèques étant en eux mêmes une preuve de paiement sont ensuite transmis à mon bureau pour vérification.

Le Ministère m'expliqua que dans le cas des équipages des dragues du Saint-Laurent, le paiement par chèque n'était pas pratique, les dragues étant échelonnées sur le fleuve depuis Montréal jusqu'à 45 milles en aval de Québec et se trouvaient souvent très éloignées des banques.

Le payeur, qui est cautionné, voyage sur un bateau du Gouvernement, et se rend une fois par mois à chaque point où se trouvent des dragues pour payer l'équipage. Chaque membre de l'équipage signe un reçu pour le montant qu'il a touché.

Aucun changement n'a été apporté à ce mode de paiement.

Droits d'inspection des vapeurs non perçus en totalité

J'attirai l'attention dans mon rapport de 1925-26 sur un déficit qui s'était produit à Vancouver dans la perception des droits d'inspection des navires à vapeur.

D'après les règlements applicables à ces navires, les droits qui eussent dû être perçus sur les trois bateaux de passagers étaient de $1,710 au lieu du montant versé de $1,560.

Dans la suite les armateurs versèrent $50 pour l'un des navires laissant une balance impayée de $100.

Je fus avisé par le Ministère que depuis que ces trois vapeurs avaient été inspectés en 1925, des arrangements avaient été conclus pour leur délivrer des congés sur la présentation de certificats émis par le Gouvernement de Hong-Kong.

En autant que j'ai pu m'en assurer la balance de $100 n'a pas encore été perçue, le Ministère étant d'avis de ne pas donner suite à cette affaire, ces vapeurs n'ayant jamais été inspectés d'une façon régulière au Canada.

MINISTÈRE DE LA DÉFENSE NATIONALE

Paiement de salaires arriérés

Des bordereaux de paie se rapportant à des arriérés dus à certains employés furent présentés à ce bureau. Le paiement en fut contesté, le Bill des Subsides ne contenant aucun crédit pouvant y être appliqué. Ils sont encore impayés, le Parlement au cours de la dernière session n'ayant pris aucune disposition à ce sujet.

MINISTÈRE DES POSTES

Commission pour la vente d'une terre

Un paiement de $80 fut fait à Bessey et Bagley à titre de commission pour la vente d'une terre.

Le Ministère m'expliqua que pour se couvrir d'un déficit qui avait eu lieu dans la caisse d'une receveuse des postes de l'Alberta, il avait pris une hypothèque sur une terre appartenant à cette dernière, et le Ministère de la Justice avait accordé une commission de $80 aux agents ayant fait la vente.

Le produit de cette vente servit à indemniser le Ministère de la perte que lui avait fait subir l'ancienne receveuse des postes.

Paiement pour travaux d'imprimerie à une firme de Winnipeg

Une somme de $302 fut payée à la " Douglas McIntyre Printing and Binding Company ", de Winnipeg pour des listes d'acheminement qu'elle avait imprimées.

J'attirai l'attention du Ministère sur l'article de la Loi qui veut que tous les travaux d'imprimerie des différents Ministères soient faits par l'Imprimeur du Roi.

Le Ministère me répondit que s'il en avait agi ainsi c'était pour que ces listes d'acheminement concernant Winnipeg et l'Ouest lui soient livrées plus promptement, mais qu'à l'avenir il prendrait des mesures pour se conformer à la Loi.

Destruction d'anciens timbres de trois cents

Le 1er juillet 1927 le coût du port des lettres ayant été abaissé à deux cents le Ministère se trouva avoir en mains une grande quantité de timbres de trois cents devenus inutiles.

Ces timbres furent envoyés à l'Imprimerie du Gouvernement pour être réimprimés en timbres de deux cents, mais quand ils furent retournés au bureau de poste le travail était si peu satisfaisant qu'il fut nécessaire d'en détruire une grande partie. Cette destruction se fit sous la surveillance de deux fonctionnaires, l'un appartenant à mon bureau, l'autre au Ministère des Postes.

Environ 10,100 de ces timbres furent égarés ou perdus à l'Imprimerie. Le Ministère m'avisa dans la suite qu'un certain nombre en avait été retrouvé et que la Gendarmerie royale du Canada faisait une enquête sur ceux manquant encore.

Malgré ces recherches 3,565 timbres n'ont pû être retrouvés.

MINISTÈRE DES TRAVAUX PUBLICS

Extension du contrat de dragage de Malagash, N.-E.

J'attirai l'attention du Ministère sur l'extension du contrat passé avec la "Halifax Dredging Co.", pour comprendre les dragages demandés par la "Malagash Salt Products Co." couvrant une plus grande étendue que celle prévue dans le projet originel.

Je faisais remarquer que les travaux prévus par le contrat ayant été approuvés par le Gouverneur en son Conseil, toute extension du contrat devrait aussi être autorisée par un nouvel arrêté en Conseil.

Il me fut répondu que ces travaux étaient avantageux au Ministère, lui évitant le prolongement d'un quai qui eut entraîné de grosses dépenses et que d'après la clause 9 du contrat les travaux pouvaient être soit augmentés soit diminués d'un tiers sans qu'il soit nécessaire d'obtenir un arrêté en Conseil. Aucun n'a été passé depuis.

Garantie pour le pavage de la rue St. Patrick, Ottawa

D'après le contrat passé avec la " Standard Paving Co.", pour le pavage de la rue St. Patrick, en face des édifices du gouvernement, une somme égale à dix pour cent du montant du contrat devait, pendant cinq ans, être déposée à titre de garantie.

Quand fut présentée la demande pour régler la totalité du prix des travaux aux entrepreneurs je fus avisé par le Ministère que celui-ci gardait comme garantie le dépôt qui avait été fait au début des travaux.

Taxes d'eau du "Motor Building", Ottawa

Le bail de location du " Motor Building " prévoit que les taxes d'eau doivent être payées par le propriétaire. J'attirai l'attention du Ministère sur le fait que des paiements avaient eu lieu pour le volume d'eau employé, en surplus de celui prévu. Le Ministère répondit que l'atelier de photographie se trouvant dans cet immeuble, la consommation d'eau y était supérieure à la normale, et qu'il estimait qu'il n'était que juste que le Gouvernement payât au propriétaire le surplus d'eau ainsi employé. Je ne fis plus alors aucune objection.

GENDARMERIE ROYALE À CHEVAL

Virement au "Fine Fund"

J'eus occasion de mettre en doute la légalité d'un paiement de $1,150 fait au "Fine Fund" à même les crédits de subsistance de la police. Ce fonds est constitué par les amendes, etc... imposées par le Commissaire et sert à procurer des distractions, des livres, aux membres de la gendarmerie et à récompenser ceux d'entre eux ayant accompli des actions méritoires. Je fis remarquer au Ministère que ce crédit ne prévoyait pas de tels versements et au cas où le "Fine Fund" aurait besoin d'argent, il devrait lui être accordé par un vote spécial du Parlement. Le Commissaire de la police m'informa qu'en agissant ainsi il avait suivi une coutume en usage depuis longtemps dans son service, mais qu'à l'avenir s'il était nécessaire de pourvoir à un tel paiement il obtiendrait l'autorisation nécessaire du Parlement.

SECRÉTARIAT D'ÉTAT

Remboursements d'amendes imposées en vertu de la Loi sur les épizooties

Le Ministère de l'Agriculture demanda à être autorisé à rembourser des amendes imposées et perçues en vertu de la Loi sur les épizooties. Ayant demandé une copie de l'arrêté en Conseil autorisant ces remboursements, je fus avisé par le Sous-secrétaire d'Etat qu'ils étaient autorisés par le Gouverneur Général en vertu de ses prérogatives royales et qu'ils pouvaient être accordés après en avoir référé au Ministère de la Justice. Je soumis cette réponse au Ministère de la Justice et le Sous-ministre me répondit " que d'après ses instructions le Gouverneur Général est autorisé et a le pouvoir de remettre toute pénalité ou faire rembourser toute amende, ou toute somme saisie qui peuvent être versées à Sa Majesté. Rien ne semble limiter ce pouvoir et je pense que de son autorité le Gouverneur peut ordonner le remboursement d'amendes et la remise de toute pénalité imposée en vertu de Lois. Seule une Loi spéciale pourrait priver le Gouverneur de cette prérogative et je ne sache pas qu'il en existe. Il s'ensuit que le droit de grâce conféré au Gouverneur Général en vertu des prérogatives royales peut aussi bien s'appliquer à des amendes imposées en vertu de lois qu'à toutes autres pénalités".

Sur l'autorité de cette opinion j'approuvai les chèques qui avaient été émis pour les remboursements en question.

MINISTÈRE DU COMMERCE

Construction d'un séchoir à Calgary

Un nouveau séchoir ayant été ajouté à l'élévateur de l'Etat, à Calgary, j'attirai l'attention du Ministre sur ce que le coût de petits outils était porté au compte des dépenses de construction. L'ingénieur en charge de la construction répondit que c'était une coutume courante pour les travaux effectués à prix de revient, plus pourcentage, mais qu'un ajustement aurait lieu les travaux terminés. D'après les pièces justificatives qui furent soumises à ma vérification le séchoir une fois terminé, les déductions nécessaires ont été faites.

Produit de la vente du surplus de grain

Le paragraphe 4 de l'article 87 de la Loi des Grains du Canada, 1925, ordonne que: —

> (4) Entre le premier jour de juillet et le dernier jour d'août de chaque année il doit être dressé un inventaire de la qualité de chaque type de grains restant dans les élévateurs publics de tête de ligne; si en une année quelconque après l'année de récolte se terminant après le trente et unième jour d'août 1919, l'excédent total du grain accuse le quart de un pour cent du total brut du grain reçu dans l'élévateur durant l'année de la récolte, ce surplus doit être vendu annuellement par la commission des grains, et le produit de cette vente doit être versé à ladite commission. Ce produit doit être appliqué aux frais de l'administration de la Loi des Grains du Canada, de la manière que le Gouverneur en son conseil peut prescrire.

Le Ministère m'a prévenu que des encaissements s'élevant à $173,206.69 avaient été effectués et représentaient la part du Gouvernement dans les surplus de la récolte de 1925-26. Cette somme avait été déposée à la Banque Canadienne de Commerce de Fort-William et portée au crédit des Commissaires des grains en attendant les ordres du Gouverneur en son conseil pour affecter ces surplus à l'administration de la Loi des Grains du Canada conformément aux dispositions de cette Loi.

Paiements à des agents du département des Affaires Indiennes

Certains agents du département des Affaires indiennes rentrant dans la catégorie des employés dont le salaire a été fixé par la Loi du Service Civil, furent employés et payés comme énumérateurs au cours du recensement quinquennal qui eut lieu au mois de juin 1926 dans le Manitoba, la Saskatchewan et l'Alberta. J'attirai l'attention du Ministère sur ce qu'un paiement additionnel pour ce travail était contraire à la Loi du Service Civil et le statisticien du Dominion me répondit qu'à l'avenir la sanction parlementaire nécessaire serait demandée pour de semblables paiements.

Elévateur de Prince Rupert

Une somme de $14,000 fut payée à "Carter Halls Aldinger Company", entrepreneurs chargés de la construction d'un élévateur à Prince-Rupert. Cette somme représentait la différence de prix d'achat entre le ciment canadien qui fut employé pour cette construction et le ciment étranger, qui au dire de l'entrepreneur avait servi de base pour le prix de leur soumission.

Le Ministre, en vertu d'une des clauses du contrat prévoyant ce cas, donna ordre à l'entrepreneur d'employer du ciment canadien. Le Ministère établit la différence de prix entre le ciment canadien et le ciment étranger, différence qui s'éleva à $14,000 et fut payée en vertu d'un arrêté en Conseil, (C.P. 310-2017).
